**Environmental Justice** Kristin Shrader-Frechette, 2002-09-26 Shrader Frechette offers a rigorous philosophical discussion of environmental justice Explaining fundamental ethical concepts such as equality property rights procedural justice free informed consent intergenerational equity and just compensation and then bringing them to bear on real world social issues she shows how many of these core concepts have been compromised for a large segment of the global population among them Appalachians African Americans workers in hazardous jobs and indigenous people in developing nations She argues that burdens like pollution and resource depletion need to be apportioned more equally and that there are compelling ethical grounds for remedying our environmental problems She also argues that those affected by environmental problems must be included in the process of remedying those problems that all citizens have a duty to engage in activism on behalf of Environmental Justice and that in a democracy it is the people not the government that are ultimately responsible for fair use of the environment     **ABA Journal** , 1982-02 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association

**The People's Advocate** Daniel Sheehan, 2013-09-01 The People's Advocate is the autobiography of American Constitutional Trial Attorney Daniel Sheehan Sheehan traces his personal journey from his working class roots through Harvard Law School and his initial career in private practice His early disenchantment led to his return for further study at Harvard Divinity School and rethinking the nature of his career Eventually his role as President and Chief Trial Counselor for the famous Washington D C based Christic Institute would help define his role as America's preeminent cause lawyer In The People's Advocate Sheehan details the inside story of over a dozen historically significant American legal cases of the 20th Century all of which he litigated The remarkable cases covered in the book include both The Pentagon Papers Case in 1971 and The Watergate Burglary Case in 1973 In addition Sheehan served as the Chief Attorney on The Karen Silkwood Case in 1976 which additionally revealed the CIA's Israeli Desk had been smuggling 98% bomb grade plutonium to the State of Israel and to Iran In 1984 he was the Chief Trial Counsel on The American Sanctuary Movement Case establishing the right

of American church workers to provide assistance to Central American political refugees fleeing Guatemalan and Salvadorian death squads His involvement with the sanctuary movement ultimately led to Sheehan s famous Iran Contra Federal Civil Racketeering Case against the Reagan Bush Administration which he investigated initiated filed and then litigated The resulting Iran Contra Scandal nearly brought down that Administration leading Congress to consider the impeachment over a dozen of the top ranking officials of the Reagan Bush Administration The People s Advocate is the real story of these and many other historic American cases told from the unique point of view of a central lawyer **Crimes of the Centuries** Steven Chermak Ph.D.,Frankie Y. through McCarthyism the Sixties and the surge of the environmental movement Mazzocchi took on Corporate America the labor establishment and a complacent Democratic Party This profound biography should be required reading for those who believe in taking risks and making the world a better place While Mazzocchi's story is so full of peril and deception that it seems almost a work of fiction Leopold proves that the most provocative and lasting stories in life are those of real people

**Taking Action, Saving Lives** Kristin Shrader-Frechette, 2007-10-19 In this book at once brilliant and accessible Shrader Frechette reveals how politicians campaign contributors and lobbyists and their power over media advertising and public relations have conspired to cover up environmental disease and death She also shows how science and regulators themselves are frequently captured by well funded polluters and special interests But most important the author puts both the blame and the solution on the shoulders of ordinary citizens She argues that everyone especially in a democracy has a duty to help prevent avoidable environmental deaths
