

The Inmate Economy

- A black market exists in almost all prisons
 - Sex, drugs, alcohol, food, better living conditions...
 - What is the currency of the prison economy?
CIGARETTES
- Why not “stamp out” the prison economy?
 - Guards are pragmatic (worry about the big stuff)
 - Some guards are part of the economy

The Inmate Economy

Michael Meranze

The Inmate Economy:

The Inmate Economy David B. Kalinich, 1980 This book is an examination of the inmate society in a Michigan prison through the operation of the contraband marketplace and the structural organizational and social factors that both create the demand for contraband including drugs and facilitate the distribution of contraband goods and services through the sub rosa marketplace It develops the argument that inmates have developed an informal social system with sufficient power and resources to facilitate the flow of contraband to meet their material needs dealers gain status and the residents psychological pains of imprisonment are minimized as comfort and esteem are found in beating the system The book also looks at the inability of bureaucratic solutions to control the flow of contraband Power, Stability, and Contraband David B.

Kalinich, 1986 *A Study of the Inmate Economy*, 1994 **The Prison as Metaphor** Michael P. Marks, 2004 Whether wittingly or unwittingly scholars of international relations have peppered the field with a wide range of metaphors that serve as vehicles for theorizing about world affairs Yet as pervasive as metaphors are in international relations theory theorists efforts to employ metaphorical imagery to suggest new ways of thinking have been haphazard and sporadic In this book Michael P Marks suggests a new metaphor with which to conceptualize international relations the modern prison Many of the same questions that are asked about the so called anarchy of the international system are also frequently asked of life among prison inmates Marks finds that lessons from inmate relations can be applied to the study of international affairs This comparison between the prison and international relations reveals how the construction of human interaction in both realms is infinitely complex Introduction to Corrections Robert D. Hanser, 2012-10-18 Introduction to Corrections provides

students with an understanding of basic concepts in the field of corrections The book offers comprehensive coverage of both institutional and community corrections with particular emphasis on the perspective of the practitioner Students taking corrections classes often have wild misconceptions about prison work and the corrections environment misconceptions typically derived from movies and the news and even current textbooks In this new text Robert Hanser uses his own on the ground experience to colorfully explain how the corrections system actually works and what s it s like to be a part of it A practitioner scholar and experienced teacher whose research has focused on gangs domestic violence and corrections Hanser introduces students to the correctional worker s complex world of sub cultural norms the impact of prisoner classification and assessment and both the theory and legal elements affecting corrections systems today The Prisoners' World William S. Tregea, Marjorie S. Larmour, 2009-03-16 Drawing on twenty five years of teaching prison college and volunteer classes in eleven Michigan and California prisons The Prisoners World strives to make the prisoners voice come alive for regular college students The book starts off by tracing shifts in social definitions of criminality and lays out the premises of the U S incarceration binge in the 1986 War on Drugs laws and subsequent mandatory sentencing and policing Later chapters discuss issues such as leaving home cell life correctional officers and treatment the homosexual prisoner and drugs

Furthermore the book discusses the teachers experiences via author narrative essays that draw the reader into prisoner student and prisoner teacher interaction and what it is like inside prison college classes where both young and older black prisoner students describe growing up in the inner cities The book also draws upon over sixty prisoner essays that provide insight on prisoner life and self concept with insights on pathways to prison drug selling the inner city and guns There is also a strong focus on the inside experiences of entering prison and orientation daily work routine correctional officers and surreptitious activities like cell cooking and contraband These essays are capped by prisoner critiques of prison life from those still in the system The Prisoners World serves as a successful supplemental book whose material has proven useful in undergraduate criminal justice classes As college students themselves on campus students in these classes will identify with the prisoner student voices who share their experiences but in a radically different environment

