The Innocent Party:

Ethical Frontiers of the State A. J. M. Milne, 2016-07-27 The moral justification for government is that it is needed to promote the community's interest. What is that interest? an interest in. Upon what basis can disagreements about the community's interest and individual interests be reconciled? Can democracy enable dissatisfaction with their reconciliation to be lived with? Perhaps if people are prepared to meet the requirements of democratic citizenship. What are these requirements and what is their justification? These are the questions with which this book is concerned. **Text, Cases and Materials on Contract Law** Richard Stone, James Devenney, 2014-03-26 Written by leading authors in the field, this clear and highly accessible volume provides full coverage of the topics commonly found in the contract law syllabus alongside up to date illustrative case examples and stimulating commentary. This fifth edition has been substantially revised and now includes sections on privity and the Rights of Third Parties Act, as well as a discussion of the Law Commission's Unfair Terms in Contract draft bill. It includes new chapter introductions and summaries designed to help students identify the key points and reflect on what they have learnt, provides advice on further reading, pointing students towards sources for more detailed study, now includes additional self-test questions for students at the end of each chapter to enable them to consolidate and practice at regular intervals.
