The Image Of Man:

The Image of Man George L. Mosse, 1998-10-08 What does it mean to be a man What does it mean to be manly How has our notion of masculinity changed over the years In this book noted historian George L Mosse provides the first historical account of the masculine stereotype in modern Western culture tracing the evolution of the idea of manliness to reveal how it came to embody physical beauty courage moral restraint and a strong will This stereotype he finds originated in the tumultuous changes of the eighteenth century as Europe's dominant aristocrats grudgingly yielded to the rise of the professional bureaucratic and commercial middle classes Mosse reveals how the new bourgeoisie faced with a bewildering rapidly industrialized world latched onto the knightly ideal of chivalry He also shows how the rise of universal conscription created a soldierly man as an ideal type In bringing his examination up to the present Mosse studies the key historical roles of the so called fairer sex women and unmanly men Jews and homosexuals in defining and maintaining the male stereotype and considers the possible erosion of that stereotype in our own time

Man Gerrit Cornelis Berkouwer, 1962 This is a print on demand book and is therefore non returnable This study in theological anthropology considers man as the image of God the meaning of the image immortality and human freedom dealing always with living actual man and his inescapable relation to God

Man, the Image of God Cardinal Christoph Schönborn, Christoph von Schönborn, 2011-01-01 God created man in his own image and the profound implications of this assertion are the subject of this book Drawing on philosophy theology science Scripture and art Cardinal Schönborn reflects on man as the greatest of God's creatures and on the Christian understanding of his incomparable dignity that flows from this truth According to the Christian faith all the works of God converge toward man and find their goal in him The world was made for man and man was made for God This anthropocentrism resounds like good news at a time when many find it hard to believe in God's special and personal providence for man It is good news indeed that

man has worth and his life has meaning because God bears an infinite love for him a love which is the very origin of creation and is the reason for the work of redemption Among the topics Cardinal Schonborn addresses are Christ the Loveliest of Men The Exaltation of Man The Basis of Mans Dignity Faith in Art God with a Human Face **Changing Images of Man** Joseph Campbell, Center for the Study of Social Policy (SRI International), 1982 **The Image of Man** Institute for Motivational Research, Inc.
