*Ritual Gone Wrong* Kathryn T. McClymond, 2016-03-04 The discipline of religious studies has historically tended to focus on discrete ritual mistakes occurring in the context of individual performances as outlined in ethnographic or sociological studies scholars have largely overlooked the extensive discussions of ritual mistakes that exist in the religious literature of indigenous traditions And yet ritual mistakes ranging from the simple to the complex happen all the time and they continue to carry ritual weight even when no one seriously doubts their impact on the efficacy of a ritual In *Ritual Gone Wrong* Kathryn McClymond approaches ritual mistakes as an integral part of ritual life and argues that religious traditions can accommodate mistakes and are often prepared for them McClymond shows that many traditions even incorporate the regular occurrence of errors into their ritual systems developing a substantial literature on how rituals can be disrupted how these disruptions can be addressed and when disruptions have gone too far Offering a series of case studies ranging from ancient India to modern day Iraq and from medieval allegations of child sacrifice to contemporary Olympic ceremonies McClymond explores the numerous ways in which ritual can go wrong and demonstrates that the ritual is by nature fluid supple and dynamic simultaneously adapting to socio cultural conditions and in some cases shaping them *The End of Amateurism in American Track and Field* Joseph M. Turrini, 2010 Combining social and institutional history and incorporating the recollections of the athletes and meet directors on the front lines *The End of Amateurism in Track and Field* shows how the athletes thoroughly transformed their sport to end the amateur system in the early 1990s changes that allowed the athletes to market their potential drastically increase their earning possibilities and improve their quality of life *No Way but to Fight* Andrew R. M. Smith, 2020-01-10 Olympic gold medalist Two time world heavyweight champion Hall of Famer Infomercial and reality TV star George Foreman's fighting ability is matched only by his acumen for selling Yet the complete story of Foreman's transition from an urban ghetto to global celebrity has never before been told Raised in Houston's Bloody Fifth Ward battling against scarcity in housing and food young Foreman fought sometimes for survival and other times just for fun But when a government program rescued him from poverty and introduced him to the sport of boxing his life changed forever In *No Way but to Fight* Andrew R M Smith traces Foreman's life and career from Great Migration to Great Society through the Cold War and Culture Wars out of urban Houston and onto the world stage where he discovered that fame wrought new challenges Drawing on new interviews with George Foreman and declassified government documents as well as more than fifty domestic and international newspapers and magazines Smith brings to life the exhilarating story of a true American icon *No Way but to Fight* is an epic worthy of a champion **The Last Protest** Frank Murphy, 2006 South Alabama head cross country track and field coach Lee Evans partnered with renowned track biographer Frank Murphy to tell the story of the former 400 meter record holder's journey to become a champion at the 1968 Olympic Games **Black Power** Jeffrey O. G. Ogbar, 2019-03-19 Exploring the profound impact of the Black Power movement on African Americans

Outstanding Academic Title Choice In the 1960s and 70s the two most important black nationalist organizations the Nation of Islam and the Black Panther Party gave voice and agency to the most economically and politically isolated members of black communities outside the South Though vilified as fringe and extremist these movements proved to be formidable agents of influence during the civil rights era ultimately giving birth to the Black Power movement Drawing on deep archival research and interviews with key participants Jeffrey O G Ogbar reconsiders the commingled stories of and popular reactions to the Nation of Islam Black Panthers and mainstream civil rights leaders Ogbar finds that many African Americans embraced the seemingly contradictory political agenda of desegregation and nationalism Indeed black nationalism he demonstrates was far more favorably received among African Americans than historians have previously acknowledged It engendered minority pride and influenced the political cultural and religious spheres of mainstream African American life for the decades to come This updated edition of Ogbar s classic work contains a new preface that describes the book s genesis and links the Black Power movement to the Black Lives Matter movement A thoroughly updated essay on sources contains a comprehensive review of Black Power related scholarship Ultimately Black Power reveals a black freedom movement in which the ideals of desegregation through nonviolence and black nationalism marched side by side

