The In Vitro Madonna:

The in Vitro Madonna Ray Johnson, 2003-12-08 Josh Donner is the American attorney Cardinal Mondial a Brazilian is the ambitious Prince of the Church Mei Chan is the exquisite and mysterious Chinese assassin Three diametrically dissimilar people from three different continents all focused like powerful lasers on a central locus The object of their intense interest in Strella a beautiful novice who resides in a convent in Sao Paulo Brazil Strella is both a virgin and pregnant and impossible dichotomy Strella was left on the convent steps when only hours old Raised as a child of the Church her sheltered life within the ivy covered walls of the convent is about to be disrupted by tidal forces powerful enough to change the course of history In the wrong hands controlled by unscrupulous people Strella and her virgin born child could easily shift the balance of power in the modern world The In Vitro Madonna was originally published in Europe Ray Johnson likes to refer to his books as verbal movies Like his two previous novels The Jericho Compact and The Great Everlasting The In Vitro Madonna carries the reader along a swift river of mystery and intrigue A good novel like a vintage wine is to be savored and enjoyed at leisure hopefully in front of the fireplace of life A novel should leave a pleasing aftertaste on the palate of ones soul Ray Johnson was a military officer and law enforcement officer and draws upon life experiences to weave credence into his spellbinding novels His stated goal is to keep his readers wondering until the final paragraph on the final page He achieves that goal in The In Vitro Madonna

The Flower Petal Murders Ray Johnson, 2017-09-11 The first body was atypical in law enforcement terms because it had been left in an open field where it was bound to be discovered To make certain it was found as left someone called the LAPD division and informed them where it could be located The first body was left in Jeff s division and he and his partner were assigned to the case Rather than hide the body of a naked woman the murderer left it in a vacant field The body was covered with red rose petals and red rose blossoms To compound the irregularity the woman s breast and pubic area had been left uncovered What was the significance A clue in the form of two initials was left on the yoga mat and another initial in the dirt Again what was the relevance The killer had been meticulous leaving the body on an expensive yoga mat with the feet facing east Jeff was tall at six feet three inches He was well built and weighed two hundred and twenty five muscular pounds Working out at his gym three days a week kept him in good physical condition The women in his division thought he was extremely handsome with light brown hair and fascinating gray eyes His partner was shorter and less handsome Jeff was by far the cleverer of the two and suspected this carefully planned murder might be the first of a repeater a serial killer Jeff s suspicions were vindicated with the second body this time left in a different division causing interdivision rivalry This body was also naked covered with red carnations petals and blossoms Again the breasts and pubic area had been left uncovered Jeff was doing his best to keep the media from discovering that a serial killer was on the loose His hopes for keeping the media in the dark were dashed when he was contacted by Cinda a reporter for Los Angeles Magazine Cinda was a strikingly beautiful young Black woman who was as clever as Jeff She put two and two together and came up with serial killer She

offers Jeff a deal that he cannot refuse To compound Jeff s problems the clues continue to point to religion rather than serial murder Why would a religious organization be murdering young women and leaving a trail of clues for Jeff to follow Another naked young woman is found covered in red flower petals with clues again pointing toward religion possibly a new religion If Jeff is going to prevent any more young women from being murdered he will have to find the killer and do it quickly Just as important he needs to keep him and Cinda from becoming the killer s next victims **The jewels of the Madonna**

Johnson,2022-03-27 The town is small so the carnival that comes every year is usually small with a small Ferris wheel and a small merry go round But this year s carnival has a huge merry go round with six horses in a row rather than three The merry go round looks brand new with immaculate fixtures Flawless horses some rearing others snorting still other racing with flying manes The brass is polished and the mirrors are sparkling clean Every child and many young people want to ride on the fabulous merry go round People young and old buy tickets and get in line to get on the merry go round never knowing that none of them will ever get off **The Vermillion Dragon** Ray Johnson,2017-01-21 Three Vermillion Dragon soldiers

