Watson**

## **The Hunting Peoples:**

*The Hunting Peoples* Carleton Stevens Coon, Aldren Auld Watson, 1971  
Coon, 1974      *The hunting peoples : maps and drawings* Carleton S. Coon,  
**drawings by Aldren A. Watson** Carleton Stevens Coon, 1971      **The hunting peoples ... Maps and drawings** Carleton Stevens Coon, 1971      The Peoples of Northeast Asia through Time Richard Zgusta, 2015-06-29

The focus of Richard Zgusta's *The Peoples of Northeast Asia through Time* is the formation of indigenous and cultural groups of coastal northeast Asia including the Ainu, the Paleoasiatic peoples, and the Asiatic Eskimo. Most chapters begin with a summary of each culture at the beginning of the colonial era, which is followed by an interdisciplinary reconstruction of prehistoric cultures that have direct ancestor-descendant relationships with the modern ones. An additional chapter presents a comparative discussion of the ethnographic data, including subsistence patterns, material culture, social organization, and religious beliefs from a diachronic viewpoint. Each chapter includes maps and extensive references.

A History of the Original Peoples of Northern Canada Keith J. Crowe, 1991

For more than fifteen years, Keith Crowe's *A History of the Original Peoples of Northern Canada* has informed a multitude of residents in and visitors to the Canadian North and has served as a standard text. Now in a new epilogue, Crowe describes and analyses the changes in the North which have come about since the book's first publication. The success of this book over the years is due in large part to Crowe's approach. While the majority of works on Canadian history are essentially European in perspective, Crowe has endeavoured to interpret the history of the original peoples of northern Canada from a native standpoint. He has attempted to provide a work that native Canadians can use to learn the broad outlines of their cultural and historical development as well as details about their people, places, and events, while giving non-native people a more accurate version of northern Canadian history and ethnology. Crowe begins with the emergence in prehistoric times of the three great groups of hunting people: the Algonkian, Athapaskan, and Inuit, describing their contribution to the cultural heritage of native peoples today. He devotes particular attention to the various native tribes and some of their outstanding leaders; to the fur trade, its effects, and the emergence of the Métis people; to the devastating consequences of trading and whaling for the Arctic and the Inuit who lived there; to the Yukon Indians and the Gold Rush; to the coming of Christianity and to the impact of governmental and economic encroachment on the North and the native peoples' response to this moving into the boardroom and elected office. In his new epilogue, Crowe surveys the major land claims since 1974, some settled, most still under negotiation, and some like the James Bay hydroelectric project being challenged. Crowe also explains the complexities of the land claims process and points out the irony inherent in native peoples having to help create numerous foreign laws and institutions in order to protect an essentially simple way of life. He describes the native peoples' movement into and up the ranks of government at all levels and emphasizes the important role played by regional and national native associations such as the Assembly of First Nations. He outlines the changes and developments in education in the North and provides a detailed assessment of the still very difficult economic situation.

