**Siam : The Land of the White Elephant as It Was and Is** George B. Bacon, 2019-12-13 In *Siam The Land of the White Elephant as It Was and Is* George B Bacon provides an evocative exploration of Thailand's rich cultural tapestry intertwining historical narratives with deeply observed ethnographic insights His meticulous attention to the region's geography customs and people is reflective of the literary style of the late 19th century marked by both romanticism and a burgeoning fascination with Eastern cultures during the colonial era Bacon's writing is imbued with vivid descriptions and a sense of wonder capturing the essence of Siam's landscapes and social structures while drawing comparisons to Western ideals and lifestyles George B Bacon was an American expatriate whose travels in Southeast Asia deeply informed his perspective on modernization and tradition His insights are shaped not only by his keen observations but also by the broader socio-political context of his time when Western nations were increasingly engaging with the East often with a blend of curiosity and condescension Through his experiences Bacon sought to present a more nuanced view of Siam countering stereotypical Western depictions and highlighting the country's complexities This work is recommended for both historians and general readers alike offering a window into a pivotal moment in Southeast Asian history Bacon's in-depth analysis appeals to those intrigued by cultural anthropology colonial dynamics and the enduring allure of the East *Siam* is not merely a travelogue it is an invitation to understand a land and its people in their unique historical context

**The Land Is Mine** Andrew D. Berns, 2022-04-12 After their expulsion from Spain in 1492 Sephardi Jews such as Isaac Abravanel Abraham Saba and Isaac Arama wrote biblical commentaries that stressed the significance of land They interpreted Judaism as a tradition whose best expression and ultimate fulfillment took place away from cities and in rural settings Iberian Jewish authors rooted their moral teachings in an ethical treatment of the natural world elucidating ancient agricultural laws and scrutinizing the physical context and built environments of Bible stories *The Land Is Mine* asks what inspired this and suggests that the answer lies not in timeless exegetical or theological trends but in the material realities of late medieval and early modern Iberia during a period of drastic changes in land use The book uses a highly traditional source base in a decidedly untraditional way In *Jewish Studies* Andrew D Berns observes biblical commentary is typically studied as an intramural activity Though scholars have conceded that Jewish scriptural exegesis welcomes material and ideas from other fields and traditions little to no work treats premodern Hebrew Bible commentary as also drawing upon Classical and Christian sources as well as contemporary writings on land management and political economy Abravanel Saba and Arama were engaged with questions that had broad resonance during their lives the

proper way to treat the land the best occupations to pursue and the ideal setting for human community Scriptural commentary was the forum in which they addressed these problems and posed solutions to them A work of intellectual history *The Land Is Mine* demonstrates that it is impossible to understand Jewish culture without considering the physical realities on which it depended *The Land Is Mine : Six Biblical Land Ideologies* Norman C Habel, **The Land of MEAT & Honey** Dr. Shmuel Asher,2014-11-12 *The Land of MEAT* and stands as a completely original work in our modern times C Natoli Philadelphia Inquirer **Arcana Coelestia** Emanuel Swedenborg,1879 *Decisions of the Department of the Interior and the General Land Office in Cases Relating to the Public Lands* United States. Department of the Interior,1898 *The Land is the Source of the Law* C.F. Black,2010-10-04 *The Land is the Source of Law* brings an inter jurisdictional dimension to the field of indigenous jurisprudence comparing Indigenous legal regimes in New Zealand the USA and Australia it offers a dialogical encounter with an Indigenous jurisprudence in which individuals are characterised by their rights and responsibilities into the Land Though a relatively new field indigenous jurisprudence is the product of the oldest continuous legal system in the world Utilising a range of texts films novels poetry as well as law stories CF Black blends legality and narrative in order to redefine jurisprudentia in indigenous terms This re definition gives shape to the jurisprudential framework of the book a shape that is not just abstract but physical and metaphysical a shape that is circular and concentric at the same time The outer circle is the cosmology so that the human never forgets that they are inside a universe a universe that has a law This law is found in the second circle which whilst resembling the ancient Greek law of physis is a law based on relationship This is a relationship that orders the placing of the individual in the innermost circle and which structures their rights and responsibilities into the land The jurisprudential texts which inform the theoretical framework of this book bring to our attention the urgent message that the Djang primordial energy is out of balance and that the rebalancing of that Djang is up to the individual through their lawful behaviour a behaviour which patterns them back into land Thus *The Land is the Source of the Law* concludes not only with a diagnosis of the cause of climate change but a prescription which offers an alternative legal approach to global health **The Land Question.
