the human experience      **Fundamentalism, Mythos, and World Religions** Niels Christian Nielsen, 1993-01-01

Fundamentalism is widely feared and its influence is growing in many of the major world faiths Arising in reaction against modernism fundamentalism affirms a pre Enlightenment paradigm in a post Enlightenment era The author supports a prediction that fundamentalists will continue to have power in a variety of religions But their characteristic ahistorical absolutistic view will limit their outreach      **Understanding World Religions** David Whitten Smith, Elizabeth Geraldine Burr, 2014-08-21 Understanding World Religions introduces students to major worldviews including Hindu Buddhist Muslim Jewish Christian Native American and Marxist through the lens of justice and peace The second edition has been updated and revised throughout After an introduction to key themes in studying world religion chapters help students explore major traditions today Each chapter takes a similar approach examining several dimensions of each tradition experiential and emotional social and institutional narrative or mythic doctrinal and philosophical practical and ritual and ethical and legal Chapters feature profiles of major peacemakers or groups to bring the traditions to life Profiles range from Gandhi and Martin Luther King to Thich Nhat Hanh and Dorothy Day Further chapters explore liberation theologies active nonviolence and just war theory The second edition features a broader framework than the first edition and includes new material on non religious ethical norms Islamophobia colonial evangelization religion in China and an updated examination of the Israel Palestine conflict Understanding World Religions remains a powerful introduction to major worldviews with an emphasis on practical connections to peace and justice      **The Last Judgment and World Religions** Hall Peebles, 2005 Most western religions believe that when a person dies he or she goes either to heaven or to hell and remains there eternally The individual is forever numbered among the sheep who will inherit eternal life or among the goats who will suffer everlasting punishment Although belief in endless torment in hell has been increasingly questioned in recent centuries the traditional view of the four last things death judgment heaven and hell continues to shape expectations about the present and the future While this view of the last things is familiar in the West the religions of south and east Asia have a different outlook For Hinduism and Buddhism this human life is merely one in an ongoing series of lives with no clear and abiding separation between sheep and goats In this book I ask why the eastern and western beliefs are so different and I look for explanations The monotheism of the western faiths is a significant element but many other doctrines including views of the nature of God scripture and authority human nature justice and punishment are also involved I conclude that the tradition of an everlasting hell is incompatible with an accurate interpretation of scripture and with the Christian doctrine of God The goats do not exist in the West as well as the East Examining the major world religions Hall Peebles has found deep differences among them about the last judgment which has been so crucial to traditional Christianity He asks Why do the eschatologies of east and west differ so sharply Why is there no eternal hell in Hinduism and Buddhism The answers to these questions are important to theologians historians of religion and students of religion and everyone else who thinks talks and preaches about hell Moreover the

religions views of the last things not only govern their expectations about the future these views also color their understanding of human nature and society in this world here and now Peebles unique contribution to the understanding of western religions is his argument that hell cannot be eternal Examining carefully the eastern religions which have no tradition of eternal hell and the western tradition in support of it he concludes that an eternal hell is illogical and incompatible with western beliefs especially as articulated in Christianity The subject of this book is not unique but its breadth of treatment the comparison with eastern religions and above all the conclusion rejecting the eternality of hell are taken together unique This book is an essential addition to scholarship in eschatology      **Discovering World Religions** Gabriel J.