**Racism and the Olympics** Robert G. Weisbord, 2017-09-08 Sports are the opiate of the people particularly in the United States Europe and parts of South America Globally billions of fans feverishly focus on the summer and winter Olympics In theory international fraternalism is boosted by these friendly competitions but often national rivalries eclipse the theoretical amity How the Olympics have dealt with racism over the years offers a window to better understanding these dynamics Since their revival in 1896 the modern Olympics were periodically agitated by political and moral conundrums Racial tensions the topic of this volume reached their apex under the polarizing presidency of Avery Brundage Race in sports cannot be disentangled from societal problems nor can race or sports be fully understood separately Racial conflict must be contextualized Racism and the Olympics explores the racial landscape against which a number of major disputes evolved The book covers various topics and events in history that portray discrimination within Olympic games such as the Nazi games of 1936 the black American protest on the victory stand in Mexico City s Olympics as well as international political forces that removed South Africa and Rhodesia from the Olympics Robert G Weisbord considers the role of international politics and the criteria that should be used to determine nations that are selected to take part in and serve as venues for the Olympic Games

Sidelined Simon Henderson, 2013-03-01 A sociologist and oral historian explores the interwoven histories of sports and civil rights activism in this extensively researched volume In 1968 noted sociologist Harry Edwards established the Olympic Project for Human Rights calling for a boycott of that year s games in Mexico City as a demonstration against racial discrimination Though the boycott never materialized Edwards s ideas struck a chord with athletes and incited African American Olympians Tommie Smith and John Carlos to protest by raising their black gloved fists on the podium after receiving their medals Sidelined

draws upon a wide range of historical materials and more than forty oral histories with athletes and administrators to explore how the black athletic revolt used professional and college sports to promote the struggle for civil rights in the late 1960s By examining activists successes and failures in promoting racial equality on one of the most public stages in the world Henderson sheds new light on an often overlooked subject and gives voice to those who fought for civil rights both on the field and off

**It Was Always a Choice** David Steele, 2022-07-08 This book contextualizes the latest rise in athlete activism against racial inequality by surveying the history of protest in American sports Steele reveals that the platform sports stardom affords has always come with the responsibility to speak out against injustice even if not all athletes have answered that call

**Historical Dictionary of Track and Field** Peter Matthews, 2012-03-22 While the earliest evidence of organized running can be traced back to Egypt in 3800 BCE the modern sport of track and field evolved from rural games and church and folk festivals and rules were drawn up in the final quarter of the 19th century in those advanced societies where enough people had the leisure time to indulge their fancies Today in addition to the running events track and

field includes such events as the high jump pole vault long jump shot discus javelin hammer and decathlon The Historical Dictionary of Track and Field covers the history of this sport through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on key figures places competitions and governing bodies within the sport This book is an excellent access point for researchers students and anyone wanting to know more about the history of track and field

**Sports and the Racial Divide, Volume II** Michael E. Lomax, Billy Hawkins, 2024-01-18 Contributions by Amy Bass Ashley Farmer Sarah K Fields Billy Hawkins Kurt Edward Kemper Michael E Lomax and David K Wiggins In Sports and the Racial Divide Volume II A Legacy of African American Athletic Activism Michael E Lomax and Billy Hawkins draw together essays that examine evolving attitudes about race sports and athletic activism in the US A follow up to Lomax s Sports and the Racial Divide African American and Latino Experience in an Era of Change this second anthology links post World War II African American protest movements to a range of contemporary social justice interventions Athlete activists have joined the ongoing pursuit for Black liberation and self determination in a number of ways Contributors examine some of these efforts including the fight for HBCUs to enter the NCAA basketball tournament Harry Edwards and the boycott of the 1968 Olympic Games and US sporting culture in the post 9 11 era Essays also detail topics like the protest efforts of San Francisco 49ers quarterback Colin Kaepernick the link between the Black Power movement and the current Black Lives Matter movement and the activism of athletes like LeBron James and Naomi Osaka Collectively these essays reveal a historical narrative in which African Americans have transformed the currency of athletic achievement into impactful political capital