Encyclopedia of American Prisons Marilyn D. McShane, Frank P. Williams, 2004-08-02 Original essays by corrections experts The United States has the lightest incarceration rate in the world and crime is one of the major driving forces of political discourse throughout the country Information about penal institutions imprisonment and prisoners is important to everyone from judges on the bench to citizens on the street Now for the first time a comprehensive reference work presents a full overview of incarceration in America The Encyclopedia features original essays by leading U S corrections experts who offer historical perspectives insights into how and why the present prison system developed where we are today and where we are likely to be in the future Every important aspect of American prisons is covered from the handling of convicts with AIDS to juvenile delinquents behind bars from boot camps to life without parole from racial conflict to sexual exploitation Features more than 160 signed articles More than 160 signed articles by recognized authorities are presented alphabetically by topic The articles ranging from 1 000 to 6 000 words provide an overview of each subject and include a selective bibliography The coverage introduces readers to individuals noted for their work with prisons James Bennett Dorothea Dix Howard Gill facilities renowned for setting precedents Walnut Street Jail Alcatraz Marion current policy procedure and program oriented descriptions contraband boot camps classification technology concise discussions of current prison issues prisoners rights gangs visits by the children of incarcerated women Frequently the articles chart the historical evolution of a subject area explore current issues and predict future trends Discusses vital issues The Encyclopedia also surveys and analyzes policies and procedures used in the past such as chain gangs building tenders and Sacred Straight programs as well as legislation that has shaped prison policy such as the Ashurst Summers Act and the Civil Rights of Institutionalized Persons Act Offering a wealth of useful facts this important new reference work contains a comprehensive name and subject index internal cross references and a chronology of important events in prison history The coverage encompasses historical and contemporary aspects of correctional institutions in the United States discusses vital issues and reports on the latest reaching findings Photos of notable people and facilities accompany the text This unique work fills a substantial reference need Government

officials librarians teachers students and professionals working within the corrections field will find the coverage invaluable

Deadly Consequences Jonathan W. Caudill, Chad R. Trulson, James W. Marquart, Matt DeLisi, 2025-09-01 This book investigates the unintended and deadly consequences of criminal justice reforms through observing the effects of prison depopulation sentencing reform on county jails This mixed methods case study explores how California's sentencing reform efforts in 2011 Assembly Bill 109 and 2014 Proposition 47 to depopulate California state prisons impacted California county jail inmate culture and experiences Its results demonstrate how California county jails inmate culture became more like prison inmate culture resulting in increased inmate deaths and a deadlier county jail experience Of particular value in this exploration are the theoretical and real world policy implications of legislation on correctional facility administration From a theoretical perspective this work improves our understanding of the interconnected criminal justice system From a policy perspective implications cover unintended collateral consequences and mechanisms to reduce them This volume is ideal for policy makers and researchers of criminal justice reform

A Brief Introduction to Corrections Robert D. Hanser, 2019-11-30 A Brief Introduction to Corrections is a condensed version of the best selling Introduction to Corrections by Robert D Hanser This new text provides students with an overview of corrections that is both practitioner driven and grounded in modern research Experienced correctional practitioner and scholar Robert D Hanser shows readers how the corrections system actually works from classification to security and treatment to demonstrating how and why correctional practices are implemented

Pentonville Terence Morris, Pauline Morris, 2013-08-21 This is Volume XIII of fifteen in a series on the Sociology of Law and Criminology Originally published in 1963 this is a sociological Study of an English Prison

The Right to Be Punished Gabriel Hallevy, 2012-10-12 Does an offender have the right to be punished The right to be punished may sound like an oxymoron but it is not necessarily so With the emergence of modern criminal law the offender gained the right to be punished by rational criminal law rather than being lynched by an angry mob The present day offender may have the right to be punished by doctrinal sentencing rather than being subjected to verdicts based on vague unclear and uncertain principles In modern criminal law the imposition of criminal liability follows accurate and strict rules whereas there are no similar rules for the imposition of punishment The process of sentencing is vague and obscure as are the considerations used for the imposition of punishments The objective of the present book is to propose a comprehensive general and legally sophisticated theory of modern doctrinal sentencing The challenges of such a legal theory are plenty and complex In addition to increasing clarity and certainty modern doctrinal sentencing must deal with modern types of delinquency e g organized crime recidivism corporate offenders high tech offenses etc and modern principles of criminal law Modern doctrinal sentencing must serve to ensure optimal sentencing

