Splendor Of The Church:

The Splendor of the Church Henri De Lubac, 2013-03-25 Considered by many the bright jewel among the many enriching books of Cardinal Henri de Lubac this work is a hymn to the beauty of the Church under some of whose leaders for a time he unjustly suffered *The Splendor of the Church* is in a sense a personal testimony of the great theologian's humility and love of the Church of Christ It is also a classic work in the theology of the Church Indeed de Lubac's profound insights significantly contributed to Vatican II's Dogmatic Constitution on the Church *Lumen Gentium* especially in its treatment on the Church as mystery and as the Sacrament of Christ Chapters I The Church as Mystery II The Dimensions of the Mystery III The Two Aspects of the Church IV The Heart of the Church V The Church in the World VI The Sacrament of Christ VII *Ecclesia Mater* VIII Our Temptations concerning the Church IX The Church and Our Lady

Salvation in Henri de Lubac Eugene R. Schlesinger, 2023-07-15 This study provides a compelling account of the major works of Henri de Lubac one of the most influential theologians of the twentieth century and argues that soteriology provides a lens through which their inner unity can be discerned The writings of Henri de Lubac have left an indelible mark on Catholic theology preparing the ground for giving shape to and explaining the seminal event of twentieth century Catholicism the Second Vatican Council Like the Council itself though de Lubac remains a contested figure difficult to classify *Salvation in Henri de Lubac* presents an overview of de Lubac's major works in light of his own statements that a mystical vision animated them all De Lubac's mystical theology hinges upon a vision of salvation understood as humanity's incorporation into the triune God through the cross and resurrection of the incarnate Christ From his writings on the supernatural and theological epistemology to his treatments of the spiritual interpretation of Scripture ecclesiology sacramental theology and the theology of history the mystery of the cross looms large gathering these disparate topics into one focal center while also allowing their distinct contours to remain By attending to de Lubac's work in this light Eugene R. Schlesinger brings important themes from French language scholarship into the English speaking conversation and clarifies the nature of de Lubac's *ressourcement* Schlesinger claims that unless we understand de Lubac and his work in light of his own motivations and emphases we risk

distorting his contribution reducing him to a proxy in the struggle for post conciliar Catholic self definition Mary on the Eve of the Second Vatican Council John C. Cavadini, Danielle M. Peters, 2017-05-15 The Blessed Virgin Mary is uniquely associated with Catholicism and the century preceding the Second Vatican Council was arguably the most fertile era for Catholic Marian studies In 1964 Pope John Paul VI published the Dogmatic Constitution on the Church or Lumen Gentium LG the eighth chapter of which presents the most comprehensive magisterial teaching on the Blessed Virgin Mary As part of its Marian Initiative the Institute for Church Life at the University of Notre Dame invited scholars to a conference held at Notre Dame in October 2013 to reflect the rich Marian legacy on the eve of the Second Vatican Council The essays unanimously stress that the Blessed Virgin Mary is not merely a peripheral figure in Christian faith and in the panorama of theology More than fifty years after Lumen Gentium students of theology as well as Marian devotees take their bearings from this document in order to promote the person of Mary and the study of Mariology as well as grow in authentic Marian piety This book will have great appeal to students and scholars of Catholic theology and history particularly those interested in Mariology Contributors Ann W Astell Peter Casarella John C Cavadini Lawrence S Cunningham Brian Daley S J Peter J Fritz Kevin Grove CSC Msgr Michael Heintz Matthew Levering Danielle M Peters James H Phalan CSC Johann G Roten S M Christopher Ruddy Troy Stefano and Thomas A Thompson S M *Communion Ecclesiology and Social Transformation in African Catholicism* Idara Otu, 2020-05-15 In this book Idara Otu one of the new theological voices from Africa rethinks ecclesiology in the changing context of a wounded and broken world What does the Catholic Church in Africa look like post Vatican II This book creatively illuminates the intrinsic connections between ecclesial communion and social mission in the changing face of the church in Africa The multiple levels of dialogue in African Catholicism especially in the reception and contextualization of conciliar teachings is redefining world Christianity The author explores how dialogue synodality inculturation leadership human security social issues and social transformation are shaping the identity and mission of the church in Africa This book also engages recent magisterial teachings and diverse theological voices in developing the praxis for the emergence of particular churches in Africa that are defined by the joys and sorrows of God's people The book calls for a Triple C church revitalized through Conversion Communionality and Conversation as well as fostering integral and sustainable social transformation in Africa's contested march toward modernity Poverty in the Theology of John Calvin Bonnie L. Pattison, 2006-11-01 It is the thesis of this study that in Calvin's theology poverty and affliction not splendor and glory mark and manifest the kingdom of God on earth Poverty makes the kingdom visible to the eyes and therefore recognizable as divine Poverty acts to reveal or disclose that which is spiritual or that which is of God in the Christian faith This does not mean that Calvin sees the condition of physical poverty as revelatory in and of itself Rather poverty and affliction function as agents of divine revelation They are a condition or a chosen instrument God uses to disclose to humanity the nature of true spirituality godliness and poverty of spirit How this is demonstrated in Calvin's thought depends upon the specific doctrine

under examination This study explores three particular areas in Calvin s theology where his theological understanding of spiritual poverty and physical poverty or affliction intersect his Christology his doctrine of the Christian life and his ecclesiology

Reading Scripture to Hear God Kevin Storer, 2015-04-30 Recent theological discussions between Catholics and Evangelicals have generated a renewed appreciation for God s ongoing use of Scripture for self mediation to the Church Noting the significant influence of Henri de Lubac one of the drafters of *Dei Verbum* and proponent of a renewal of the Patristic and Medieval emphasis on a spiritual sense of Scripture and Kevin Vanhoozer the leading Evangelical proponent of a theological interpretation of Scripture Kevin Storer seeks to draw Evangelical and Catholic theologians into dialogue about God s ongoing use of Scripture in the economy of redemption Storer suggests that a number of traditional tensions between Catholics and Evangelicals such as the literal or spiritual sense of Scripture a sacramental or a covenantal model of God s self mediation and an emphasis on the authority of Scripture or the authority of the Church can be eased by shifting greater focus upon God s ongoing use of creaturely realities for the building of the Church in union with Christ This project seeks to enable Evangelicals to appropriate the insights of de Lubac s Catholic Ressourcement project while also encouraging Catholic theologians to appreciate Vanhoozer s Evangelical emphasis on God s use of the literal sense of Scripture to build the Church

The Rite of Christian Initiation Peter McGrail, 2016-02-17 In the wake of recent papal legislation the various liturgies of the Roman Rite may today be celebrated in either their post Tridentine or post Vatican II forms Whilst much discussion of this new situation focuses on purely liturgical issues this book breaks new ground by arguing that the coexistence of the two forms raises questions of a profoundly ecclesiological character Peter McGrail explores the relationship between ritual form ecclesial self understanding and constructs of the world that are at play as adults become members of the Church Analysing the rites by which adults were taken into the Church for three and a half centuries this book goes on to explore attempts to find a new ritual expression for the journey to Christian Initiation set against the divergent and even conflicting ecclesiologies which were at play before and during the Council
