**The Red Book** C. G. Jung, 2013-10-21 A portable edition of the famous Red Book text and essay The Red Book published to wide acclaim in 2009 contains the nucleus of C G Jung s later works It was here that he developed his principal theories of the archetypes the collective unconscious and the process of individuation that would transform psychotherapy from treatment of the sick into a means for the higher development of the personality As Sara Corbett wrote in the New York Times The creation of one of modern history s true visionaries The Red Book is a singular work outside of categorization As an inquiry into what it means to be human it transcends the history of psychoanalysis and underscores Jung s place among revolutionary thinkers like Marx Orwell and of course Freud The Red Book A Reader s Edition features Sonu Shamdasani s introductory essay and the full translation of Jung s vital work in one volume *The Black Books* C. G. Jung, 2020-10-13 Until now the single most important unpublished work by C G Jung The Black Books In 1913 C G Jung started a unique self experiment that he called his confrontation with the unconscious an engagement with his fantasies in a waking state which he charted in a series of notebooks referred to as The Black Books These intimate writings shed light on the further elaboration of Jung s personal cosmology and his attempts to embody insights from his self investigation into his life and personal relationships The Red Book drew on material recorded from 1913 to 1916 but Jung actively kept the notebooks for many more decades Presented in a magnificent seven volume boxed collection featuring a revelatory essay by noted Jung scholar Sonu Shamdasani illuminated by a selection of Jung s vibrant visual works and both translated and facsimile versions of each notebook The Black Books offer a unique portal into Jung s mind and the origins of analytical psychology

**The Lucid View** Aeolus Kephas,2011-03-09 The first acceptance of paranoid awareness is that nothing is as it seems This is the key to understanding the conspiracy of nature the matrix that constitutes the foundation of paranoid awareness and the forerunner to the lucid view Paranoid awareness asks the question Supposing the Truth happens to more or less coincide with what has been hitherto designated as impossible Supposing what we call Reason has been a plot to systematically cut off all phenomena and thoughts that refuse to submit to its own arbitrary model of reality Supposing ninety five percent of what is really going on in the world has been suppressed and damned in order to maintain the current illusion of Consensus Reality Supposing in a word that REALITY IS ELSEWHERE This is the premise of The Lucid View Consensus Reality is the ultimate secret society It is so secret that even its members are unaware of its existence Consensus Reality is a conspiracy to uphold the world It is the means by which we communicate and agree upon the way things are and the way they must be So far as it is a functioning model such a Consensus is valid Insofar as it is not a functioning model and is as in our present case on the verge of total breakdown then such a Consensus is by definition invalid At this point it therefore becomes the right and responsibility of every thinking member of society to cancel his membership and to option a new higher or broader concept of reality This is The Lucid View The Lucid View Investigations in Eschatology and Paranoid
