, *Ideal suggestion through mental photography* Henry Wood, 1890 **The Spirit of the New Thought** Horatio Willis Dresser, 1917 *Good Vibrations—a Healer's Journey* Patrick Deprez, 2013 Like many scientists Patrick Deprez put his work ahead of his own health The demands of his work as an analytical chemist consumed his life and he drifted into a vortex of anxiety and depression One fateful Friday afternoon his mind broke down under the stress of his immense workload Two painful days later he reached out for help Following his recovery he experienced a life changing epiphany in the middle of the night Now an eager traveler on an unexpected path Patrick's life was renewed with purpose He was touched by God and nothing would ever be the same again *Good Vibrations A Healer's Journey* is an amazing and true account of his dramatic physical and spiritual change Patrick always felt the calling to be a doctor to help those who suffered As a young man he flew between his native Belgium and Africa where his father worked as an engineer He knew from a young age that he wanted to earn his pilot's wings one day And he achieved both dreams In this memoir Patrick explains how he taps into divine energy to help heal people diagnosed with serious illnesses including cancer and heart disease He also describes the steps involved in doing a healing and provides examples of real miraculous healings that have taken place in real people On his remarkable journey as a healer he has experienced revelations that have provided him with great clarity about humanity **Mind and Body** William Walker Atkinson, 2023-11-03 *Mind and Body* is a book written by William Walker Atkinson a prolific author known for his work in the New Thought and metaphysical movements in the early 20th century In this book Atkinson explores the relationship between the mind and the body and how the two are interconnected in achieving personal well being and success Atkinson's work delves into topics such as the power of thought the influence of the mind on physical health and the principles of mind body healing He discusses techniques and practices to harness the mind's potential for achieving physical and mental harmony self improvement and overall wellness *Mind and Body* is part of Atkinson's larger body of work which emphasizes the power of positive thinking mental focus and self improvement for achieving personal goals and living a fulfilling life **The Spiritual Writings** Yogi Ramacharaka, William Walker Atkinson, William Walker Atkinson was not only a pioneer of the New Thought movement but also the author of many occult and spiritual works which he published under the pseudonym of Yogi Ramacharaka When writing under this alias he claimed to be a Hindu Indeed he was not but he was imperative to make Eastern philosophy and belief known in the Western world This compilation includes the following writings *The Life Beyond Death* *The Hindu Yogi Science Of Breath* *Fourteen Lessons in Yogi Philosophy and Oriental Occultism* *The Science Of Psychic Healing* *The Spirit of The Upanishads* *The Aphorisms of the Wise* *The Bhagavad Gita* *The Message of the Master* **The Healing Hand** Sidney Abram Weltmer, 1922 This book is written with the one big purpose of being helpful to everyone who reads it Whether this reading is only for a few moments to merely glance at its pages or to read it consecutively chapter after chapter it has in it in every line of it a statement of fact learned from every day