Vermillion Vampire Ray Johnson, 2022-03-27 Ginger St Johns had three enviable qualities she was beautiful with a shape like a super model she was incredibly intelligent and she was a true redhead One of those qualities was in high demand worldwide She had moved out of Jud's condo ostensibly to save his life Her current boyfriend was not only a bad lover but as exciting as a chess match on Monday night in Slovenia He had a conniption when she told him she was going on a cruise to the Mediterranean on a two hundred and fifty million dollar world class yacht She was too smart to leave on a cruise with a seventy year old Indonesian billionaire or a hyper rich older Japanese businessman But the owner of the yacht was Italian thirty five nouveau riche and four other women were also going on the cruise She reasoned What could possibly go wrong

The Punishing Avenger RAY JOHNSON, 2015-09-27 Incredibly wealthy people have been raping and pillaging rain forests and virgin lands with impunity Numerous innocent people have been killed because of this avarice A group that calls itself the Punishing Avenger is killing and maiming these wealthy people where greed means more to them than human life CIA agent Rick Jefferies is assigned to investigate these atypical crimes This murderous group attempts to portray themselves as modern day Robin Hoods protecting the innocent while punishing the guilty To enhance that media image they avoid any collateral damage while rewarding their victims Powerful politicians increasingly fear one of their affluent contributors might be the next target Rick a lone wolf agent is assigned an unwanted partner as the stakes rise Rick does not buy into the Robin Hood and his merry men portrayal He and his new partner hunt down the killers from Las Vegas to a Mississippi riverboat and finally to the outskirts of Dallas dodging bullets and to bring true justice to the Punishing Avenger *The Great*

Everlasting Ray Johnson, 2016-02-01 Morning Fawn is either one hundred and sixty years old or the greatest actress of all time Dan's problem is that she is stunningly beautiful and looks like she is twenty five Dan encounters Morning Fawn in an isolated glade in the Montana woods His marriage is in shambles and recent dreams have been telling him to rent a hunting lodge in Montana It is not hunting season and he has no reason whatsoever to be in Montana At the last moment his attractive wife decided to go with him to the hunting lodge Dan is thirty four tall handsome and financially successful Once at the lodge a dream tells him to go for a midnight walk in the woods that surround the isolated lodge It is on this enigmatic

walk that he encounters Morning Fawn She is a captivating Crow Indian dressed in a magnificent fringed doeskin dress Her hair is done in two long braids that hang over her breasts Although afraid of him at first she tells him that she is from the Crow Death Camp in The Great Everlasting She further stuns him by telling him that she died on the Great Plains before the Battle of the Little Bighorn She shocks him again when she tells him that his wife and her current lover will attempt to kill him She knows more about him than any one person could She explains that she grows stronger every night and will meet him the following night when the moon is directly overhead Over the next two nights they grow closer She tells him that the Great Spirit has sent her to save him from his wife and her lover His problem is that everything Morning Fawn predicts comes to fruition His wife and her lover are plotting his death so she can get at his money and lucrative timber holdings His death will make her a millionaire His wife has hired two Las Vegas hit men to kill Dan That way neither she nor her lover will be suspects Morning Fawn warns Dan about the men coming to kill him and jolts him further by telling him that they will confront the gunmen together With Dan s pistol and her bow and arrows they prepare for battle The Woman of Two Faces a powerful Indian goddess is just as interested in Dan s demise why is an enigma While his wife hires more gunmen to kill him the mysterious Woman of Two Faces sends Indian killers after him The battles rage from the woods of Montana to the High Sierras of California Dan s skill with guns and Morning Fawn s ability with her bow arrows and scalping knife make them a formidable pair Dan grows to love Morning Fawn and she tells him that she will be the wife he never had She tells him that The Great Spirit has sent her to be with him in The Great Everlasting Even though she tells him they are a match for the diverse killers she also tells him that each soul has a season What does she mean Black Star One Ray Johnson,2005-11-07 The onrushing Black Star was going to pull the Earth out of solar orbit and there was nothing anyone could do about it Astronomers worldwide agreed that Earth had ten years before the Black Star dragged it into interstellar space The President told the American public that he purposed to cover as much as possible of the United States with a cold shielding composite Homes farms ranches they would all be protected from the minus 300 degree cold by the three inch thick composite plates Jeff Allen works for the governments most powerful agency With the help of beautiful Tenaya Jeff has to keep Americas enemies from stealing the cold fusion and composite secrets that allow the United States to survive in the frigid cold of deep space *The Conjugal Wife* Ray Johnson,2004-09-02 Perhaps the most exhilarating experience in all the world is being in bed with a murderess Every man who has the opportunity should do so at least once in his lifetime These were the curious and dangerous thoughts of a man by lust possessed The man was Dalton Nordstrom a handsome and engaging man who seemingly had everything life has to offer the type of man that it is hard to buy a gift for because he appears to have everything already Lanetta is the intoxicating woman that caused Dalton to think so foolishly to act with blind abandon Like Dalton Lanetta also has many attributes the most striking of which is her beauty But it is impossible for beauty to fully blossom behind prison bars Is Lanetta really a murderess The courts say she is but she claims to be blameless

