## **The Hunting Submarine The Fighting Life Of Hms Tallyho:**

The Hunting Submarine Ian Trenowden, 2014-06-24 HMS Tally Ho captained by Commander L W A Bennington was a T class submarine which achieved spectacular success in the Second World War Her name was chosen for her by Winston Churchill and it proved a very suitable one for a hunting submarine In a single wartime commission lasting from 15th March 1943 to 26th February 1945 she operated in the Malacca Strait Here surrounded by enemy air bases and in badly charted shallow waters so shallow many experts considered them completely unsuitable for submarine operations she took a heavy toll of enemy warships and supply vessels The boat her captain and her crew are all vividly portrayed in this exciting chronicle which is the fruit of wide and detailed research The Hunting Submarine Ian Trenowden, 1974 **The**

**Japanese Submarine Force and World War II** Akihiko Yoshida, 2013-01-15 When first published in 1995 this book was hailed as an absolutely indispensable contribution to the history of the Pacific War Drawing heavily from Japanese sources and American wartime intercepts of secret Japanese radio messages a noted American naval historian and a Japanese mariner painstakingly recorded and evaluated a diverse array of material about Japan s submarines in World War II The study begins with the development of the first Japanese 103 ton Holland type submergible craft in 1905 and continues through the 1945 surrender of the largest submarine in the world at the time the 5300 ton I 400 class that carried three airplanes Submarine weapons equipment personnel and shore support systems are discussed first in the context of Japanese naval preparations for war and later during the war Both successes and missed opportunities are analyzed in operations ranging from the California coast through the Pacific and Indian Oceans to the coast of German occupied France Appendixes include lists of Japanese submarine losses and the biographies of key Japanese submarine officers Rare illustrations and specifically commissioned operational maps enhance the text **A Bit Of A Life** George Osborne, Dave Osborne, 2023-07-05 This book covers a 14 year period when the author progressed from being a boy sailor in the UK to become a chief Petty Officer in the Royal Navy It offers a very interesting blend of life experiences of a growing young man through some frightening experiences and some happy times Life as a boy sailor was exciting for him but once the dark period of the WW2 emerged things changed radically and his knowledge and courage were tested in some dramatic experiences which are well described in his book When he moved into the submarine service in late 1942 a very new experience awaited him and by then he was a married man entering fatherhood in the coming year and already wondering what to do when the war finally ended The final chapter describes sadness and regrets as the author s life radically changed with the pressures of finding a new profession and becoming a family member with three children and there was always a lingering regret at having taken the wrong pathway despite the emerging successes of his children Cockatoo Island John Jeremy, 2005 John Jeremy pays tribute to Sydney Harbour s largest and by far most fascinating island in this new edition of Cockatoo Island Sydney s Historic Dockyard The book focuses on the industrial history of Cockatoo Island and is the most detailed account of the dockyard its

administration and activities yet written It also provides fascinating detail and spectacular archival photography of Sydney Harbour s industrial heart

**British Submarines 1939-45** Innes McCartney,2013-01-20 The submarine was the invisible but formidable weapon of the Royal Navy during World War II This book examines the three major classes S T and U detailing their design development and modification The major submarine engagements of the war are recounted including the Norwegian campaign the battle of Malta in March 1942 Operation Pedestal and many other engagements in all theatres between the British subs German U Boats and Japanese subs Using many previously unpublished sources and his own extensive underwater explorations Innes McCartney gives a highly detailed account of the British submarine

**The Submariner's Dictionary Or Submariner's Compendium of Terms & Tar's Handbook of Naval Verbiage and Retired Guy's Re-familiarization Manual** Ron Martini,2005 Submariners are a tight knit group of men bound together by training and experience and with a language all their own That language is perhaps a little vulgar but never intentionally demeaning and a little irreverent but still worldly This work is an attempt to preserve and explain some of these curious guys who so proudly wear a shiny metal pin that looks like a strange pair of fish on their left breast This process of accumulating this new language begins in Boot Camp and is added to with every change of duty station the sailor undergoes It is heard aboard the boats and unknowingly by family members who can t understand terms like head deck and overhead and who think SOS is a distress signal

**Fremantle's Submarines** Michael Sturma,2015-09-15 From unpromising beginnings in March 1942 the Allied submarine base at Fremantle on the west coast of Australia became a vital part of the Allied offensive against Japan Pushed back from the Philippines and the Netherlands East Indies American submariners accompanied by a small group of Dutch forces retreated to Fremantle as a last resort The location was chosen for its good harbor and the fact that it was outside the range of land based Japanese aircraft Unfortunately the base was also far from their patrol areas and supply lines and it was difficult to reinforce should the enemy attack Thanks largely to a welcoming civilian population morale quickly improved The hospitality and sense of belonging fostered by Western Australians became legendary among Allied submariners and remains central to their wartime memories Perhaps as a result of such a positive experience the Allied forces became much more successful in combat Intertwining social and military history Fremantle s Submarines relates how courage cooperation and community made Fremantle arguably the most successful military outpost of World War II from the standpoint of troop morale
