

THE LAST SIX MONTHS

General S. M. Shtemenko

The first authentic account
of Russia's final battles with
Hitler's armies in World War II

The Last Six Months Russias Final Battles With Hitlers Armies In World War Ii

Henrik O. Lunde

The Last Six Months Russias Final Battles With Hitlers Armies In World War II:

The Last Six Months Sergei Matveevich Shtemenko, Guy Daniels, 1978 **Endgame 1944** Jonathan

Dimbleby, 2024-05-23 THE INSTANT SUNDAY TIMES BESTSELLER This book is his best yet Dimbleby's work is in a different league told with such skill and judgment Dominic Sandbrook Sunday Times A gripping and authoritative account of the year that sealed the fate of the Nazis from the bestselling historian June 1944 In Operation Bagration more than two million Red Army soldiers facing 500 000 German soldiers finally avenged their defeat in Operation Barbarossa in 1941 The same month saw the Allies triumph on the beaches of Normandy but despite the myths that remain it was the events on the Eastern Front that sealed Hitler's fate and destroyed Nazism In his new book bestselling historian Jonathan Dimbleby describes and analyses this momentous year covering the military political and diplomatic story in his evocative style Drawing on previously untranslated German Russian and Polish sources we see how sophisticated new forms of deception and ruthless Partisan warfare shifted the Soviets fortunes how their triumphs effectively gave Stalin authority to occupy Eastern Europe and how it was the events of 1944 that enabled Stalin to dictate the terms of the post war settlement laying the foundations for the Cold War Mr Dimbleby is a sure footed guide to the labyrinthine military operations along a front line that extended nearly 2 000 miles from the Baltic to the Black Sea Wall Street Journal Terrific a tour de force Sir Richard Evans Military history at its very best Keith Lowe Sunday Time Bestseller June 2024 **The Second World Wars** Victor Davis Hanson, 2017-10-17 A breathtakingly magisterial account of World War II by America's preeminent military historian Wall Street Journal World War II was the most lethal conflict in human history Never before had a war been fought on so many diverse landscapes and in so many different ways from rocket attacks in London to jungle fighting in Burma to armor strikes in Libya The Second World Wars examines how combat unfolded in the air at sea and on land to show how distinct conflicts among disparate combatants coalesced into one interconnected global war Drawing on 3 000 years of military history bestselling author Victor Davis Hanson argues that despite its novel industrial barbarity neither the war's origins nor its geography were unusual Nor was its ultimate outcome surprising The Axis powers were well prepared to win limited border conflicts but once they blundered into global war they had no hope of victory An authoritative new history of astonishing breadth The Second World Wars offers a stunning reinterpretation of history's deadliest conflict **When Titans Clashed** David M. Glantz, Jonathan M. House, 2015-10-16 On first publication this uncommonly concise and readable account of Soviet Russia's clash with Nazi Germany utterly changed our understanding of World War II on Germany's Eastern Front immediately earning its place among top shelf histories of the world war Revised and updated to reflect recent Russian and Western scholarship on the subject much of it the authors own work this new edition maintains the 1995 original's distinction as a crucial volume in the history of World War II and of the Soviet Union and the most informed and compelling perspective on one of the greatest military confrontations of all time In 1941 when Pearl Harbor shattered America's

peacetime pretensions the German blitzkrieg had already blasted the Red Army back to Moscow Yet less than four years later the Soviet hammer and sickle flew above the ruins of Berlin stark symbol of a miraculous comeback that destroyed the Germany Army and put an end to Hitler s imperial designs In swift and stirring prose When Titans Clash provides the clearest most complete account of this epic struggle especially from the Soviet perspective Drawing on the massive and unprecedented release of Soviet archival documents in recent decades David Glantz one of the world s foremost authorities on the Soviet military and noted military historian Jonathan House expand and elaborate our picture of the Soviet war effort a picture sharply different from accounts that emphasize Hitler s failed leadership over Soviet strategy and might Rafts of newly available official directives orders and reports reveal the true nature and extraordinary scale of Soviet military operations as they swept across the one thousand miles from Moscow to Berlin featuring stubborn defenses and monumental offensives and counteroffensives and ultimately costing the two sides combined a staggering twenty million casualties Placing the war within its wider context the authors also make use of recent revelations to clarify further the political economic and social issues that influenced and reflected what happened on the battlefield Their work gives us new insight into Stalin s political motivation and Adolf Hitler s role as warlord as well as a better understanding of the human and economic costs of the war for both the Soviet Union and Germany While incorporating a wealth of new information When Titans Clashed remains remarkably compact a tribute to the authors determination to make this critical chapter in world history as accessible as it is essential

