Making Good the Claim Rufus Burrow Jr.,2016-02-16 The Church of God Reformation Movement founded in 1881 has the distinction of having been founded on the two core principles of holiness and visible unity Standard histories of the group proudly argue that the founder and pioneers exhibited a zeal for interracial unity that began to wane only in the early years of the twentieth century This book rejects that claim and argues instead that little to no extant hard evidence supports that view Moreover Making Good the Claim argues that while blacks eagerly joined the group they did so not because whites expended much energy evangelizing among them but because they heard something deeper in the message of holiness and visible unity than God's expectation that members achieve spiritual and church unity Unlike most whites blacks interpreted the message to call for unity along racial lines as well This book challenges members of the Church of God to begin forthwith to make good their historic claim about holiness and visible unity particularly as it applies to interracial unity

Pentecostal Theology Wolfgang Vondey,2017-07-13 Winner of the Pneuma Book Award 2018 from The Society for Pentecostal Studies Pentecostalism is the most rapidly growing branch of Christianity since the 20th century yet it does not lend itself well to a singular doctrine and there is therefore no single comprehensive account of Pentecostal theology worldwide In this volume Wolfgang Vondey suggests an account of Pentecostal theology that is genuine to Pentecostals worldwide while allowing for different adaptation and explication among the various Pentecostal groups He argues that Pentecostal theology is fundamentally concerned with the renewal of the Christian life identified by the transforming work of the Holy Spirit and directed toward the kingdom of God The book unfolds in two main parts illustrating the full gospel story and theology Eleven chapters identify the spiritual underpinnings and motivations for Pentecostal theology formulate a Pentecostal theology of action translate apply and exemplify Pentecostal practices and experiences and integrate Pentecostal theology in the wider Christian tradition

Shiver, 2015-12-04 This is the first extensive examination of the life of Ken Sumrall and his firm belief in the modern-day apostolic restoration movement. It presents Sumrall's journey from his Baptist beginnings through his experience of the baptism of the Holy Spirit through his learning struggles with Liberty Fellowship of Churches and Ministers and into his birthing of Church Foundational Network. It represents Sumrall in his own light while dealing with his paradigm changes concerning church government, the heart of which revolved around the restoration of modern-day apostles. Godly government was grounded in godly relationships with one's apostle whom Sumrall understood as a spiritual father. For Sumrall, the best biblical government for the New Testament church today is a theocracy. Instead of a centralized hierarchical church government, Sumrall advanced a decentralized network of churches connected relationally. This volume contains the major influences upon Sumrall's thinking and the progress of his comprehension of the life of the church as family. Moreover, it engages some of the apprehensions that have surfaced over the present-day apostolic movement and provides insights of the direction and survivability of the movement.

Daughters of the Church Ruth A. Tucker, Walter L. Liefeld, 2010-08-10 Rich in historical events and colorfully written, this fascinating account of women in the church spans nearly two thousand years of church history. It tells of events and aspirations, determination and disappointment, patience and achievement that mark the history of daughters of the church from the time of Jesus to the present. The authors have endeavored to present an objective story. The very fact that readers may find themselves surprised now and again by the prominent role of women in certain events and movements proves an inequality that historical narrative has often been guilty of. This is a book about women. It is a setting straight off the record, a restoring of balance to history that has repeatedly played down the significance of the contributions of women to the theology, the witness, the movements, and the growth of the church. An exegetical study of relevant Scripture passages offers stimulating thought for discussion and for serious reevaluation of historical givens. This volume is enriched by pictures, appendixes, bibliography, and indexes. Like many of the women whose stories it tells, this book has a subdued strength that should not be underestimated.

Divine Healing: The Years of Expansion, 1906-1930 James Robinson, 2014-05-07 In the present volume, James Robinson completes his trilogy which deals with the history of divine healing in the period 1906-1930. The first volume is a study of the years 1830-1890 and was hailed as a standard reference for years to come. The second book covers the years 1890-1906 and was acclaimed as a monumental achievement that combines careful historical scholarship and a high degree of accessibility. This volume completes the study up to the early 1930s and like the other two works has a transatlantic frame of reference. Though the book gives prominence to the theology and

practice of divine healing in early Pentecostalism it also discusses two other models of healing the therapeutic and sacramental promoted within sections of British and American Anglicanism Some otherwise rigorous Fundamentalists were also prepared to practice divine healing The text contributes more widely to medical and sociocultural histories exemplified in the rise of psychotherapy and the cultural shift referred to as the Jazz Age of the 1920s The book concludes by discussing the major role that divine healing plays in the present rapid growth of global Christianity

Transforming Masculinities in African Christianity Adriaan van Klinken, 2016-02-17 Studies of gender in African Christianity have usually focused on women This book draws attention to men and constructions of masculinity particularly important in light of the HIV epidemic which has given rise to a critical investigation of dominant forms of masculinity These are often associated with the spread of HIV gender based violence and oppression of women Against this background Christian theologians and local churches in Africa seek to change men and transform masculinities Exploring the complexity and ambiguity of religious gender discourses in contemporary African contexts this book critically examines the ways in which some progressive African theologians and a Catholic parish and a Pentecostal church in Zambia work on a transformation of masculinities

Jesus Loves Japan Suma Ikeuchi, 2023-05-25 A study of ethnic Japanese Brazilian Pentecostal Christians living in Japan After the introduction of the long term resident visa the mass migration of Nikkeis Japanese Brazilians has led to roughly 190 000 Brazilian nationals living in Japan While the ancestry based visa confers Nikkeis right to settlement virtually as a right of blood their ethnic ambiguity and working class profile often prevent them from feeling at home in their supposed ethnic homeland In response many have converted to Pentecostalism reflecting the explosive trend across Latin America since the 1970s Jesus Loves Japan offers a rare window into lives at the crossroads of return migration and global Pentecostalism Suma Ikeuchi argues that charismatic Christianity appeals to Nikkei migrants as a third culture one that transcends ethno national boundaries and offers a way out of a reality marked by stagnant national indifference Jesus Loves

Japan insightfully describes the political process of homecoming through the lens of religion and the ubiquitous figure of the migrant as the pilgrim of a transnational future Praise for *Jesus Loves Japan* Transnational migrants find spiritual sustenance in Suma Ikeuchi's careful sensitive ethnography In showing how Pentecostalism grants meaning to a bleak existence Ikeuchi opens new vistas in our understanding of Japanese Brazilians residing in Japan She offers fresh insights to all interested in identity puzzles self making religious conversion and global movement Daniel T Linger Professor Emeritus of Anthropology University of California Santa Cruz Suma Ikeuchi's nuanced fieldwork among Japanese Brazilians Nikkei employed in Japan exposes the flawed hemato logic of government and corporate officials who believed that ancestry blood alone would make Nikkei more assimilable than other foreign guest workers This book demonstrates the primacy of culture over blood as a cipher for ethnicity Jennifer Robertson author of *Robo Sapiens* *Japanicus* *Robots* *Gender* *Family* and *the Japanese Nation* 2018 This is a remarkable book about a remarkable situation Through wonderfully vivid ethnography Ikeuchi documents the lives of Brazilian Pentecostal converts in Japan as they negotiate identities as migrants homecomers pilgrims and believers In the process the book becomes an anthropological meditation on time belonging sincerity and the multiple meanings of making connections through blood Simon Coleman Chancellor Jackman Professor University of Toronto
