Potichnyj, 1992 **Eastern Encounters** Michael Wynne-Parker, 2022-08-09 Michael Wynne Parker recalls the people who have graced his life while living and traveling in Russia Ukraine and Estonia in *Eastern Encounters* The author first visited Estonia to speak at a conference in Tallinn on the subject of conservative values in contemporary society At the time members of parliament from the United Kingdom viewed Estonia as an independent state recently liberated from the Soviet Union Underneath the country's facade however the author discovered a seething disharmony Over the years he's begun to understand the vital implications of that realization From 2002 to 2013 the author spent most of his time in Tallinn with regular monthly visits to London As the digital age was dawning he took advantage of being able to conduct his business wherever he was based Even while traveling his activities as founder and chairman of Introcom International continued to flourish He also wrote three books which would have been impossible while living in London Join the author as he celebrates the peace and tranquility of his life abroad while highlighting the numerous people who made his encounters so memorable **Encounter**, 1960 Polish Encounters, Russian Identity David L. Ransel, Bożena Shallcross, 2005-06-15 Highlights Poland's central role in the formation of a modern Russian identity *European Encounters* Rainer Ohliger, Karen Schönwälder, 2017-03-02 This book reminds us of Europe's multi-faceted history of expulsions flight and labour migration and the extent to which European history since 1945 is a history of migration While immigration and ethnic plurality have often been divisive issues encounters between Europeans and newcomers have also played an important part in the development of a European identity The authors analyze questions of individual and collective identities political responses to migration and the way in which migrants and migratory movements have been represented both by migrants themselves and their respective host societies The book's distinctive multi-disciplinary and international approach brings together experts from several fields including history sociology anthropology and political science *European Encounters* will serve as an invaluable tool for students of contemporary European history migration and ethnic identities **The Orthodox Church in Ukraine** Nicholas E. Denysenko, 2018-11-23 The bitter separation of Ukraine's Orthodox churches is a microcosm of its societal strife From 1917 onward church leaders failed to agree on the church's mission in the twentieth century The core issues of dispute were establishing independence from the Russian church and adopting Ukrainian as the language of worship Decades of polemical exchanges and public statements by leaders of the separated churches contributed to the formation of their distinct identities and sharpened the friction amongst their respective supporters In *The Orthodox Church in Ukraine* Nicholas Denysenko provides a balanced

and comprehensive analysis of this history from the early twentieth century to the present Based on extensive archival research Denysenko's study examines the dynamics of church and state that complicate attempts to restore an authentic Ukrainian religious identity in the contemporary Orthodox churches An enhanced understanding of these separate identities and how they were forged could prove to be an important tool for resolving contemporary religious differences and revising ecclesial policies This important study will be of interest to historians of the church specialists of former Soviet countries and general readers interested in the history of the Orthodox Church Places and Forms of Encounter in Jewish Literatures