Hitler's Wave-Breaker Concept Henrik O. Lunde, 2013-07-19 A strategic analysis of the Nazi high command s decisions in the north from an established scholar of the Scandinavian theater Publishers Weekly One of the prominent controversies of World War II remains the debate over Germany s strategy in the north of the Soviet Union as the tide of war turned and gigantic Russian armies began to close in on Berlin Here Henrik Lunde former US Special Forces officer and author of renowned works on the campaigns in Norway and Finland turns his sights to the withdrawal of Army Group North Applying cool headed analysis to the problem the author first acknowledges that Hitler often accused of holding on to ground for the sake of it had valid reasons in this instance to maintain control of the Baltic coast Without it his supply of iron ore from Sweden would have been cut off German naval U boat bases would have been compromised and an entire simpatico area of Europe including East Prussia would have been forsaken On the other hand Germany s maintaining control of the Baltic would have meant convenient supply for forces on the coast or evacuation if necessary and perhaps most important remaining German defensive pockets behind the Soviets main drive to Europe would tie down disproportionate offensive forces Stalwart German forces remaining on the coast and on their flank could break the Soviet tidal wave However unlike during today s military planning the German high command in a situation that changed by the month had to make quick decisions and gamble the fate of hundreds of thousands of troops and the entire nation at stake on quickly decided throws of the dice In this book both combat and strategy are described in the final stages of the fighting

in the Northern Theater with Lunde's even handed thought provoking analysis of the campaign a reward to every student of World War II Includes maps **Finland in the Second World War** Olli Vehviläinen,2002-05-10 This book describes the struggle for power between two totalitarian dictatorships in the north of Europe and the battle for survival of a small nation caught between them In the Winter War of 1939-1940 Finland successfully fought off a Soviet invasion Then with none to turn to but Germany it became the only democratic state on the Axis side Ultimately it succeeded in extricating itself from the war and despite the shadow of Russia looming over it averted a Communist takeover *The Fall of Berlin* Anthony Tucker-Jones,2024-06-01 In April 1945 Soviet forces descended on Berlin in the final phase of the war in Europe The fighting was fierce as soldiers fanatically loyal to the Nazi party and those afraid of the vengeance their opponents might enact sought to stave off the end of the regime as long as possible Even as it became clear that defeat was inevitable Hitler and his subordinates determined to fight to the bitter end resulting in a bitter brutal end to the war As the Russian tanks crushed the remaining pockets of resistance the city was turned into a nightmarish dystopia Pillage plunder mass rape and unceasing destruction followed In this vivid illustrated account the author covers both German and allied viewpoints exploring explores the strategies the battles the civilian experiences and the personalities involved in this fateful the final days of the Third Reich Slaughter on the Eastern Front Anthony Tucker-Jones,2017-05-01 In the summer of 1941 a collective madness overtook Adolf Hitler and his senior generals They convinced themselves that they could take on and defeat a superpower in the making the Soviet Union Foolishly they thought in a swift campaign they could smash the Red Army and force Stalin to sue for peace despite dire warnings that Stalin was amassing a reserve army of more than 1 million men on the Volga The end result would be such carnage that it would tear the German forces apart In his major reassessment of the war on the Eastern Front Anthony Tucker Jones casts new light on the brutal fighting including such astounding German defeats as at Stalingrad Kursk Minsk and finally Berlin He controversially contends that from the very start intelligence officers on both sides failed to influence their leadership resulting in untold slaughter He also reveals the shocking blunders by Hitler Stalin and even Churchill that led to the appalling needless destruction of Hitler's armed forces as early as the winter of 1941-42 Step by step Tucker Jones describes how the German war machine fought to its very last against a relentless enemy fully aware that defeat was inevitable *The Myth of the Good War* Jacques R. Pauwels,2002-10-25 This book offers a fresh and provocative look at the role of the USA in World War II It spent four months on the nonfiction bestseller lists in Europe when it was first published in Belgium in 2000 Tsars, Soviets, Putin Wojciech Materski,2025-04-21 Wojciech Materski's book *From the Tsars to The Tsar* gives a synopsis of the politics of memory practiced by Russia from the sixteenth to the twenty-first century He shows how irrespectively of the period in its history Russia's politics of memory have always been used as a tool to integrate the country's inhabitants reinforce the cult of their leader cultivate the social attitudes and stereotypes its rulers wanted the people to embrace and relativize their mistakes and crimes The broad perspective Materski adopts

provides a very substantial supplement to earlier work on the subject or in fact takes the time range he considers much further offering the latest highly original and thoroughly researched synthesis of Russia's politics of memory from the sixteenth to the twenty first century These qualities alongside the current geopolitical situation overshadowed by Russia's invasion of Ukraine make Wojciech Materski's book an attractive offer not only for historians political scientists sociologists and specialists in international relations but also for students and non specialists looking for information on Russia's history and foreign policy

