

STIMULATORS

SEX devices and gimmicks have been used for many centuries in Europe and the Orient, but until recently, such items were unavailable to most persons in the United States. What little use they enjoyed here was clandestine, surreptitious.

Now all this has changed. This book tells, for the first time, all about these gadgets and the new craze for their use that is sweeping certain segments of our society.

With complete candor, ample documentation and profuse illustrations, Dr. Blake discusses such devices as—masturbating machines; vibrators, artificial penises, or dildoes; "French ticklers"; and many others.

Case histories and actual interviews with people using these gadgets explain: who uses these items; what it feels like; where they are available; and much, much more.

The School News and Practical Educator ,1913 **The Image of Madness** J. Guimón,Werner Fischer,1999 Negative moral judgements seem to have been a constant fixture in the way societies and cultures have regarded groups displaying deviant behavior This is particularly true of the mentally ill Stereotypes are most ingrained for mental pathologies with heightened visibility in society such as schizophrenia Preconceived notions about danger occult powers and mysterious malevolence which hover over the illness contribute to the total debasement of the patient Persons suffering from other forms of mental illness are stigmatized to a lesser degree But the threat is real that labeling will extend to every endeavor linked to mental illness care facilities professionals therapies in general and psychotropic medication in particular Lay belief in the existence of important side effects to this medication and public fears about the risk of addiction form the basis of very restricted or even hostile attitudes towards it and result in weak compliance Inversely psychotherapy now seems widely

accepted and different forms of intervention have contributed to de stigmatizing psychiatric illness and to stop the exclusion of patients This book is of interest not only to psychiatrists but also to mental health workers psychologists social scientists and social workers who wish to alter common precepts and prejudices regarding psychiatric disorders **Cassell's Illustrated Family Paper** ,1860 **Nation's Health** John Augustus Lapp,Charles-Edward Amory Winslow, Frank Leslie Rector,1922 *Nation's Health* ,1922 Perspectives on Interculturality M.