Behavioral Approaches to Crime and Delinquency Edward K. Morris, Curtis J. Braukmann, 2012-12-06 The systematic application of behavioral psychology to crime and delinquency was begun only 20 years ago yet it has already contributed significantly to our practical knowledge about

prevention and correction and to our general understanding of a pressing social problem In this handbook we review and evaluate what has been accomplished to date as well as what is currently at the leading edge of the field We do so in order to present a clear comprehensive and systematic view of the field and to promote and encourage still more effective action and social policy reform in the future The chapters in this text have been written by professionals who were among the original innovators in applying behavioral psychology to crime and delinquency and who continue to make critical contributions to the field's progress and by a new generation of energetic young professionals who are taking the field in important and innovative directions The contributors have attempted to review and evaluate their areas with critical dispassion to provide thorough but not overly specialized discussion of their material and to draw implications for how research application and social policy might be improved in the future For our part as editors we have tried to foster integration across the chapters and to provide background and conceptual material of our own

Routledge Handbook of Corrections in the United States O. Hayden Griffin III, Vanessa H. Woodward, 2017-09-01 The Routledge Handbook of Corrections in the United States brings together original contributions from leading scholars in criminology and criminal justice that provide an in-depth state of the art look at the most important topics in corrections The book discusses the foundations of corrections in the United States philosophical issues that have guided historical movements in corrections different types of punishment and supervision trends in incarceration issues affecting race ethnicity and special populations in corrections and a variety of other emerging issues This book scrutinizes innovative community programs as well as more traditional sanctions and exposes the key issues and debates surrounding the correctional process in the United States Among other important topics selections address the inherent discrimination within the system special issues surrounding certain populations and the utilization of the death penalty as the ultimate punishment This book serves as an essential reference for academicians and practitioners working in corrections and related agencies as well as for students taking courses in criminal justice criminology and related subjects

Prison Violence Kristine Levan, 2016-04-08 Drawing on a range of research and media sources to provide an international perspective on the topic of prison violence this book focuses on the impact of such violence on the individual both while he or she is incarcerated and upon his or her release from prison as well as on society as a whole With a special emphasis on comparisons of violence among incarcerated populations in the United States Canada and the United Kingdom Prison Violence Causes Consequences and Solutions explores the various systems that exist to combat the problem whilst also considering public perceptions of offenders and punishment as influenced by media and coverage of high profile cases Providing a comprehensive analysis of prison violence on national and international levels this book examines the extent of the problem theoretical understandings of the issue and concrete solutions designed to prevent and handle such violence As such it will be of interest to policy makers as well as scholars of sociology criminology and penology

The Social Order of the Underworld David Skarbek, 2014 This book challenges the

widely held view that inmates create prison gangs to promote racism and violence On the contrary gangs form to create order Most people assume that violent inmates left to themselves will descend into a chaotic anarchy but that s not necessarily the case This book studies the hidden order of the prison underworld to understand how order arises among outlaws It uses economics to explore the secret world of the convict culture inmate hierarchy and prison gang politics Inmates engaged in illegal activity cannot rely entirely on state based governance institutions such as courts of law and the police to create order Correctional officers will not resolve a dispute over a heroin deal gone wrong or help kill a predatory rapist Yet the inmate social system is relatively orderly and underground markets flourish In today s prisons gangs play a pivotal role in protecting inmates and facilitating illicit commerce They have sophisticated internal structures and often rely on elaborate written constitutions To maintain social order gangs adjudicate conflicts and orchestrate strategic acts of violence to negotiate the competing demands of inmates gang members and correctional officers This book uses economics to explain why prison gangs form how formal institutions affect them and why they have a powerful influence even over crime beyond prison walls Economics explains the seemingly irrational truly astonishing and often tragic world of life among the society of captives