World War II in Europe David T. Zabecki, 2015-05-01 World War II defined the 20th century and shaped many events from the decolonization of Africa to the rise and fall of the Berlin Wall This encyclopedia offers a focused overview of this complex and volatile era the circumstances that led up to war the underlying causes its unfolding and consequences Organized for quick and precise access More than 1300 entries by 150 experts are arranged in six sections for easy reference and consultation All the key ideas events actions weapons individuals and organizations that played vital roles in the war are covered from the Axis Pact to the Arab League from the OSS to the Africa Korps from the Chetniks to the Jedburghs from the battle of Kursk to Operation Mincemeat from Bill Donovan to Otto Skorzeny from Gestapo to SMERSH from Georgi Zhukov to Jean Leclerc from the 88 gun to the Norden Bombsight Covers important neglected subjects The Encyclopedia puts special emphasis on the often neglected operations in Eastern Europe and Russia A key section inspects and rates all the major weapons with handy tables for easy comparison And in recognition of the first large scale participation of women in the war the volume thoroughly documents their individual and unit contributions to the Allied effort Finally the encyclopedia discusses battlefield realities that explain for example why the airborne drops at Normandy succeeded and the ones at Arnheim failed A bibliography glossary maps photographs and weapons and data tables enhance the coverage Also includes 16 maps

Special Bibliography Series, 1957 [Finland's War of Choice](#) Henrik O. Lunde, 2020-01-10 A selection of the Military Book Club A solid operational analysis from an established scholar of the Scandinavian theater Publishers Weekly This book describes the odd coalition between Germany and Finland in World War II and their joint military operations from 1941 to 1945 In stark contrast to the numerous books on the shorter and less bloody Winter War which represented a gallant fight of a democratic David against a totalitarian Goliath and caught the imagination of the world the story of Finland fighting alongside a Goliath of its own has not brought pride to that nation and was a period many Finns would rather forget A prologue brings the reader up to speed by briefly examining the difficult history of Finland from its separation from the Soviet Union in 1917 to its isolation after being bludgeoned in 1939-40 It then examines both Finnish and German motives for forming a coalition against the USSR and how as logical as a common enemy would seem the lack of true planning and preparation would doom the alliance In this book Henrik Lunde a former US Special Operations colonel and author of *Hitler's Pre-emptive War The Battle for Norway 1940* once again fills a profound gap in our understanding of World War II

Enduring the Whirlwind Gregory Liedtke, 2016-09-19 Despite the best efforts of a

number of historians many aspects of the ferocious struggle between Nazi Germany and the Soviet Union during the Second World War remain obscure or shrouded in myth One of the most persistent of these is the notion largely created by many former members of its own officer corps in the immediate postwar period that the German Army was a paragon of military professionalism and operational proficiency whose defeat on the Eastern Front was solely attributable to the amateurish meddling of a crazed former Corporal and the overwhelming numerical superiority of the Red Army A key pillar upon which the argument of German numerical weakness vis vis the Red Army has been constructed is the assertion that Germany was simply incapable of providing its army with the necessary quantities of men and equipment needed to replace its losses In consequence as their losses outstripped the availability of replacements German field formations became progressively weaker until they were incapable of securing their objectives or eventually of holding back the swelling might of the Red Army This work seeks to address the notion of German numerical weakness in terms of Germany s ability to replace its losses and regenerate its military strength and assess just how accurate this argument was during the crucial first half of the Russo German War June 1941 June 1943 Employing a host of primary documents and secondary literature it traces the development and many challenges of the German Army from the prewar period until the invasion of the Soviet Union in June 1941 It continues on to chart the first two years of the struggle between Germany and the Soviet Union with a particular emphasis upon the scale of German personnel and equipment losses and how well these were replaced It also includes extensive examinations into the host of mitigating factors that both dictated the course of Germany s campaign in the East and its replacement and regeneration capabilities In contrast to most accounts of the conflict this study finds that numerical weakness being the primary factor in the defeat of the Ostheer specifically as it relates to the strength and condition of the German units involved has been overemphasized and frequently exaggerated In fact Germany was actually able to regenerate its forces to a remarkable degree with a steady flow of fresh men and equipment and German field divisions on the Eastern Front were usually far stronger than the accepted narratives of the war would have one believe *Battle of the Cities*
Anthony Tucker-Jones,2023-07-30 A concise and vivid history of the urban war on the Eastern Front The Stalingrad battle and the Leningrad siege were just two of the brutal devastating urban conflicts that marked the awful struggle between Germany and the Soviet Union during the Second World War The cities were strategic fixed points in the sweeping advances and retreats of the opposing armies across eastern Europe Yet no one has concentrated on these city battles before or has sought to tell the story of the campaigns through the fighting that took place in and around them That is Anthony Tucker Jones s purpose in this concise and vivid history of the urban war on the Eastern Front Early in the war during the Wehrmacht s crushing offensives of 1941 and 1942 the Red Army was forced out of a series of key cities Moscow was threatened Leningrad surrounded Then after the climactic battle at Stalingrad the Red Army with increasing confidence speed and power drove the Germans from the Soviet and East European capitals they had occupied The final urban battles

