humans have struggled to explain the evils of the world and the darkest parts of ourselves. *The Devil's Best Trick* is a unique and far-reaching investigation into evil and the myriad ways we attempt to understand it, particularly through the figure of the Devil. Sullivan's narrative moves through centuries of historical religious and cultural conceptions of evil and the Devil, from the Mesopotamian and Egyptian gods to the Book of Job to the New Testament to the witch hunts in Europe in the 15th through 17th centuries to the history of the devil worshipping Black Mass ceremony and its depictions in 19th-century French literature. He references major literary, religious, and historical figures from the Persian sages Zoroaster and Mani to Plato, Thomas Aquinas, John Milton, Edgar Allan Poe, Aleister Crowley, and many more, among them Charles Baudelaire, from whose work Sullivan took the title of the book. But this is not just a cultural history; Sullivan intersperses original reporting and personal reflection. He travels to Catemaco, Mexico, to participate in the Hour of the Witches, an annual ceremony in which hundreds of people congregate in the jungle south of Vera Cruz to negotiate terms with El Diablo. He takes us through the most famous and best-documented exorcism in American history, which occurred in 1928 and lasted four months. He ponders the psychology of evil through his encounter with one brutal serial killer, and he reports on the Satanic Panic of the 1980s, detailing the shocking story of a small town in Texas that one summer in 1988 unraveled into paranoia after a seventeen-year-old boy was found hanging from the branch of a horse apple tree, and rumors about cult worship spread throughout the wider community.

Randall Sullivan, whose reportage and narrative skill has been called extraordinary and enthralling by *Rolling Stone*, takes on a bold task in this book that is both biography of the Devil and a look at how evil manifests in the world.

Zumarraga and the Mexican Inquisition, 1536-1543 Richard E. Greenleaf, 2018-12-01

The purpose of this study is to investigate the inquisitorial activities of Don Fray Juan de Zumarraga, first Bishop and Archbishop of Mexico, 1528-1548. Zumarraga served as Apostolic Inquisitor in the bishopric of Mexico from 1536 to 1542, when he was superseded in that office by the Visitor General Francisco Tello de Sandoval, largely because he had relaxed Don Carlos, the cacique of Texcoco, to the secular arm for burning an act regarded as rash by the authorities in Spain. Throughout this essay, an attempt is made to relate the Inquisition to the political and intellectual life of early sixteenth-century Mexico. Zumarraga is pictured as the defender of orthodoxy and the stabilizer of the spiritual conquest in Mexico. The relationship of the individual and of society collectively with the Holy Office of the Inquisition is stressed. With the exception of background materials, this study is based entirely upon primary sources, trial records, which for the most part have lain unstudied since the sixteenth century. In all two years of research in the Ramo de la Inquisición of the Archivo General de la Nación in Mexico City were consumed in ferreting out these materials. Subsidiary investigations in other sections of the Mexican archives were made in order to place the Inquisition materials in their proper perspective.
