**Hurricane** Nelson Simon, 2021-10-26 *Soul of the Hurricane* is a remarkable debut from a singular storyteller, David Isay, Peabody Award-winning creator of StoryCorps. Nelson Simon didn't want to sign up as a last-minute crew member to transport a Norwegian schooner from Brooklyn to Bermuda. But one thing led to another, and there he was. He told himself that it would be a sort of pleasure cruise: a week in the Gulf Stream with a gourmet chef on board, some down time on a tropical island, then a quick flight home. What did it matter that he had practically no sailing experience? The eight other crew members had plenty; they just needed an extra pair of hands. What could possibly go wrong? It was October 1991, and the ship was *Anne Kristine*, the oldest continuously sailing vessel in the world. What awaited them was Hurricane Grace, the southern end of what came to be known as the Perfect Storm. *Soul of the Hurricane* tells an unlikely tale that begins with an unexpected invitation and ends in the dead of night somewhere far from home, with a Coast Guard helicopter above and a dark, angry sea below. **Hurricanes of the North Atlantic** James B. Elsner, A. Birol Kara, 1999-06-10

Called the greatest storms on the planet, hurricanes of the North Atlantic Ocean often cause tremendous social and economic upheaval in the United States, Mexico, and the Caribbean. And with the increasing development of coastal areas, the impact of these storms will likely increase. This book provides a comprehensive analysis of North Atlantic hurricanes and what they mean to society. It is intended as an intermediary between hurricane climate research and the users of hurricane information. Topics include the climatology of tropical cyclones in general and those of the North Atlantic in particular; the major North Atlantic hurricanes focusing on U.S. landfalling storms; the prediction models used in forecasting; and societal vulnerability to hurricanes, including ideas for modeling the relationship between climatological data and analysis in the social and economic sciences. **Environmental Impact Statement (EIS) for the Hurricane Amelioration Research Project** SRI
