ethnicities races or religions help nations achieve stable peace He considers many historical successes and failures including the onset of friendship between the United States and Great Britain in the early twentieth century the Concert of Europe which preserved peace after 1815 but collapsed following revolutions in 1848 and the remarkably close partnership of the Soviet Union and China in the 1950s which descended into open rivalry by the 1960s In a world where conflict among nations seems inescapable *How Enemies Become Friends* offers critical insights for building lasting peace     *The A to Z of the Gulf Arab States* Malcolm C.