stressing the native peoples concern that economic development in the North not be divorced from environmental considerations Keith J Crowe who served for many years in the Department of Indian and Northern Affairs is now retired but remains privately active in northern and native issues      *The Dakota Peoples* Jessica Dawn Palmer,2010-03-22 The Dakota people alternatively referred to as Sioux Native Americans or Oceti Sakowin The People of the Seven Council Fires have a storied history that extends to a time well before the arrival of European settlers This work offers a comprehensive history of the Dakota people and is largely based on eyewitness accounts from the Dakota themselves including legends traditions and winter counts Included are detailed analyses of the various divisions tribes and bands of the Dakota people including the Lakota and Nakota tribes Topics explored include the Dakotas early government the role of women within the Dakota tribes the rituals and rites of the Dakota people and the influence of the white man in destroying Dakotan culture      *The Apache Peoples* Jessica Dawn Palmer,2013-07-30 This book presents a comprehensive history of the seven Apache tribes tracing them from their genetic origins in Asia and their migration through the continent to the Southwest The work covers their social history verbal traditions and mores The final section delineates the recorded history starting with the Spanish expedition of 1541 through the Civil War      *The Culture of Hunting in Canada* Jean L. Manore,Dale Miner,2011-11-01 The Culture of Hunting in Canada is about a pivotal but little studied aspect of Canadian history culture and society It covers elements of the history of hunting from the pre colonial period until the present in all parts of Canada featuring essays by practitioners and scholars of hunting and by pro and anti hunting lobbyists The result crosses the boundaries between scholarship and personal reflection and between academia and advocacy The essays collected here address important historical and contemporary issues regarding the culture and practice of hunting Topics include hunting identities conservation and its relationship to hunting tensions between hunters and non hunters and between Aboriginal and non Aboriginal hunting groups hunting ethics debates over hunting practices and regulations animal rights and gun control The discussion involves consideration of the social political and economic context as well as class and racial tensions between sport hunters and subsistence hunters The Culture of Hunting in Canada makes an unprecedented contribution to the study of hunting in Canada and its role in our culture It will appeal to sociologists anthropologists and historians of hunting culture wildlife biologists natural resource managers and environmentalists and not least hunters and anyone interested in the culture of hunting      *The Hunting Apes* Craig B. Stanford,2001-02-25 Stanford examines great ape behavior and hunter gatherer societies to support his hypothesis that the hunting eating and sharing of meat drove human evolution      **Peoples on the Move** David J. Phillips,2001 This is the most comprehensive source of information on all the nomadic peoples of the world Maps help you to locate these nomadic people groups many of them unevangelized black and white photographs enable you to visualize them and people profiles and bibliographic data facilitate research Back cover      *Native Peoples of the Americas* Encyclopaedia Britannica, Inc.,2010-03-01 Rich with photos maps and sidebars Native Peoples of the Americas

covers native peoples from the past and present Readers will learn about early civilizations languages religions arts and cultures of the indigenous peoples of the United States Canada and Middle and South America     **A People's History of the World** Chris Harman, 2017-05-02 Building on A People's History of the United States this radical world history captures the broad sweep of human history from the perspective of struggling classes An indispensable volume on class and capitalism throughout the ages for readers reckoning with the history they were taught and history as it truly was Howard Zinn From the earliest human societies to the Holy Roman Empire from the Middle Ages to the Enlightenment from the Industrial Revolution to the end of the twentieth century Chris Harman provides a brilliant and comprehensive history of the human race Eschewing the standard accounts of Great Men of dates and kings Harman offers a groundbreaking counter history a breathtaking sweep across the centuries in the tradition of history from below In a fiery narrative he shows how ordinary men and women were involved in creating and changing society and how conflict between classes was often at the core of these developments While many scholars see the victory of capitalism as now safely secured Harman explains the rise and fall of societies and civilizations throughout the ages and demonstrates that history moves ever onward in every age A vital corrective to traditional history A People's History of the World is essential reading for anyone interested in how society has changed and developed and the possibilities for further radical progress     The Oxford Handbook of the Archaeology and Anthropology of Hunter-gatherers Vicki Cummings, Peter Jordan, Marek Zvelebil, 2014 This book provides a comprehensive review of hunter gatherer studies undertaking detailed regional and thematic case studies that span the archaeology history and anthropology of hunter gatherers concluding with an in depth review of the main opportunities research questions and moral obligations that lie ahead     *The Columbia Guide to American Indians of the Great Plains* Loretta Fowler, 2003-07-02 Plains Indians have long occupied a special place in the American imagination Both the historical reality of such evocative figures and events as Crazy Horse Sitting Bull Sacajewea and the Battle of Little Bighorn and the lived reality of Native Americans today are often confused and conflated with popular representations of Indians in movies paintings novels and on television Ingrained stereotypes and cultural misconceptions born of late nineteenth and early twentieth century images of the romantic nomad and the marauding savage have been surprisingly tenacious obscuring the extraordinary cultural and linguistic diversity of the dozens of tribes and nations who have peopled the Great Plains Here in one volume is an indispensable guide to the extensive ethnohistorical research that in recent decades has recovered the varied and often unexpected history of Comanche Cheyenne Osage and Sioux Indians to name only a few of the tribal groups included From the earliest archaeological evidence to the current experience of Indians living on and off reservations a wealth of information is presented in a clear and accessible way The history of the Plains Indians has been a dynamic one of continuous change and adaptation as groups split and recombined to form new social orders and cultural traditions Contact with Europeans and the introduction of trade in horses slaves furs and guns dramatically altered native societies internally and

