The I F Stones Weekly Reader:

The I. F. Stone's Weekly Reader Isidor Feinstein Stone, 1974 *The I. F. Stone's Weekly Reader*, 1974 The Best of I.F. Stone I. F. Stone, 2009-04-29 Izzy Stone was a reporter a radical an idealist a scholar and it is clear a writer whose insights have more than stood the test of time More than fifteen years after his death this collection of his work from I F Stone s Weekly and elsewhere is astonishing in its relevance to our age addressing the clash between national security and individual liberty the protection of minorities economic fairness social justice and the American military abroad The core of Stone s genius was his newsletter I F Stone s Weekly published from the mid 1950s to the early 1970s His meticulous dissection of the news was unsurpassed a direct descendent of the great pamphleteers like Thomas Paine and a forerunner to the best of today s political blogs Stone s brilliant investigative reporting his wonderful impassioned style and his commitment to his values all make this collection an inspiration and a revelation A Trumpet to Arms David Armstrong, 1981 Chronicles 200 years of U S publications from Tom Paine s Common Sense to I F Stone s Weekly plus The Berkeley Bard LA Free Press Mother Jones and New Age Journal **The Zinn Reader** Howard Zinn, 2011-01-04 No other radical historian has reached so many hearts and minds as Howard Zinn It is rare that a historian of the Left has managed to retain as much credibility while refusing to let his academic mantle change his beautiful writing style from being anything but direct forthright and accessible Whether his subject is war race politics economic justice or history itself each of his works serves as a reminder that to embrace one s subjectivity can mean embracing one s humanity that heart and mind can speak with one voice Here in six sections is the historian s own choice of his shorter essays on some of the most critical problems facing America throughout its history and today **Pacifica Radio 2E** Matthew Lasar, 2000-04-14 In the public radio landscape the Pacifica stations stand out as innovators of diverse and controversial broadcasting Pacifica s fifty years of struggle against social and political conformity began with a group of young men and women who hoped to change the world with a credo of non violence Pacifica Radio traces the cultural and political currents that shaped the first listener supported radio station KPFA FM in Berkeley and accompanied Pacifica s gradual expansion into a 5 station network In this expanded paperback edition Lasar provides a postscript A Crisis of Containment that examines the external pressures and organizational problems within the Pacifica Foundation that led in early 1999 to the police shutdown of network station KPFA Lasar an admittedly pro KPFA partisan in the conflict gives a first person account calling it the worst crisis in the history of community radio Yet Pacifica Radio is about more than just the network s recent troubles It is the story of visionary Lewis Hill and the small band of pacifists who in 1946 set out to build institutions that would promote dialogue between individuals and nations KPFA took to the air in 1949 with stunningly unconventional programs that challenged the dreary cultural consensus of the Cold War No one in the Bay Area or anywhere else had heard anything like it on the airwaves The first edition of Pacifica Radio which made the San Francisco Chronicle s non fiction bestseller list was praised as fascinating

reading by In These Times Lasar has an eye for paradox irony and contradiction wrote the Santa Rose Press Democrat but he is first and foremost an able and astute historian **American Radical** D. D. Guttenplan,2024-05-01 Popular Front columnist and New Deal propagandist Fearless opponent of McCarthyism and feared scourge of official liars Enterprising independent reporter and avid amateur classicist As D D Guttenplan puts it in his compelling book I F Stone did what few in his profession could he always thought for himself America s most celebrated investigative journalist himself remains something of a mystery however Born Isidor Feinstein in Philadelphia raised in rural New Jersey by the age of 25 this college drop out was already an influential newsman and enjoying extraordinary access to key figures in New Deal Washington and the friendship of important artists in New York It is Guttenplan s wisdom to see that the key to Stone s achievements throughout his singular career and not just in his celebrated I F Stone s Weekly lay in the force and passion of his political commitments Stone s calm forensic yet devastating reports on American politics and institutions sprang from a radical faith in the long term prospects for American democracy His testimony on the legacy of American politics from the New Deal and World War II to the era of the civil rights struggles the Vietnam War and beyond amounts to as vivid a record of those times as we are likely to have Guttenplan s lively provocative book makes clear why so many of his pronouncements have acquired the force of prophecy *David Dellinger* Andrew E. Hunt,2006-05 His instrumental role in the creation of Liberation magazine in 1956 launched him onto the national stage Writing regular essays for the influential radical monthly on the arms race and the Civil Rights movement he became in Abbie Hoffman s words the father of the antiwar movement and the architect of the 1968 demonstrations in Chicago He remained active in anti war causes until his death on May 25 2004 at age 88 **"All Governments Lie"** Myra MacPherson,2010-05-11 Boasting equal parts scholarship and style All Governments Lie is a highly readable groundbreaking and timely look at I F Stone one of America s most independent and revered journalists whose work carries the same immediacy it did almost a half century ago highlighting the ever present need for dissenting voices In the world of Washington political journalism notorious for trading independence for access I F Izzy Stone was so unique as to be a genuine wonder Always skeptical All governments lie but disaster lies in wait for countries whose officials smoke the same hashish they give out he memorably quipped Stone was ahead of the pack on the most pivotal twentieth century trends the rise of Hitler and Fascism disastrous Cold War foreign policies covert actions of the FBI and CIA the greatness of the Civil Rights movement the horror of Vietnam the strengths and weaknesses of the antiwar movement the disgrace of Iran contra and the class greed of Reaganomics His constant barrage against J Edgar Hoover earned him close monitoring by the FBI from the Great Depression through the Vietnam War and even an investigation for espionage during the fifties After making his mark on feisty New York dailies and in The Nation scoring such scoops as the discovery of American cartels doing business with Nazi Germany Stone became unemployable during the dark days of McCarthyism Out of desperation he started his four page I F Stone s Weekly which ran from 1953 to 1971 The first journalist to label the Gulf

of Tonkin affair a sham excuse to escalate the Vietnam War Stone garnered worldwide fans was read in the corridors of power and became wealthy Later the world's oldest living freshman learned Greek to write his bestseller *The Trial of Socrates* Here for the first time acclaimed journalist and author Myra MacPherson brings the legendary Stone into sharp focus Rooted in fifteen years of research this monumental biography includes information from newly declassified international documents and Stone's unpublished five thousand page FBI file as well as personal interviews with Stone and his wife Esther with famed modern thinkers and with the best of today's journalists It illuminates the vast sweep of turbulent twentieth century history as well as Stone's complex and colorful life The result is more than a masterful portrait of a remarkable character it's a far reaching assessment of journalism and its role in our culture
