The Inhuman Land:

The Inhuman Land Józef Czapski,1952 Inhuman Land Jozef Czapski, 2018-12-18 A classic work of reportage about the Katy Massacre during World War II by a soldier who narrowly escaped the atrocity himself In 1941 when Germany turned against the USSR tens of thousands of Poles men women and children who were starving sickly and impoverished were released from Soviet prison camps and allowed to join the Polish Army being formed in the south of Russia One of the survivors who made the difficult winter journey was the painter and reserve officer J zef Czapski General Anders the army s commander in chief assigned Czapski the task of receiving the Poles arriving for military training gathering accounts of what their fates had been organizing education culture and news for the soldiers and most important investigating the disappearance of thousands of missing Polish officers Blocked at every level by the Soviet authorities Czapski was unaware that in April 1940 many officers had been shot dead in Katyn forest a crime for which Soviet Russia never accepted responsibility Czapski s account of the years following his release from the camp and the formation of the Polish Army and its arduous trek through Central Asia and the Middle East to fight on the Italian front offers a stark depiction of Stalin's Russia at war and of the suffering stoicism and bravery of his fellow Poles A work of clear observation and deep compassion Inhuman Land is one of the twentieth century s indispensable acts of literary witness The Inhuman Land Joseph Czapski,1951 Na nieludzkiej ziemi. The Inhuman Land ... Translated from the French by Gerard Hopkins. On **Soviet Russia. With plates.** Józef Czapski, Gerard Hopkins, 1951 Robert Smithson, Land Art, and Speculative Realities Rory O'Dea, 2023-10-23 This book explores the ways Robert Smithson's art revealed and defamiliarized the constructs of rational reality in order to allow radically speculative alternatives to emerge In this way his art is conceived as a true fiction that eradicates a false reality By tracing the web of correspondences between Smithson and science fictional speculative and mystical modes of thought Rory O Dea explores the aesthetic encounters engendered by his art as a means to warp the contours of reality and loosen the boundaries of being human Given the current and impending catastrophes of the Anthropocene which represents the ever expanding planetary shadow cast by humanism the possibility of being other than human posited by Smithson's art is a matter of urgent concern The book will be of interest to scholars working in art history contemporary art American studies and environmental humanities A Polish Woman's Experience in World War II Irena Protassewicz, 2019-02-07 This hitherto unpublished first hand witness account written in 1968 9 tells the story of a privileged Polish woman whose life was torn apart by the outbreak of the Second World War and Soviet occupation The account has been translated into English from the original Polish and interwoven with letters and depositions and is supplemented with commentary and notes for invaluable historical context Irena Protassewicz s vivid account begins with the Russian Revolution followed by a rare insight into the life and mores of the landed gentry of northeastern Poland between the wars a rural idyll which was to be shattered forever by the coming of the Second World War Deported in a cattle truck to

Siberia and sentenced to a future of forced labour Irena's fortunes were to change dramatically after Hitler's attack on Russia She charts the adventure and horror of life as a military nurse with the Polish Army on a journey that would take her from the wastes of Soviet Central Asia through the Middle East to an unlikely ending in the highlands of Scotland The story concludes with Irena's search to discover the wartime and post war fate of her family and friends on both sides of the Iron Curtain and the challenges of life as a refugee in Britain A Polish Woman's Experience in World War II provides a compelling personal route into understanding how the greatest conflict of the 20th century transformed the lives of the individuals who The Routledge Handbook of Law and the Anthropocene Peter D.
