# Guerrilla Hostage

The dramatic story of Ray Rising's  
ordeal in the Colombian jungle

Denise Marie Sino

# The Guerrilla And The Hostage

**Gus Martin**

## **The Guerrilla And The Hostage:**

**The Guerrilla and the Hostage** John E. Olson,1994      *Guerrilla Hostage* Denise Marie Siino,1999 Ray Rising was a missionary working with an organization which translates the Bible into indigenous languages He was captured by guerrillas and held prisoner for over two years He continued to convey his Christian message to his captors He is very candid about his struggles with boredom loneliness and frustration as he was held in crude shelters in the dense jungles yet the book co written by a journalist never drags      Guerrilla Hostage Siino Denise Marie,2003      **Hostage Negotiation Manual** Edenilson Brandl, This book is an important guide for a number of professions including police officers military personnel special forces firefighters journalists and security agents It is also highly relevant for those in the fields of diplomacy law education and social work The book aims to serve as a detailed and technical resource suitable for both beginners and experienced professionals in this complex field The manual is unique in that it integrates knowledge from various disciplines including psychology engineering and pedagogy to create a holistic approach It emphasizes that crisis management is an evolving field that requires not only specific technical skills but also a solid foundation in human psychology and ethical principles The author encourages the reader to see the text as a tool for professional development a resource that bridges theoretical knowledge with practical application It highlights the importance of continuous learning and interdisciplinary collaboration to master the art of resolving critical situations and it serves as a call to action for professionals to prepare for the challenges of an interconnected world      **Transforming Occupation in the Western Zones of Germany** Camilo Erlichman,Christopher Knowles,2018-08-23 Transforming Occupation in the Western Zones of Germany provides an in depth transnational study of power politics daily life and social interactions in the Western Zones of occupied Germany during the aftermath of the Second World War Combining a history from below with a top down perspective the volume explores the origins impacts and legacies of the occupations of the western zones of Germany by the United States Britain and France examining complex yet topical issues that often arise as a consequence of war including regime change transitional justice everyday life under occupation the role of intermediaries and the multifaceted relationship between occupiers and occupied Adopting a novel set of approaches that puts questions of power social relations gender race and the environment centre stage it moves beyond existing narratives to place the occupation within a broader framework of continuity and change in post war western Europe Incorporating essays from 16 international scholars this volume provides a substantial contribution to the emerging fields of occupation studies and the comparative history of post war Europe      The Guerrilla Hunters Brian D. McKnight,Barton A. Myers,2017-04-03 Throughout the Civil War irregular warfare including the use of hit and run assaults ambushes and raiding tactics thrived in localized guerrilla fights within the Border States and the Confederate South The Guerrilla Hunters offers a comprehensive overview of the tactics motives and actors in these conflicts from the Confederate authorized Partisan Rangers a military force directed to spy on harass and steal from Union forces to men like

John Gatewood who deserted the Confederate army in favor of targeting Tennessee civilians believed to be in sympathy with the Union With a foreword by Kenneth W Noe and an afterword by Daniel E Sutherland this collection represents an impressive array of the foremost experts on guerrilla fighting in the Civil War Providing new interpretations of this long misconstrued aspect of warfare these scholars go beyond the conventional battlefield to examine the stories of irregular combatants across all theaters of the Civil War bringing geographic breadth to what is often treated as local and regional history The Guerrilla Hunters shows that instances of unorthodox combat once thought isolated and infrequent were numerous and many clashes defy easy categorization Novel methodological approaches and a staggering diversity of research and topics allow this volume to support multiple areas for debate and discovery within this growing field of Civil War scholarship

