The Last Voyage of Somebody the Sailor Kevin R. Brown, 1994 *John Barth and Postmodernism* Berndt Clavier, 2007 John Barth's eminence as a postmodernist is indisputable However much of the criticism dealing with his work is prompted by his own theories of exhaustion and subsequent replenishment leaving his writing relatively untouched by theories of postmodernism in general This book changes that by focusing on the relationship between Barth's aesthetic and the ideology critique of the historical avant gardes which were the first to mobilize art against itself and its institutional practices and demands Examining Barth's metafictional parodies in the light of theories of space and subjectivity Clavier engages the question of ideology critique in postmodernism by offering the montage as a possible model for understanding Barth's fiction In such a light postmodernism may well be perceived as a mimesis of reality particularly a recognition of the collective nature of self and the world **Textual Wanderings** Rhian Atkin, 2017-12-02 Digression is a crucial motif in literary narratives It features as a key characteristic of fictional works from Cervantes and Sterne to Proust Joyce and Calvino Moving away from a linear narrative and following a path of associations reflects how we think and speak Yet an author's inability to stick to the point has often been seen to detract from a work of literature somehow weakening it This wide ranging and timely volume seeks to celebrate narrative digressions and move towards a theoretical framework for studying the meanderings of literary texts as a useful and valuable aspect of literature Essays discussing some of the possibilities for approaching narrative digression from a theoretical perspective are complemented with focused studies of European and American authors As a whole the book offers a broad and varied view of textual wanderings **The Return of the Storyteller in Contemporary Fiction** Areti Dragas, 2014-08-31 Focusing on the figure of the storyteller this study breaks new ground in the approach to reading contemporary literature by identifying a growing interest in storytelling For the last thirty years contemporary fiction has been influenced by theoretical discourses textuality and writing Only since the rise of postcolonialism have academic critics been more overtly interested in stories where high theory frameworks are less applicable However as we

move through various contemporary contexts engaging with postcolonial identities and hybridity to narratives of disability and evolutionary accounts of group and individual survival a common feature of all is the centrality of story which posits both the idea of survival and the passing on of traditions The Return of the Storyteller in Contemporary Fiction closely examines this preoccupation with story and storytelling through a close reading of six contemporary international novelists that are either about actual storytellers or engage with the figure of the storyteller revealing how death of the author has given birth to the storyteller

The Arabian Nights in Contemporary World Cultures Muhsin J. al-Musawi, 2021-08-26 The stories in the Thousand and One Nights or the Arabian Nights are familiar to many of us from the tales of Aladdin Sinbad the Sailor Ali Baba and his forty thieves to the framing story of Scheherazade telling these stories to her homicidal husband Shahrayar This book offers a rich and wide ranging analysis of the power of this collection of tales that penetrates so many cultures and appeals to such a variety of predilections and tastes It also explores areas that were left untouched like the decolonization of the Arabian Nights and its archaeologies Unique in its excavation into inroads of perception and reception Muhsin J al Musawi s book unearths means of connection with common publics and learned societies Al Musawi shows as never before how the Arabian Nights has been translated appropriated and authenticated or abused over time and how its reach is so expansive as to draw the attention of poets painters illustrators translators editors musicians political scientists like Leo Strauss and novelists like Michel Butor James Joyce and Marcel Proust amongst others Making use of documentaries films paintings novels and novellas poetry digital forums and political jargon this book offers nuanced understanding of the perennial charm and power of this collection

Scheherazade's Children Philip F. Kennedy, Marina Warner, 2013-11-08 Scheherazade s Children gathers together leading scholars to explore the reverberations of the tales of the Arabian Nights across a startlingly wide and transnational range of cultural endeavors The contributors drawn from a wide array of disciplines extend their inquiries into the book s metamorphoses on stage and screen as well as in literature from India to Japan from Sanskrit mythology to British pantomime from Baroque opera to puppet shows Their highly original research illuminates little known manifestations of the Nights and provides unexpected contexts for understanding the book s complex history Polemical issues are thereby given unprecedented and enlightening interpretations Organized under the rubrics of Translating Engaging and Staging these essays view the Nights corpus as a uniquely accretive cultural bundle that absorbs the works upon which it has exerted influence In this view the Arabian Nights is a dynamic living and breathing cross cultural phenomenon that has left its mark on fields as disparate as the European novel and early Indian cinema While scholarly the writers approach is also lively and entertaining and the book is richly illustrated with unusual materials to deliver a sparkling and highly original exploration of the Arabian Nights radiating influence on world literature performance and culture

The Thousand and One Nights and Twentieth-Century Fiction Richard van Leeuwen, 2018-07-17 It is gradually being acknowledged that the Arabic story collection Thousand and One Nights has had a major influence on European and world literature This study analyses the influence of Thousand and One Nights as an intertextual model on 20th century prose from all over the world Works of approximately forty authors are examined those who were crucial to the development of the main currents in 20th century fiction such as modernism magical realism and post modernism The book contains six thematic sections divided into chapters discussing two or three authors works each from a narratological perspective and supplemented by references to the cultural and literary context It is shown how Thousand and One Nights became deeply rooted in modern world literature especially in phases of renewal and experiment

Cycles of Influence Stephen Benson, 2003-03-01 Analyzes how the folktale has influenced the development of narrative theory and how postmodern fiction has drawn on the folktale to experiment with diverse narrative concepts In this wide ranging and insightful analysis Stephen Benson proposes a poetics of narrative for postmodernism by placing new emphasis on the folktale Postmodernist fictions have evidenced a return to narrative to storytelling centered on a sequence of events rather than a spiraling of events as found in modernism and recent theorists have described narrative as a central instance of the human mind By characterizing the folktale as a prime embodiment of narrative Benson relates folktales to many of the theoretical concerns of postmodernism and provides new insights into the works of major writers who have used this genre which includes the subgenre of the fairy tale in opening narrative up to new possibilities Benson begins by examining the key features of folktales their emphasis on a chain of events rather than description or consciousness their emphasis on a self contained fictional environment rather than realism the presence of a storyteller as a self confessed fabricator their oral and communal status and their ever changing state which defies authoritative versions He traces the interactions between the folktale and Italo Calvino's *Fiabe Italiane* between selected fictions of John Barth and the Arabian Nights between the work of Robert Coover and the subgenre of the fairy tale and between the Bluebeard stories and recent feminist retellings by Angela Carter and Margaret Atwood The arguments presented will interest not only folklorists and scholars of narrative but also readers in fields ranging from comparative literature to feminist theory

attempted to impose order on a disordered world to postmodernism in which the artist portrays the process of orderly disorder Conte shows how the shift has led to postmodern artists embrace of science in their treatment of complex ideas Detailing how chaos theory interpenetrates disciplines as varied as economics politics biology and cognitive science he suggests a second paradigm shift from modernist specialization to postmodern pluralism In such a pluralistic world the novel is freed from the purely literar
