start working on this book is the desire to help future owners of guard dogs We decided to compile for them something like a short guide to the country which is called Training and put on the map all the roads leading there We didn t want anyone to think that our method was the only possible one No there are different methods different styles of training different techniques We describe what we ourselves use in practice but at the same time we constantly emphasize everything must be done under the supervision of a professional trainer We will consider that we have reached our goal if our book at least partly satisfies someone s curiosity helps someone understand the benefits of non violent training and understand the difficult problems that confront a person who has decided trust the dog for your own safety and security his families Guard Dog Training Rosie Jones,1988-01-01 Tells how to select a suitable dog describes useful training equipment and demonstrates basic obedience as well as guard dog training