**Guerrilla Warfare** Walter R. Thomas, 1998-06 Civilian Hostages: Accounts of Reckoning in the American Civil War Pasquale De Marco, In the annals of warfare the American Civil War stands as a stark reminder of the devastating consequences of vengeance and retaliation This book delves into the grim reality of how innocent civilians became pawns in a deadly game of retribution caught in the crossfire of hatred and animosity Through meticulous research and analysis of historical accounts we unveil the chilling details of how civilians were subjected to unimaginable suffering and brutality From the notorious Andersonville Prison to the scorched earth tactics employed by General Sherman we uncover the intricate tapestry of events that led to the victimization of civilians exposing the deep rooted prejudices and fears that fueled this tragic chapter in American history The book sheds light on the motivations and justifications behind these acts of retaliation examining the role of public opinion and political pressure in fueling the cycle of violence Furthermore the book explores the legal and ethical implications of retaliatory measures examining the evolving understanding of the laws of war and the treatment of non combatants It also delves into the enduring legacy of retaliation its impact on the memory of the war and the ongoing struggle for reconciliation and healing By confronting these difficult truths we aim to foster a greater awareness of the consequences of vengeance and the importance of upholding human dignity in times of conflict This comprehensive analysis delves into the psychology of retaliation examining the factors that drive individuals and groups to seek revenge and the profound psychological toll it takes on both perpetrators and victims By drawing parallels between the American Civil War and other conflicts throughout history we illuminate the universal patterns of retaliation and its devastating impact on civilian populations This book serves as a stark reminder of the horrors that can be unleashed when vengeance and retribution are allowed to fester It is a call to action urging us to confront the dark chapters of our past in order to prevent such atrocities from occurring again If you like this book write a review

Terror and Modernity Donatella Di Cesare, 2019-06-10 We are inclined to see terrorist attacks as an aberration a violent incursion into our lives that bears no intrinsic relation to the fundamental features of modern societies But does this view misconstrue the relationship between terror and modernity In this book philosopher Donatella Di Cesare takes a historical approach and argues that terror is not a

new phenomenon but rather one that has always been a key part of modernity At its most basic level terrorism is about the struggle for power and sovereignty The growing concentration of power in the hands of the state which is a constitutive feature of modern societies sows the seeds of terrorism which is deployed as a weapon by those who are exposed to the violence of the state and feel that they have no other recourse As Di Cesare illustrates her argument with examples ranging from the Red Brigades and 9 11 to jihadism and ISIS her sophisticated analysis will appeal to anyone who wishes to understand contemporary terrorism more deeply as well as to students and scholars of philosophy and political theory

The Calculus of Violence Aaron Sheehan-Dean, 2018-11-05 Discarding tidy abstractions about the conduct of war Aaron Sheehan Dean shows that the notoriously bloody US Civil War could have been much worse Despite agonizing debates over Just War and careful differentiation among victims Americans could not avoid living with the contradictions inherent in a conflict that was both violent and restrained Hijacking and Hostages J. Paul D. Taillon, 2002-06-30 Terrorism and its manifestations continue to evolve becoming deadlier and more menacing This study considers the evolution of terrorism since 1968 and how airlines and governments have attempted to deal with this form of violence through a series of nonforce strategies Using historical examples we see how governments particularly the United States attempted to counter politically motivated aerial hijacking with metal detectors legal means and finally in frustration counterviolence operations to subdue terrorists As nations witnessed aerial hijacking and sieges the requirement for paramilitary and military counterterrorist forces became a necessity Through use of examples from Israel Entebbe 1976 West Germany Mogadishu 1977 and Egypt Malta 1985 Taillon concludes that cooperation ranging from shared intelligence to forward base access and observers can provide significant advantages in dealing with low intensity operations He hopes to highlight those key aspects of cooperation at an international level which have at least in part been vital to successful counterterrorist operations in the past and as we witnessed again in the campaign in Afghanistan are destined to remain so in the future **The Social**