influenced relations between different groups In the face of pressures resulting from America s westward expansion throughout the nineteenth and twentieth centuries the extinction of the bison the imposition of reservation life and the assimilationist policies of the U S federal government the native peoples of the Great Plains have struggled to preserve their distinct cultures and reorient themselves to a new world on their own terms The Columbia Guide to American Indians of the Great Plains is divided into four parts Part I presents an overview of the cultures and histories of Plains Indian people and surveys the key scholarly questions and debates that shape this field Part II serves as an encyclopedia alphabetically listing important individuals and places of significant cultural or historic meaning Part III is a chronology of the major events in the history of American Indians in the Plains The expertly selected resources guide in Part IV includes annotated bibliographies museum and tribal Internet sites and films that can be easily accessed by those wishing to learn more The third in a six volume reference series The Columbia Guides to American Indian History and Culture The Columbia Guide to American Indians of the Great Plains is an invaluable resource for students teachers and researchers

**The Light Gray People**  
Nancy McGown Minor, 2009-10-05 Although Lipan Apache culture was studied by one of the most eminent anthropologists of the twentieth century many important questions remain What is the meaning of the tribal name Lipan Did Morris Opler s 1935 study of historical Lipan culture conform to practices seen by eighteenth century Spaniards Only four in situ observations of Lipan Apache culture survive observations made by a Spanish priest a Spanish military officer a Swiss botanist and an Anglo captive Each source reveals fascinating insights into a hitherto unseen world of Lipan beliefs and practices The sources reported for example that the Lipans were able to predict both solar and lunar eclipses a practice which went far beyond the vision quest posited by Opler The Light Gray People seeks to complete a comparative analysis of traditional Lipan Apache culture as seen through the eyes of four eighteenth and nineteenth century observers and Morris Opler s theories

*The Forest People without a Forest* Glory M. Lueong, 2016-12-01 Development interventions often generate contradictions around questions of who benefits from development and which communities are targeted for intervention This book examines how the Baka who live in Eastern Cameroon assert forms of belonging in order to participate in development interventions and how community life is shaped and reshaped through these interventions Often referred to as forest people the Baka have witnessed many recent development interventions that include competing and contradictory policies such as civilize assimilate and integrate the Baka into full citizenship conserve the forest and wildlife resources and preserve indigenous cultures at the verge of extinction

**Country Life** , 1908 *Cross-Cultural Perspectives on Personhood and the Life Course* Cathrine Degnen, 2018-04-24 Exploring notions of the person through a wide range of anthropological literature Cathrine Degnen analyses how personhood is built affirmed and maintained during various life stages and via multiple cultural forms and practices In discussing the life course she investigates personhood as a concept at the beginning of life throughout life as lived at the edges of being and ultimately at life s end Cross Cultural

Perspectives on Personhood and the Life Course moves beyond the human person in isolation to consider how personhood is fashioned with regard to place and how non humans can also be recognised as persons Through multiple ethnographic accounts Degnen shows that personhood emerges as a relational and processual entity brought into being via reciprocal fields of social relations

**The Native Peoples of North America** Bruce Elliott Johansen, 2006 Covering Central America the United States and Canada this book not only provides an introduction to the history of North American Indians but also offers a description of the material and intellectual ways that Native American cultures have influenced the life and institutions of people across the globe
