By mauling and impotent Helen
 Eater of the white fig, the sugar-bush,
 Some beauty, yes, but not more than
 Lathe-made for stock embrace on a bed.
 I am astonished when they talk of love,
 The shattered cities and burning houses
 Torn; defaced altars and ripped down
 For such as she deaf impulse worked in stone.
 They dug up graves and wild-eyed look
 In act and wish unseparated then.
 The test for cultures this insipid look
 Yes, for a doll the hero, wild-eyed look
 Howled at his mother's grave, yet moped
 One tear of Helen on the sarcastic desk.

North West

The dying business began hercabours,
 A poorer plain, a shrubless frugality,
 An anach sea, cliffs, nothing.
 It promised a local action merely
 But the death-not somehow spread from
 Limb to limb and mind to mind,
 Became endemic. The body politic
 Was touched, began to suppurate once more.
 An empire began to have dizzy spells,
 One fever to cast out another
 One man to cast down another.

Who can apportion a historic fault?
 A few hundred years of average misery,
 A thousand more of abstract villainy,
 The precious culture pilfered into dust.

They spoke of starting again at the beginning
 But by then few had looked upon it fresh,
 And the frenzied young were building away
 From it, towards some tributary death.
 A little contempt goes a long way,
 Smashed well-head with gorgons
 Clothed now with self-renewing moss.

Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **Sir Philip Sidney, Cultural Icon**

Wimsatt, 2021-10-21 The sixteen essays in this volume form a series of related focuses upon various levels and areas of literary criticism W K Wimsatt's assumption is that practice and theory of both the past and the present are integrally related that there is a continuity in the materials of criticism that a person who studies poetry today has a critical concern not merely a historical interest in what Aristotle or Plato said about poetry He regards the great perennial problems of criticism as arising not by the whim of a tolerantly pluralist choice but from the nature of language and reality With profound learning and insight Wimsatt treats almost the whole range of literary criticism The first group of essays deals with fallacies he believes are involved in prevalent approaches to the literary object The next two groups face the responsibilities of the critic who defends literature as a form of knowledge they treat various problems of structure and style The last group undertakes to examine the relation of literature to other arts the relation of evaluative criticism to historical studies and the relation of literature not only to morals but more broadly to the whole complex of the Christian religious tradition Women Writers of Great Britain and Europe Katharina M. Gerardo Diego's Creation Myth of Music
Judith Stallings-Ward, 2020-01-29 Since its publication nearly eight decades ago the consensus among scholars about *Fuera de Equis y Zeda* by the Spanish poet Gerardo Diego 1896-1987 remains unchanged *Fuera* is an enigmatic avant garde curiosity It seems to rob the reader of the reason necessary to interpret it even as it lures him or her ineluctably to the task nevertheless the present study makes the case that this work is in fact not inaccessible and that what the anhelante arquitecto intended with his masterpiece was a creation myth that explains the evolution of music in his day This monograph unlocks the fullness of the poem s meaning sourced in music s mythical consciousness and expressed in a poetic idiom that replicates aesthetic concepts and cubist strategies of form embraced by the neoclassical composers Bartok Falla Ravel and Stravinsky

Beat Culture William T. Lawlor, 2005-05-20 The coverage of this book ranges from Jack Kerouac's tales of freedom-seeking Bohemian youth to the frenetic paintings of Jackson Pollock, including 60 years of the Beat Generation and the artists of the Age of Spontaneity. *Beat Culture* captures in a single volume six decades of cultural and countercultural expression in the arts and society. It goes beyond other works which are often limited to Beat writers like William Burroughs, Charles Bukowski, and Michael McClure to cover a wide range of musicians, painters, dramatists, filmmakers, and dancers who found expression in the Bohemian movement known as the Beat Generation. Top scholars from the United States, England, Holland, Italy, and China analyze a vast array of topics including sexism, misogyny, alcoholism, and drug abuse within Beat circles; the arrest of poet Lawrence Ferlinghetti on obscenity charges; Beat dress and speech; and the Beat pad. Through more than 250 entries which travel from New York to New Orleans, from San Francisco to Mexico City, students, scholars, and those interested in popular culture will taste the era's rampant freedom and experimentation, explore the impact of jazz on Beat writings, and discover how Beat behavior signaled events such as the sexual revolution, the peace movement, and environmental awareness.

Medieval Images, Icons, and Illustrated English Literary Texts Maidie Hilmo, 2019-10-30 The function of images in the major illustrated English poetic works from the Anglo-Saxon period to the early fifteenth century is the primary concern of this book. Hilmo argues that the illustrations have not been sufficiently understood because modern judgments about their artistic merit and fidelity to the literary texts have got in the way of a historical understanding of their function. The author here proves that artists took their work seriously because images represented an invisible order of reality that they were familiar with; the vernacular poems, and that they were innovative in adapting existing iconographies to guide the ethical reading process of their audience. To provide a theoretical basis for the understanding of early monuments, artefacts, and texts, she examines patristic opinions on image-making supported by the most authoritative modern sources. Fresh emphasis is given to the iconic nature of medieval

images from the time of the iconoclastic debates of the 8th and 9th centuries to the renewed anxiety of image making at the time of the Lollard attacks on images She offers an important revision of the reading of the Ruthwell Cross which changes radically the interpretation of the Cross as a whole Among the manuscripts examined here are the Caedmon Auchinleck Vernon and Pearl manuscripts Hilmo s thesis is not confined to overtly religious texts and images but deals also with historical writing such as Layamon s Brut and with poetry designed ostensibly for entertainment such as the Canterbury Tales This study convincingly demonstrates how the visual and the verbal interactively manifest the real text of each illustrated literary work The artistic elements place vernacular works within a larger iconographic framework in which human composition is seen to relate to the activities of the divine Author and Artificer Whether iconic or anti iconic in stance images by their nature were a potent means of influencing the way an English author s words accessible in the vernacular were thought about and understood within the context of the theology of the Incarnation that informed them and governed their aesthetic of spiritual function This is the first study to cover the range of illustrated English poems from the Anglo Saxon period to the early 15th century