**Construction of Kidnapping** Camilo Tamayo Gomez, 2025-08-15 Moving beyond simplistic and sensationalist portrayals of kidnapping this book offers a critical and interdisciplinary analysis that examines kidnapping as a social historical cultural and political phenomenon Kidnapping is a profound violation of human rights that reshapes societies disrupts governance and inflicts lasting trauma on individuals and communities In Colombia kidnapping became an endemic feature of the armed conflict leaving tens of thousands of families in a perpetual state of uncertainty and fear Through an innovative blend of criminology sociology transitional justice surveillance studies and collective memory epistemologies this book unpacks kidnapping as a crime of immobility a strategy of war and a serious human rights violation Drawing on fifteen years of research including statistical analysis archival work and interviews with former hostages ex combatants and policymakers it reveals how kidnapping shaped Colombia's conflict and its ongoing efforts toward justice truth and reconciliation By exploring its patterns motivations and legacies this book not only sheds light on Colombia's experience but also contributes

to global discussions on transitional justice collective memory and the strategies societies adopt to confront mass victimisation The Social Construction of Kidnapping is essential reading for scholars and students of criminology transitional justice human rights political violence and Latin American studies as well as policymakers human rights advocates and anyone seeking a deeper understanding of how societies confront legacies of mass victimisation and forge paths toward accountability and healing

**The Art and Science of Military Deception** Hy Rothstein, Barton Whaley, 2013-09-01 It is said that deception among people in a civilized society is something to be loathed even though it seems to be part of human nature but deception in war is a virtue Properly designed and executed stratagems reduce the horrific costs of war This book is a comprehensive collection of classic articles on deception hand picked and expertly introduced by well known experts on military deception The purpose of this book is to set in motion a renaissance for using deception as an instrument of statecraft The various sections are designed to cumulatively provide sufficient breadth and depth on the subject to satisfy both the novice as well as the expert Packed with expert commentary interesting background information and original readings this book provides the reader with sufficient knowledge to pursue General Eisenhower's vision for the proper role of deception in support of the national interest

**Terroristic Activity: Hostage defense measures** United States. Congress. Senate. Committee on the Judiciary. Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws, 1975

The Politics of Collective Violence Charles Tilly, 2003-03-17 Sample Text

**The SAGE Encyclopedia of Terrorism, Second Edition** Gus Martin, 2011-06-15 This thoroughly updated edition with expanded coverage explores the impact of terrorism on economics public health religion and pop culture and also includes details of ethical issues and debates relating to terrorism

**Hearings, Reports and Prints of the House Committee on Internal Security** United States. Congress. House. Committee on Internal Security, 1974

**Terrorism, Hearings Before ..., 93-2 ...** United States. Congress. House Internal Security, 1974

Civilians in War International Peace Academy, 2001 While recognizing the changing face of war casualties the civilian casualty rate has escalated from five percent in World War I to up to 90 percent in recent conflicts the 1949 Geneva Convention on the Protection of Civilians has not been able to reverse that trend In this project of the International Peace Academy with which the editor is affiliated a dozen essays endeavor to expand the tools available to protect civilians in times of war They address the themes of the evolving norms of international humanitarian law inducing compliance enforcing compliance and reevaluating protection by reviewing traditional assumptions and new needs to deal at the local level with unconventional belligerents like guerillas c Book News Inc

## Unveiling the Energy of Verbal Beauty: An Mental Sojourn through **The Guerrilla And The Hostage**

In a world inundated with monitors and the cacophony of immediate interaction, the profound power and mental resonance of verbal art often fade into obscurity, eclipsed by the constant barrage of noise and distractions. However, located within the lyrical pages of **The Guerrilla And The Hostage**, a interesting work of literary elegance that pulses with organic emotions, lies an memorable trip waiting to be embarked upon. Published with a virtuoso wordsmith, that magical opus courses visitors on an emotional odyssey, delicately exposing the latent possible and profound influence stuck within the complicated web of language. Within the heart-wrenching expanse of this evocative analysis, we shall embark upon an introspective exploration of the book is central styles, dissect their charming writing type, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