The Track in the Forest Bob Burns, 2018-10-02 The 1968 US men s Olympic track and field team won 12 gold medals and set six world records at the Mexico City Games one of the most dominant performances in Olympic history The team featured such legends as Tommie Smith Bob Beamon Al Oerter and Dick Fosbury Fifty years later the team is mostly remembered for embodying the tumultuous social and racial climate of 1968 The Black Power protest of Tommie Smith and John Carlos on the victory stand in Mexico City remains one of the most enduring images of the 1960s Less known is the role that a 400 meter track carved out of the Eldorado National Forest above Lake Tahoe played in molding that juggernaut To acclimate US athletes for the 7 300 foot elevation of Mexico City the US Olympic Committee held a two month training camp and final Olympic selection meet for the ages at Echo Summit near the California Nevada border Never has a sporting event of such consequence been held in such an ethereal setting On a track in which hundreds of trees were left standing on the infield to minimize the environmental impact four world records fell more than have been set at any US meet since including the 1984 and 1996 Olympics But the road to Echo Summit was tortuous the Vietnam War was raging Martin Luther King Jr and Robert Kennedy were assassinated and a group of athletes based out of San Jose State had been threatening to boycott the Mexico City Games to protest racial injustice Informed by dozens of interviews by longtime sports journalist and track enthusiast Bob Burns this is the story of how in one of the most divisive

years in American history a California mountaintop provided an incomparable group of Americans shelter from the storm

**Athletic Activism** Jeffrey Montez de Oca, Stanley Thangaraj, 2023-08-08 Rooted in a global transnational perspective Athletic Activism Global Perspectives on Social Transformation demonstrates how athletic activism can not only impact global discourse about inequity across various social location but foster institutional change that advances social justice

*Black Mercuries* David K. Wiggins, Kevin B. Witherspoon, Mark Dyreson, 2023-02-08 An essential source on African American athletes and Olympic history Booklist Starred Review and Named a Booklist Top 10 Sports Book of 2023 The first book to fully chronicle the struggles and triumphs of African American athletes in the Modern Olympic summer games In the modern Olympic Games from 1896 through the present African American athletes have sought to honor themselves their race and their nation on the global stage But even as these incredible athletes have served to promote visions of racial harmony in the supposedly apolitical Olympic setting many have also bravely used the games as a means to bring attention to racial disparities in their country and around the world In *Black Mercuries* African American Athletes Race and the Modern Olympic Games David K Wiggins Kevin B Witherspoon and Mark Dyreson explore in detail the varied experiences of African American athletes specifically in the summer games They examine the lives and careers of such luminaries as Jesse Owens Rafer Johnson Wilma Rudolph Florence Griffith Joyner Michael Johnson and Simone Biles but also many African American Olympians who have garnered relatively little attention and whose names have largely been lost from historical memory In recounting the stories of these Black Olympians *Black Mercuries* makes clear that their superior athletic skills did not always shield them from the racial tropes and insensitivity spewed by fellow athletes the media spectators and many others Yet in part because of the struggles they faced African American Olympians have been extraordinarily important symbolically throughout Olympic history serving as role models to future Black athletes and often putting their careers on the line to speak out against enduring racial inequality and discriminatory practices in all walks of life *Taking a Knee, Taking a Stand* Bob Schron, 2020-03-19 A history of the activism and achievement of African American athletes from Jesse Owens to Serena Williams to Colin Kaepernick who advanced the cause of social justice through their outspokenness commitment and integrity Muhammad Ali refused to fight in a war he believed was immoral Wilma Rudolph retired from track and field to campaign for civil rights Colin Kaepernick took a knee during the national anthem to draw attention to the oppression of black bodies *Taking a Knee Taking a Stand* tells their stories and the stories of other prominent African American male and female athletes who often risked their careers to fight racial discrimination and promote social justice From Jackie Robinson breaking the color line in major league baseball to NBA great Bill Russell sitting at the feet of Dr Martin Luther King at the 1963 March on Washington to Althea Gibson asserting her tennis dominance at a time when many clubs would not allow African Americans to play on their courts this moving and celebratory history shows how the tradition of black protest in sports has been consistent necessary and organic and that the present crisis of misunderstanding and intolerance demands

