Getz,2013-05-15 We think of the kibbutz as a place for communal living and working Members work reside and eat together and share income from each according to ability to each according to need But in the late 1980s the kibbutzim decided that they needed to change Reforms moderate at first were put in place Members could work outside of the organization but wages went to the collective Apartments could be expanded but housing remained kibbutz owned In 1995 change accelerated Kibbutzim began to pay salaries based on the market value of a member's work As a result of such changes the renewed kibbutz emerged By 2010 75 percent of Israel's 248 non religious kibbutzim fit into this new category This book explores the waves of reforms since 1990 Looking through the lens of organizational theories that predict how open or closed a group will be to change the authors find that less successful kibbutzim were most receptive to reform and reforms then spread through imitation from the economically weaker kibbutzim to the strong      *Jewish Feminism in Israel* Kalpana Misra,2003 A dynamic and authentic representation of feminism in Israel by some of its leading exponents and activists
