The Ice House:

The Ice House Monica Sherwood, 2021 As a worldwide extreme freeze continues Louisa's family neighbors friendships and schoolwork are all affected leading her to build a house of ice in the yard to escape **The Ice House** Ice House (Pasadena, Calif.), 1969 Drink menu from The Ice House which operated as a folk music club in Pasadena at 24 North Mentor Avenue and in Glendale at 234 South Brand Boulevard between 1960 and 1978 In 1978 the original owners were bought out by a trio of investors led by Bob Fisher who changed the format of the club to stand up comedy This menu probably from the 1960s included the usual categories of drinks beer hard cider wine sake and specialty cocktails like the Candy Apple and the Jordan River for 75 cents each *The Ice House* Thomas Gustafson, 2018-11-29 The Larson icehouse had stood abandoned on the south shore of Black Wolf Lake for the past eighty years During that time the building had a rather checkered some might say sordid past And now in the spring of 1980 evil had apparently taken up residence Jessica Wiggins Stewart Gregory and Caleb Anders eighth graders at Immanuel Lutheran School in Longville Minnesota were enjoying their last spring break before starting high school in the fall Jess had a faith statement to prepare for church Stewart had a project to complete for the science fair and Caleb well Caleb was bored But Caleb was never bored for long Some strange men had occupied the icehouse Caleb's curiosity was an itch that needed scratching Over the next five days with Jess and Stewart's help he would determine who these men were and why their mission was so secretive In the process he would put himself in grave danger There are singular moments in our lives when our actions can truly make a difference In the spring of 1980 the activities at the Larson icehouse would provide one of these moments in Caleb's short life **The Ice House** Monica Sherwood, 2021-11-16 With shades of *When You Reach Me* *The Thing About Jellyfish* and *Bridge to Terabithia* and a big timely climate hook at its core here is a heartfelt middle grade debut about the inevitability of change that will resonate profoundly during these extraordinary times Spring has arrived and yet an unyielding winter freeze has left Louisa snowed into her apartment building for months with parents coping with extreme stress a little brother struggling with cabin fever and awkwardly her neighbor and former close friend Luke The new realities of this climate disaster have not only affected Louisa's family but when Luke's dad has an ice related accident and it's unclear if he'll recover both families lives are turned upside down Desperate to find an escape from the grief plaguing their homes Louisa and Luke build a massive snow fort in their yard But their creation opens up an otherworldly window to what could lie ahead and sets them on a mission to restore the universe to its rightful order so the ice will melt and life will return to normal With a deft combination of heartfelt prose and a touch of magic Monica Sherwood's affecting debut novel is a relatable story of families grappling with and emerging from a different kind of quarantine *The Ice House* Minette Walters, 1993-09-15 With this stunning debut a marvelous marriage of classic convention and contemporary sophistication Minette Walters sets a new standard of excellence for the mystery novel The three women living in seclusion at an elegant Hampshire country house have long been fodder for village