Inside Justice Bayard Rustin, 1983 Comparisons of prison in the United States and Great Britain are used to formulate central issues that relate to the adjudication of offenses committed within prisons and the imposition of punishments for them

Criminal Justice in America Carla Lewandowski, Jeff Bumgarner, 2020-11-17 This authoritative set provides a comprehensive overview of issues and trends in crime law enforcement courts and corrections that encompass the field of criminal justice studies in the United States This work offers a thorough introduction to the field of criminal justice including types of crime policing courts and sentencing landmark legal decisions and local state and federal corrections systems and the key topics and issues within each of these important areas It provides a complete overview and understanding of the many terms jobs procedures and issues surrounding this growing field of study Another major focus of the work is to examine ethical questions related to policing and courts trial procedures law enforcement and corrections agencies and responsibilities and the complexion of criminal justice in the United States in the 21st century Finally this title emphasizes coverage of such politically charged topics as drug trafficking and substance abuse immigration environmental protection government surveillance and civil rights deadly force mass incarceration police militarization organized crime gangs wrongful convictions racial disparities in sentencing and privatization of the U S prison system

Concrete Mama John A. McCoy, 2018-10-16 Journalists John McCoy and Ethan Hoffman spent four months inside the walls of the Washington State Penitentiary at Walla Walla in 1978 just as Washington once a leader in prison reform abandoned its focus on reform and rehabilitation and returned to cell time and punishment It was a brutal transition McCoy and Hoffman roamed the maximum security compound almost at will observing and befriending prisoners and guards The result is a striking depiction of a community in which there was little to do much to fear and a culture that both mimicked and scorned the outside world

McCoy's unadorned prose and Hoffman's stunning black and white photographs offer as authentic a portrayal of life in the Big House as outsiders are ever likely to experience. Originally published in 1981, *Concrete Mama* revealed a previously unseen stark and complex world of life on the inside for which it won the Washington State Book Award. Long unavailable yet still relevant, it is revitalized in a second edition with an introduction by scholar Dan Berger that provides historical context for the book's ongoing resonance along with several previously unpublished photographs.

Laboratories of Virtue

Michael Meranze, 1996. *Laboratories of Virtue* investigates the complex and contested relationship between penal reform and liberalism in early America. Using Philadelphia as a case study, Michael Meranze interprets the evolving system of criminal punishment as a microcosm of social tensions that characterized the early American republic. *Laboratories of Virtue* demonstrates the ramifications of the history of punishment for the struggles to define a new revolution order. By focusing attention on the system of public penal labor that developed in the 1780s, Meranze effectively links penal reform to the development of republican principles in the Revolutionary era. In addition, Meranze argues the emergence of reformatory incarceration was a crucial symptom of the crises of the Revolutionary and post-Revolutionary public spheres.

Encyclopedia of Gangs Louis Kontos, David C. Brotherton, 2007-11-30. In light of Los Angeles' gang state of emergency, ethnic and minority gangs are arguably more high profile now than at any other time in our history. News media typically focus on the crime and violence associated with gangs but not much else. This encyclopedia seeks to illuminate the world of gangs, including gang formations, routine gang activities, aberrations, and current developments. One hundred essay entries related to gangs in the United States and worldwide provide a diffuse overview of the gang phenomenon. Each entry defines and explains the term, provides an historical overview, and explains its significance today. As the following entries demonstrate, gangs are part of the fabric of American society. They are not only in our communities but also our schools and other social institutions. Understanding the world of gangs is therefore needed to understand American society. Entries include: Bikers, Bloods, Cholas, Crips, gang mythology, gang warfare, graffiti, Hell's Angels, Hong Kong Triads, Latin Kings, law enforcement, occultic gangs, mafia, media, prison gangs, rites, Skinheads, Streetgang, Terrorism, Omnibus Prevention Act, tattoos, trafficking, Wanda, West Side Story, Witness Protection programs, and youth gangs.

Fuel your quest for knowledge with is thought-provoking masterpiece, Dive into the World of **The Inmate Economy** .