that this tradition continue as the country struggles toward fairness and equity      **Protest and Dissent** Melissa Schwartzberg, 2020-03-03 Essays on the justification strategy and limits of mass protests and political dissent In *Protest and Dissent* the latest installment of the NOMOS series distinguished scholars from the fields of political science law and philosophy provide a fresh interdisciplinary perspective on the potential and limits of mass protest and disobedience in today's age Featuring ten timely essays the contributors address a number of contemporary movements from Black Lives Matter and the Women's March to Occupy Wall Street and Standing Rock Ultimately this volume challenges us to re-imagine the boundaries between civil and uncivil disagreement political reform and radical transformation and democratic ends and means *Protest and Dissent* offers thought provoking insights into a new era of political resistance      [A Guide to the Olympic Games and London 2012](#) Maurice Crow, Juliet Morris, 2012-07-19 According to legend the ancient Olympic Games were founded by Heracles the Roman Hercules a son of Zeus The first Olympics were held in 776 BCE and continued to be played every four years for nearly 1200 years In 393 CE the Roman emperor Theodosius I a Christian abolished the Games because of their pagan influences Approximately 1500 years later a young Frenchman named Pierre de Coubertin began their revival and the first modern day Olympics were held in Athens in 1896 The modern day Summer Olympics consist of approximately 10 500 competitors from 204 countries competing in more than 300 events This pocket guide provides a brief history of the Olympics from their origin until the present day including a guide to London 2012 The History of the Olympic Games is the perfect accessory to the London Olympics acting as a handy guide to Olympic venues events and achievements Also included are tables of previous winners making this the perfect gift for any Athletics fan      *From Jack Johnson to LeBron James* Chris Lamb, 2016 The campaign for racial equality in sports has both reflected and affected the campaign for racial equality in the United States Some of the most significant and publicized stories in this campaign in the twentieth century have happened in sports including of course Jackie Robinson in baseball Jesse Owens Tommie Smith and John Carlos in track Arthur Ashe in tennis and Jack Johnson Joe Louis and Muhammad Ali in boxing Long after the full integration of college and professional athletics race continues to play a major role in sports Not long ago sportswriters and sportscasters ignored racial issues They now contribute to the public's evolving racial attitudes on issues both on and off the field ranging from integration to self-determination to masculinity *From Jack Johnson to LeBron James* examines the intersection of sports race and the media in the twentieth century and beyond The essays are linked by a number of questions including How did the black and white media differ in content and context in their reporting of these stories How did the media acknowledge race in their stories Did the media recognize these stories as historically significant Considering how media coverage has evolved over the years the essays begin with the racially charged reporting of Jack Johnson's reign as heavyweight champion and carry up to the present covering the media narratives surrounding the Michael Vick dogfighting case in a supposedly post-racial era and the media's handling of LeBron James's announcement to leave Cleveland for Miami      **Fair Game?** John Leonard, 2016-06-15

Sports have their own controversies fights over tactics disputes over refereeing calls the specter of drugs and cheats Then there are those with dark political overtones Foul Tackling Politics and Sport takes a look at controversial moments when sport and politics have collided during the past century some tragic others plain sinister a few bizarre all the subject of hot dispute Ranging from the infamous Berlin Olympics hijacked by Hitler and the Nazis the tragedy of Munich and the Cold War boycotts to the curious case of the Gaelic Athletic Association throwing out Irish President Douglas Hyde It shows how sport can be cynically manipulated by some of the most unsavoury of characters in world history and how ultimately athletes and the fans end up losers

**Ball in My Hands** David K. Wiggins, 2025-03-27 When David K Wiggins released his first anthology of previously published essays on race and sport in 1997 African American athletes were receiving more popular interest and scholarly attention The growth of sport history as an academic discipline combined with an increased interest in Black life and history had led to the publication of numerous biographies of African American athletes studies on Negro League Baseball and one survey text on the Black athletic experience to name a few Almost thirty years later Wiggins s second anthology is a comprehensive collection that examines the complex intersection of race sport and American culture discussing the experiences challenges and victories of Black athletes throughout the twentieth century Featuring eleven previously published essays *Ball in My Hands: Black Athletes, Race and American Culture* weaves storytelling and scholarly discussion together in its exploration of well known figures like Olympic decathlon champion Milt Campbell professional tennis icon Arthur Ashe Olympic sprinter Vince Matthews civil rights activist Harry Edwards basketball legend Kobe Bryant and more In his final essay Wiggins reflects on his experiences as a White scholar who has spent his forty year academic career analyzing and writing about experiences of African Americans in sport and the interconnection among race sport and American culture With an original introduction and a foreword from Damion L Thomas Museum Curator of Sports at the Smithsonian s National Museum of African American History and Culture *Ball in My Hands* is not simply a collection of biographies on individual athletes or write ups on athletic institutions rather it offers a wide ranging discussion of the history and meaning of African American sport that will engage not only scholars of African American history and sport history but educators sports enthusiasts and general readers alike
