Poetry John Holmes, 2012-01-01 Over the last thirty years more and more critics and scholars have come to recognize the significant influence of science on literature This collection of essays focuses specifically on what poets in the twentieth and twenty first centuries have made of modern scientific developments In these twelve essays leading experts on modern poetry literature and science explore how poets have used scientific language in their poems how poetry can offer new perspectives on science and how the two cultures can and have come together in the work of poets from Britain Ireland America and Australia *Autistic States in Children* Frances Tustin, 2021-03-28 Frances Tustin 1913 1994 was one of the first

professionally trained child psychotherapists in Britain Although internationally recognised for her pioneering therapeutic work with autistic children her approach is considered by some to be controversial as her psychogenic view of childhood autism challenged the belief that it is biological and genetic *Autistic States in Children* is widely regarded as a vitally important work for understanding the causes of autism in young children Vividly describing her clinical encounters with autistic children Tustin argued that autistic states were above all self protective ones In her observational studies she noted how autistic children's interaction with physical objects such as keys toy cars or other play items had a rigid and ritualistic quality far removed from the typical kind of fantasy play seen in other children Such objects are not used by autistic children for their intended purpose Tustin argued but rather in sensation dominated ways that interfere with mental development She also drew a fundamental distinction between two autistic groups an encapsulated group which is withdrawn and non verbal and an entangled group who are hyperactive and chaotic but have some language *Autistic States in Children* influenced not only those in psychotherapy and psychoanalysis but countless others who have contact with autistic children especially families and remains essential reading for anyone seeking a creative and compelling understanding of autism This Routledge Classics edition includes a new Foreword by Maria Rhode **A Practical Treatise on Auscultation** Jean Baptiste Philippe
