Johnny Bear, and Other Stories from Lives of the Hunted Ernest Thompson Seton, 2018-08-29 This vintage book contains three classic short stories by famous naturalist and author Ernest Thompson Seton. The stories include *Tito*, *The Story Of The Coyote That Learned How Johnny Bear* and *Why The Chickadee Goes Crazy Once A Year*. This fantastic collection of nature related stories is ideal for children with a love of animals and the Great Outdoors and it would make for a worthy addition to any bookshelf. Not to be missed by those who have read and enjoyed other works by this seminal American writer Ernest Thompson Seton. 1860-1946 was an English born Canadian author and wildlife artist who founded the Woodcraft Indians in 1902. He was also among the founding members of the Boy Scouts of America established in 1910. He wrote profusely on this subject, the most notable of his scouting literature including *The Birch Bark Roll* and the *Boy Scout Handbook*. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this book now in an affordable modern high quality edition complete with a specially commissioned new biography of the author.

Patter-Paws the Fox and Other Stories Brien Masters, 1992 From *Patter Paws the Fox* and *Sharp Claws the Lobster* to *Lusty Lion* and *Trusty Mouse*, young children will find the animated animal characters in these stories enjoyable and inspiring. Along with lively detailed and expressive illustrations by Brian Gold, the narrative will stimulate the imagination of young children and encourage them to read. Created especially for early readers, the author has taken great care in crafting the structure and style of the stories. The language, letter patterns, progressions of word structures and sound sequences have all been shaped to build children's confidence, gradually leading to more disciplined work later in the book. In addition to grading the stories according to these principles, the stories involve repetition, rhyming devices and the use of common words that form the foundation of sight vocabulary. The visual element has also been considered in the layout with large typeface and small paragraphs which become more condensed as reading ability becomes stronger. Ages 6-9

The Faery Tales of Weir Anna McClure Sholl, 2019-12-19 In *The Faery Tales of Weir*, Anna McClure Sholl intricately weaves a tapestry of enchanting tales that delve into the ethereal realm of faeries, revealing both the whimsical and dark facets of this mythical world. Through a lyrical and evocative prose style, Sholl draws on the rich tradition of folklore while infusing contemporary themes of nature identity and the complexities of human emotions. Each story unfolds like a delicate petal, illuminating the intersection between the mundane and the extraordinary while clearly situating itself within the early 20th century American literary context, reflecting societal shifts and the resurgence of interest in nature spirituality during that era. Sholl, a notable figure of her time, was deeply influenced by her surroundings, including the natural landscapes of her youth and her academic pursuits in literature and folklore studies. Her passion for mythology is evident in her meticulous detailing of faery life, captivating readers with narratives that explore the fragility of existence and

the allure of the unknown Sholl's own experiences as a woman navigating a rapidly changing world provide a profound backdrop to the emotional depth of her storytelling Readers seeking a blend of nostalgia and innovation in fantasy literature will find *The Faery Tales of Weir* a captivating exploration of enchantment This collection not only pays homage to the age-old tradition of faery tales but also reinvents it inviting a modern audience to ponder the timeless questions of life love and the unseen forces that shape our destinies
