David Jones, 1975      David Jones Thomas Dilworth, 2017-04-15 Among the revolutions of the last century none was more important or potentially more lasting than the one in the arts called Modernism Among the giants of that movement were writers who changed our conceptions of poetry and prose forever Now well into the new century we can look back to admire and reflect on figures from that period Last year saw biographies of two monumental poets of Modernism Robert Crawford's first volume on T S Eliot and David Moody's concluding third volume on the life of Ezra Pound We are excited to announce the first full length critical biography of the third member too often overlooked of that extraordinary group The beautifully illustrated *David Jones Engraver Soldier Painter Poet* by Thomas Dilworth will stand for generations as the great biography this wonderful artist deserves Jones 1895-1974 was a painter a wood and copper engraver and maker of painted inscriptions but it was as a poet that he left his most lasting mark Eliot called him one of the most distinguished writers of my generation and Dylan Thomas said he would like to have done anything as good as David Jones has done Auden praised his poem *In Parenthesis* as the greatest book ever about the Great War and *The Anathemata* as one of the truly great poems in Western Literature His work the whole of it enables him to stand alongside Eliot Pound and James Joyce as an incomparable figure in literary Modernism      Publication, 1991      Descendants of George Abbott, of Rowley, Mass Lemuel Abijah Abbott, 1906
