Artemis, Eve, and the Image of God Joseph A. Brennan,2024-10-09 What has gone so terribly wrong in Ephesus that Paul feels compelled to write the longest marriage code in the New Testament 1 Peter only has seven verses about marriage Colossians only has two Titus only has two Why does Ephesians have thirteen Did Paul wish to set in stone the nature of gender relationships for all of time Was he trying to ensure the survival of the emerging church amidst harsh Hellenistic realities of hierarchic marriage Or did he have something else in mind This is a book about the Ephesians 5 marriage code the goddess Artemis Eve and the image of God in the believer It explores the adverse influence of Artemis upon the Ephesian believers thought world why Paul raises up Eve and Adam as the example of loving marriage 5 31 what Paul thought the image of God looked like in the believer and why some Ephesian believers thought differently Dr Brennan argues that the primary purpose behind Ephesians 5 21 33 was to evangelize non believing Ephesian onlookers to an ideal of marriage in Christ s new kingdom that far surpassed their personal experience in the first century Roman world and that Artemis was getting in the way The Woman's Bible ,1895 In Stanton s classic revision of the Bible she corrected passages omitting women and reinterpreted areas which subjugated women

Summa Theologiae, Prima Pars: Volume 3, Human Beings and God's Governance of Creation, QQ 75-119 Thomas Aquinas,Thomas de Vio Cajetan,2023-06-23 This book is an introduction to three questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The

thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers

'And Then the Monsters Come Out': Madness, Language and Power Fiona Ann Papps, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 No term is so evocative as madness Indeed no scholarly definition of madness exists hardly surprising given that constructions and representations of madness are products of social economic historical and philosophical forces and cannot be separated from the social conditions under which they appear How we understand madness then relies on the metaphors and tropes used to represent it and these are as variable as the contexts giving rise to madness Nevertheless enduring cross cultural and cross historical themes emerge in the study of madness associating it with the monstrous the tragically heroic and the feminine The continuity of these themes raises questions highlighting the centrality of power to understanding of madness who defines madness from what position within what context and with what intended outcome Madness then participates in and constructs its own rhizomatic madness inviting us to draw on a multiplicity of knowledges and positionings to make sense of it

Lying Bodies Akiko Shimizu, 2008 Lying Bodies explores how to survive with invisible non normative identities by focusing on literally invisible differences The first half of the book attempts a theoretical account of the self in the field of vision drawing on psychoanalytic theories of the formation of the self In order for the survival of the self with a visual image that both enables and threatens it the book proposes the strategy of the lying body which combines mimicry with equivocalty The second half of the book demonstrates possible forms of the lying body through an analysis of specific examples of cultural practices including works by artists Cindy Sherman and Morimura Yasumasa as well as the claim of invisible sexual differences by feminine looking lesbians

Engendering the Subject Sally Robinson, 1991-09-20 Robinson sets up a dialogue between feminist critical theory and contemporary women's fiction in order to argue for a new way of reading the specificity of women's writing Through theoretically informed readings of novels by Doris Lessing Angela Carter and Gayl Jones the author argues that female subjectivity is engendered in discourse through

the woman writer's strategic engagement in representational systems that rely on a singular figure of Woman for coherence. Through this engagement, women's self-representation emerges as a process through which women take up multiple and contradictory positions in relation to different hegemonic discursive systems and through which they engender themselves as subjects. Finally, *Engendering the Subject* suggests how women's fiction can provide a model for a feminist practice of reading that would simultaneously work against the historical containment of Woman and for the empowerment of women as subjects of cultural practices.

The Holy Bible, According to the Authorized Version (A.D. 1611) Frederic Charles Cook, 1881

A History of Books Gerald Murnane, 2012-05-01 This new work by Gerald Murnane is a fictionalised autobiography told in thirty sections, each of which begins with the memory of a book that has left an image on the writer's mind. The titles aren't given, but the reader follows the clues, recalling in the process a parade of authors: the great, the popular, and the now forgotten. The images themselves, with their scenes of marital discord, violence, and madness, or their illuminated landscapes that point to the consolations of a world beyond fiction, give new intensity to Murnane's habitual concern with the anxieties and aspirations of the writing life in the absence of religious belief. *A History of Books* is accompanied by three shorter pieces of fiction which play on these themes, featuring the writer at different ages: as a young boy, a teacher, and an old recluse.

The Philosophy of (erotic) Love Robert C. Solomon, Kathleen Marie Higgins, 1991 Solomon and Higgins have chosen excerpts from the great philosophical texts and combined them with the most exciting new work of philosophers writing today. It examines the mysteries of erotic love from a variety of philosophical perspectives and provides an impressive display of wisdom that the world's best thinkers have brought and continue to bring to the study of love.