Lanetta's sister Quilla believes in her innocence. Quilla is just as beautiful as Lanetta but cut from a different bolt of cloth, a righteous bolt of fabric rather than cloth woven with menacing threads of narcotics and robbery. A dangerous triangle is forming: a convicted murderess, a rich businessman, and a religious sister. It is difficult to envision anything good coming from this disparate trinity.

Paid In Full Ray Johnson, 2022-03-27 Russell Jordan and Amber St. Claire are homicide detectives for the Los Angeles Police Department. Russell is tall, handsome, single via divorce, and a Sergeant on the promotion list for Lieutenant. Amber is a stunning, true redhead, single due to lifestyle, and a shape that could cause traffic to back up on Hollywood Boulevard. They have worked serial murderer cases before but never a serial maimer. By the third victim, it is evident that a pattern has been formed. By the fourth case, the puzzle pieces are starting to fall into place. The person behind these maimings was only attacking graduates of a single high school. The maiming is vicious: from limbs blown off to rapes that hospitalized. After twenty years, the graduates have scattered to the four winds, from humid New Iberia, Louisiana, to bitter cold Fairbanks, Alaska. From snowy Colorado to the windswept high desert of California. To compound their problems, every assailant is different, some from foreign countries. More problems: local police departments do not like them investigating their crimes. The closer they come to untying the maiming Gordian Knot, the danger factor increases. Russell is shot at twice and hit once. They have two options: either discover who is behind these maimings or become the next victims.

The Death Angel RAY JOHNSON, 2014-11-10 An off-books CIA agent is charged with locating a gang of electronic thieves that are stealing millions from United States banks and transferring the funds to foreign banks in countries that are not friendly to the US. The vexing problem is that these thieves have killed over twenty people as they electronically pillage American banks. Hackers may kill a firewall but rarely do they murder anyone that is trying to apprehend them. The criminals use a death angel, an assassin, to eliminate anyone who comes close to discovering their whereabouts. The blood money assassin kills young and old, male or female, without prejudice or remorse. The handsome agent and his female companion, who is as beautiful as she is fearless, track the thieves and their assassin from the glittering neon canyons of Las Vegas to tropical Cabo San Lucas in Baja California Sur. The gang operates off of a magnificent Mondomarine trideck mega yacht, making them highly mobile and difficult to corner. The situation becomes so dangerous that our duo even requests two agency shooters to assist them. The agent uses a Super Leggera open water speedboat in hot pursuit of the criminals' mobile headquarters. Violence, betrayal, and seduction galore: the relentless agents will stop at nothing to apprehend this band of thieves. But at what point is the price of justice too high?

