The Identity of the New Testament Text Wilbur N. Pickering, 1977 *Identity of the New Testament Text III* Wilbur N. Pickering, 2012-04-16 *The Identity Of The New Testament Text VI* Wilbur N. Pickering, ThM PhD, 2024-06-16 Because this book will be read by people representing a broad spectrum of interest and background I will begin with a brief review of the textual problem That there is a problem concerning the identity of the Greek text of the New Testament is made clear by the existence of a number of competing editions in print By competing I mean that they do not agree with one another as to the precise wording of the text Such disagreement is the result of different theories about the transmission of the Text down through the centuries of hand copying and different use of the Greek manuscripts handwritten copies that have survived and are known to us extant We are dependent upon those copies because the Apostles' autographs or original documents are no longer in existence They were probably worn out well before A.D. 200 if not 100 In short we are faced with the challenge of identifying the original wording of the text by consulting the surviving manuscripts most of which do not entirely agree In this task we may also appeal to copies of the ancient Versions translations into Syriac Latin Coptic etc and to the surviving writings of the early church leaders where they quote or refer to New Testament passages **The Identity of the New Testament Text** Wilbur Pickering, John Bunyan, 2000-08-01 THE ORIGINAL TEXT OF THE NEW TESTAMENT Edward D. What Have They Done to the Bible? John Sandys-Wunsch,2005 Why have so many scholars ceased to believe in a type of inspiration that distinguishes the Bible from every other book Why is fundamentalism so unsatisfying to modern people This history of biblical interpretation from 1500 to the present answers these questions by showing how biblical scholarship has developed under the influence of internal and

external factors In What Have They Done to the Bible John Sandys Wunsch documents the changes that have taken place in biblical exegesis since 1500 and accounts for the major reasons for these changes Answering the question of why fundamentalism is unsatisfying to modern people Sandys Wunsch maintains that this development was the result of occurrences both within and outside biblical interpretation The internal developments consisted of work on the textual tradition biblical languages and the recognition of wider problems such as consistency cogency and coherence within biblical documents External factors were the development of secular society tolerance academic freedom a perceived dichotomy between the Bible and science and information about human culture in general both past and present He concludes that after the Renaissance it was the application of historical considerations to both the internal and external factors of the biblical tradition that was the main source of the modern approach to the Bible The Rev Dr John Sandys Wunsch D S Litt D Phil formerly a university professor and administrator in Canada and England is a research fellow at the University of Victoria

How the Bible Works Brian Malley, 2004-05-12 What do evangelicals believe when they believe in the Bible Despite hundreds of English versions that differ in their texts evangelicals continue to believe that there is a stable text the Bible which is the authoritative word of God and an essential guide to their everyday lives To understand this phenomenon of evangelical Biblicism anthropologist and biblical scholar Brian Malley looks not to the words of the Bible but to the Bible believing communities For as Malley demonstrates it is less the meaning of the words of the Bible itself than how the Bible provides a proper ground for beliefs that matters to evangelicals Drawing on recent cognitive and social theory and extensive fieldwork in an evangelical church Malley s book is an invaluable guide for seminarians social scientists of religion or for anyone who wants to understand just how the Bible works for American evangelicals *From the Mind of God to the Mind of Man* James B. Williams, 2014-06-04 The current controversy over the Bible s text and translations is creating confusing division within the ranks of Fundamentalism A mass of misinformation fuels the debate Scores of men realize the enormous errors being popularized but hesitate to engender further debate by speaking out The confusion however is now so pervasive within Fundamentalism that the true biblical and historical facts on the text transmission and translations of Scripture must be restated in layman s terms These facts argue eloquently for the unity not the division of God s people on these issues