were fought in Germany's cities culminating in Berlin As he traces the course of the fighting for each city Anthony Tucker Jones looks at the local circumstances the opposing forces the strategic significance and the tactics employed He focuses not only on the destruction and cruelty of such warfare but on the heroism displayed on both sides and on the fate of the civilians who found themselves on the front line **Special Bibliographic Series** US Army Military History Research Collection,1978 **Kursk 1943** Anthony Tucker-Jones,2018-05-07 In 1943 as war raged along the Eastern Front the German forces attempted to push further east in the brutal Operation Citadel which saw one of the largest armoured clashes in history the Battle of Prokhorovka Countered by two Soviet attacks this operation saw the tide turn on the Eastern Front For the first time a German offensive was halted in its tracks and the Soviets ended the conflict as the decisive victors With a loss of over 200 000 men on both sides this two month clash was one of the costliest of the war In this dramatic study Anthony Tucker Jones reassesses this decisive tank battle through the eyes of those who fought using translated first person accounts Kursk 1943 is one volume that no military history enthusiast should be without *Cold War in the Balkans* Michael M. Boll,2021-10-21 As World War II drew to a close the United States and the Soviet Union began to maneuver for position in postwar Europe in the first exploratory moves of what would soon become a worldwide contest for power and prestige In Bulgaria Michael Boll finds a unique vantage point for study of the processes of international politics during these years of the emergence of the Cold War Bulgaria he writes was to assume a significance for both the United States and the Soviet Union greater than that small nation's intrinsic importance to either Great Power Bulgaria had joined the Axis under pressure during the war though it alone among the Axis satellites had refused to declare war on the Soviet Union Willing in 1943 to lend support to an American plan devised to bring about Bulgaria's surrender and its participation in the war against Germany the Soviet by the fall of 1944 was to invade Bulgaria and form an alliance with the Bulgarian Communists who offered dependable support in the Red Army's continuing war effort When military objectives were replaced by the Soviet's political drive for consolidation of its newly won empire the Bulgarian Communists remained indispensable allies and continued the determined campaign that culminated in 1947 in declaration of the People's Republic of Bulgaria Boll refutes the frequent charge of American nonpolicy toward Eastern Europe in this period concluding that the loss of Bulgaria was the result not of the lack of determined policy but of a realistic assessment of American capabilities and strategic priorities *Cold War in the Balkans* drawing on important new Eastern European sources and newly declassified British and American archives relates international diplomatic history to local political developments in a way that gives new depth to the study of Cold War origins *Transformation in Russian and Soviet military history* , **Austria, 1945-1995** Kurt Richard Luther,Peter Pulzer,2018-12-13 First published in 1998 This is the only up to date English language work which seeks to assess the whole of the post war Austrian experience in the light of the latest research using a multi disciplinary approach by historians political scientists economists international relations specialists and literary historians It is addressed not only to

specialists in Austrian affairs but also to studies and scholars concerned with the evaluation of small democracies their place in an integrated continent and the shape of post Communist Central Europe The formative first few decades of the Second Republic are reassessed in four contributions analysis of the key actors and events involved in the genesis of post war state of the activities of Karl Renner s first coalition government of how tensions regarding Austrian identity were played out in post war literature and of the competing domestic and superpower perceptions of Austria s fledgling neutrality

Thank you very much for downloading **The Last Six Months Russias Final Battles With Hitlers Armies In World War Ii**. As you may know, people have search numerous times for their favorite readings like this The Last Six Months Russias Final Battles With Hitlers Armies In World War Ii, but end up in infectious downloads.

The Last Six Months Russias Final Battles With Hitlers Armies In World War Ii Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The Last Six Months Russias Final Battles With Hitlers Armies In World War Ii PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This

convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The Last Six Months Russias Final Battles With Hitlers Armies In World War Ii PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The Last Six Months Russias Final Battles With Hitlers Armies In World War Ii free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About The Last Six Months Russias Final Battles With Hitlers Armies In World War Ii Books

1. Where can I buy The Last Six Months Russias Final Battles With Hitlers Armies In World War Ii books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Last Six Months Russias Final Battles With Hitlers Armies In World War Ii book to read?

Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.

4. How do I take care of The Last Six Months Russias Final Battles With Hitlers Armies In World War Ii books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are The Last Six Months Russias Final Battles With Hitlers Armies In World War Ii audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