100 Meter Ghost Ray Johnson, 2022-03-31 Out of a spectral fog slips the most beautiful yacht ever constructed: 100 meters of decadent luxury. The wraithlike fog is not caused by weather but by the yacht itself, and anyone that tries to get close to it meets with a violent death and destruction.

Blood Of The Gypsy Ray Johnson, 2022-03-28 Brad Jackson got his law degree at night while working homicide for LAPD. He was

thirty four tall handsome well built with brown hair and hazel eyes His successful firm could defend rich people who could afford his services poor people who could not afford him or the seven hundred gangs in Los Angeles County who could easily afford him He decided on a guaranteed clientele the gangs of Los Angeles His choice obviously irritated law enforcement The leader of the strongest Crips gang in Los Angeles told Brad that the major gangs needed him to discover who was killing their officers making the deaths appear as if committed by a werewolf which was impossible If Brad could not find out who was doing the killing a war could easily break out among the gangs leaving them to fight a two front war fighting themselves and also law enforcement Brad tried to resist but the gang leaders of LA made him a financial offer that he could not refuse He felt that every major legend had a grain of truth and every fable about werewolves seemed to entail gypsies He set out to find an old gypsy woman with a long dress colorful scarf and coins for jewelry He found his Gypsy only she was five feet six inches tall with a raven black ponytail that came to her waist haunting eyes that probed deep into his soul breasts that caused traffic accidents and legs crafted by the Gods on the Hill of the Five Jackals Together they begin to investigate the deaths of the gang officers apparently killed by something that could not exist Their investigating causes problems because law enforcement did not want the public to become aware of serial killings by a creature that can kill and slip away undetected leaving only fang marks claw wounds and hair for evidence Now it is Brad and Mahala who are fighting a two front war law enforcement on one side and a creature that cannot be real on the other The Changjai Lama's Gold Ray Johnson,2022-03-28 In this third installment of the Changjai Lamasery adventure series the Grand Regent has summoned Jake Striker and his wife Mei from Los Angeles to the mysterious valley home of the Changjai Lamasery Jake is accompanied by Mei his stunningly beautiful wife who is an exotic blending of Chinese and Mongolian and possesses a fierce temper Jake had arranged an intricate system of purchasing goods for the valley in Ulaanbaatar A true believer driver and his son would transport the supplies to the frontier and an armed caravan would then carry the supplies on horseback to the valley entrance The driver s young son has gone missing Being missing is serious enough however he knows the source of the Lamasery s gold The ancient Lamasery clings to the valley s granite walls with eagle s talons and has been protected through the centuries by true believers of the Buddhist religion The missing young man has fallen into the arms of a scheming wife whose husband is connected by blood to the leader of a vicious street gang Jake and Mei must ferret out the determined gold seekers before they can make their way across the rolling steppes to the frontier Add bandits to the golden vortex descendants of bandits that plundered the Great Silk Road and their task seems almost insurmountable **The Devil's Lighthouse** Ray Johnson,2022-03-27 The Devil s Tower a slender rock column soared 175 feet above the angry Norwegian Sea On top of the Devil s Tower was the Devil s Lighthouse The names for the tower and lighthouse were bestowed with good reason The ghost who haunted the lighthouse was grappling with the light keeper who was fighting for his life wrestling with an opponent that he could not even see The battle raged on the narrow walkway that surrounded the rotating light The ghost

as always won the life and death battle and flung the lightkeeper over the railing his body crashing on the craggy rocks 175 feet below Aaron Jurgen assuming the ghost stories were nothing more than campfire tales purchased the rock column and the lighthouse No one bothered to tell him that the Devil still owned both **Person of Interest** Ray Johnson,2022-03-31

The vast majority of men who sexually abuse women are apprehended by law enforcement convicted and sentenced to some type of incarceration These abusers are usually taken into custody rather easily because they leave clues DNA and other physical evidence at the scene of the crime Some are arrested because of video surveillance cameras What would be the outcome if the abuser was extremely clever and left no evidence whatsoever
