Tough Guy Benjamin Appel,2012-08-01 Joey Kasow is a skinny Jewish kid growing up in the 1920s in Hell s Kitchen Tormented by the Irish thugs in the neighborhood he eventually gains their begrudging respect and is allowed to join their gang the Badgers Joey grows up tough He knows he got to take whatever is dished out to him to stay in the gang He learns how to inflict pain he learns how to kill And gradually he works his way up the ladder to become the Spotter s enforcer He is now Joey Case But Joey can t escape his past falling in love with innocent young Sadie Madofsky his refuge from the brutal world around him All Joey want is to get ahead but the Spotter had other plans for him **Operation Underworld** Paddy Kelly,2005-11-19 This is a novel revealing the astonishing underground partnership that changed the course of history As the Hindenberg dramatically burned the US government realised its ports were under grave threat from German attack as the Second World War approached its zenith If the Pentagon and Navy couldn t get the information required they would risk an unthinkable loss Facing such danger the authorities made a decision that would never have been sanctioned at any other time it sought to solicit the help of the country s most high profile and criminal mafia bosses Could this historic and secret move fraught with difficulties and dangers help turn the tide This title is based on a true story **Paris Hollywood** Peter Wollen,2020-05-05 In this new collection of essays on film all written over the last ten years Peter Wollen explores an extraordinarily wide range of topics stretching from an analysis of Time in Film and Video Art to a study of Riff Raff Realism in British films There are provocative discussions of the works of established auteur directors such as Howard Hawks and Alfred Hitchcock and of the film making careers of such experimental movie makers as William Burroughs and Viking Eggeling the dadaist pioneer of abstract film The collection also includes fascinating studies of a number of film classics such as John Huston s Freud Jean Renoir s Rules of the Game and Ridley Scott s Blade Runner Other essays deal with the relationship of film to the other arts such as dance and architecture and explore the interaction between film and anthropology This is not a theoretical book but it is one that suggests many new approaches to thinking about film and many unexpected connections between film studies and the history of such strangely related activities as espionage psychoanalysis Stalinism love of speed and digital technology Full of fascinating new insights Peter Wollen s new book is based on the premise that there are no fixed ways of writing about film but rather a plethora of paths leading in very different directions each contributing to a new understanding of the twentieth century s major art form **Garden State Gangland** Scott M. Deitche,2017-12-08 The Mafia in the United States might be a shadow of its former self but in the New York New Jersey metro area there are still wiseguys and wannabes working scams extorting businesses running gambling selling drugs and branching out into white collar crimes And they are continuing a tradition that s over 100 years old Some of the most powerful mobsters on a national level were from New Jersey and they spread their tentacles down to Florida across the Atlantic and out to California And many of the stories have never been told Deitche weaves his narrative through significant as well as some lesser known mob figures who were vital components in the underworld machine New Jersey s organized

crime history has been one of the most colorful in the country serving as the home of some of the most powerful as well as below the radar mobsters in the Country And though overshadowed by the emphasis on New York City the mob and New Jersey have over the years become synonymous in both pop culture and in law enforcement But for all the press that has been dedicated to the mob and New Jersey for all the law enforcement activity against the mob and for all the pop culture references there has never truly been an examination of the rise of the mob in New Jersey from a historical perspective Until now In Garden State Gangland Scott M Deitche sets the historical record straight by providing the first overall history of the mob in New Jersey from the early turn of the century Black Hand gangs to the present and looks at how influential they were was not only to goings on the Garden State but across the New York metro region and the country as a whole [Who Killed Bummy Davis?](#) John L. Barbella,2020-10-23 [Who Killed Bummy Davis](#) By John L Barbella The story of the Legendary American boxer Al Bummy Davis was cut short all too soon on the night of November 21 1945 While drinking in a bar a group of men entered the establishment with something more than booze on their minds The group had already robbed other establishments that night but this would be their last stop In the end Bummy Davis would be lying outside dead But who killed him Who Killed Bummy Davis is a history and an account of the life career and tragic death of a talented boxer whose career and life ended suddenly leaving many unanswered questions Learn about the history of boxing gangs and turf wars during this tumultuous time in New York City and maybe an answer to who killed Al Bummy Davis **The Final Curtain: The Art of Dying on Stage** Laurence Senelick,2022-05-17 It is a book about dying or more accurately about the representation of dying in the theatre Its chief concern is how actors undertook to translate words and concepts into forms legible and significant to an audience It deals with the ways in which playwrights wrote about death and attitudes towards death in their cultures Nevertheless the emphasis is on the practice of acting This death spectacle runs the gamut From the Greek tragic stage which was highly selective in determining which deaths it re enacted to the elaborately stylized murders and suicides in the Kabuki to the lavish blood letting of the Elizabethans to the deathbed visitations of the modern era what was acceptable and or enjoyable fluctuates wildly *Shift Linguals* Edward S. Robinson,2011 *Shift Linguals* traces a history of the cut up method the experimental writing practice discovered by Brion Gysin and made famous by Beat author William S Burroughs From the groundbreaking works of Dada and Surrealism that paved the way for Burroughs breakthrough through the countercultural explosion of the 1960s *Shift Linguals* explores the evolution of the cut ups within the theoretical frameworks of postmodernism and the avant garde to arrive at the present and the digital age Some 50 years on from the first discovery of the cut ups in 1959 it is only now that we are truly able to observe the method s impact not only on literature but on music and culture in a broader sense The result of over nine years of research this study represents the first sustained and detailed analysis of the cut ups as a narrative form With explorations of the works of Burroughs Gysin Kathy Acker and John Giorno it also contains the first critical writing on the works of Claude P lieu and Carl Weissner in English as
