Fernando Faura,2016-06-06 The Polka Dot File on the Robert F Kennedy Killing describes the day to day chase for the mystery woman in the polka dot dress The book comments on but does not dwell on the police investigation and reads like a detective thriller instead of an academic analysis of the investigation It incorporates actual tapes made by an important witness and introduces the testimony of witnesses not covered in other books and it is a new take on the assassination and the motives for it introduces a new theory for the reasons behind the assassination Original and highly personal it reaches a startling and different conclusion not exposed by other books Who Really Killed JFK, MLK, RFK? The Assassination of Robert F. Kennedy William W. Turner, Jonn G. Christian, 1978 Around midnight shortly after claiming victory in the California presidential primary on June 5 1968 Senator Robert Kennedy walked into a deadly spray of gunfire Immediately the Los Angeles Police Department concluded that the assassin Sirhan Sirhan had acted alone The FBI conducted a parallel inquiry and concurred And the vast majority of the American people accepted their opinion In this book mysteriously suppressed on its initial publication former FBI agent William Turner and investigative reporter Jonn Christian expose evidence that Sirhan did not act alone Based on more than ten years of intensive research Turner and Christian raise serious questions about RFK's murder What was the virtually apolitical Sirhan's motive Why if Sirhan was standing in front of his victim were the fatal wounds in the back of Kennedy's head Why were there too many spent bullets some the wrong size for Sirhan's gun Did the LAPD discredit witnesses try to make them alter their stories and destroy key records Was Sirhan in fact a Manchurian Candidate programmed through hypnosis either to kill Kennedy or divert attention while others did the job *The Assassination of Robert F Kennedy* makes the case that the murder of RFK and the subsequent police and government investigations bear all the hallmarks of the conspiracy surrounding the assassination of John F Kennedy and the resulting Warren Commission It is a fascinating and chilling reexamination of the tragic events that undoubtedly changed the course of American history

Assassinations Mel Ayton,2022-07-19 Few events have been the subject of more conspiracy theories than the assassinations of the two Kennedy brothers Indeed a great many people consider that there were other individuals than Lee Harvey Oswald and Sirhan Sirhan involved in both murders Was a shot fired from Dealey Plaza's grassy knoll Why did Jack Ruby shoot Oswald Was it the CIA the Soviets Cuban nationalists or the Mafia that arranged John Kennedy's assassination Was Robert Kennedy shot from in front and behind and who had the most to gain from his death These are just a few of the questions that have been put forward by a myriad of conspiracy theorists and it is those people and their ideas that Mel Ayton has tackled head on Over many years Mel Ayton has examined all the more substantial conspiracy theories and through careful analysis of documents and eyewitness statements he has demolished each one In each case Mel Ayton presented the results of his detailed investigations in periodicals as he worked through the various theories These have now been brought together to provide a comprehensive analysis of all the main theories as to who how and why the two Kennedy brothers met their deaths in such unusual circumstances Though wild ideas will continue to be proposed and efforts will still be made to demonstrate that Oswald could not have fired off three shots with great accuracy in the few seconds available to him as the presidential cavalcade passed beneath the window where he crouched or that there were sinister reasons why three CIA men were allegedly present on the night of Robert Kennedy's assassination the harsh reality is that the Kennedy brothers were each killed by lone gunmen This is an absorbing read brought up to date with the addition of new material as it has been uncovered Maybe just maybe this book will persuade people that the official accounts of both murders although flawed are not cover ups but simply statements of fact Watergate: The Hidden History Lamar Waldron,2013-06-01 A groundbreaking investigation into the events of the Watergate Scandal complete with fascinating new material all exhaustively researched in the author's customary style The New York Observer While Richard Nixon's culpability for Watergate has long been established what's truly remarkable is that after almost fifty years conventional accounts of the scandal still don't address

Nixon's motive Why was President Nixon willing to risk his reelection with so many repeated burglaries at the Watergate and other Washington offices in just a few weeks What motivated Nixon to jeopardize his presidency by ordering the wide range of criminal operations that resulted in Watergate What was Nixon so desperate to get at the Watergate and how does it explain the deeper context surrounding his crimes For the first time the groundbreaking investigative research in Watergate The Hidden History provides documented answers to all of those questions It adds crucial missing pieces to the Watergate story information that President Nixon wanted but couldn't get and that wasn't available to the Senate Watergate Committee or to Woodward and Bernstein This new information not only reveals remarkable insights into Nixon's motivation for Watergate but also answers the two most important remaining questions What were the Watergate burglars after And why was Nixon willing to risk his Presidency to get it Watergate The Hidden History reexamines the historical record including new material only available in recent years This includes thousands of recently declassified CIA and FBI files newly released Nixon tapes and exclusive interviews with those involved in the events surrounding Watergate ranging from former Nixon officials to key aides for John and Robert Kennedy This book also builds on decades of investigations by noted journalists and historians as well as long overlooked investigative articles from publications like Time magazine the Los Angeles Times and the New York Times

RFK Jr. Jerry Oppenheimer, 2015-09-22 From New York Times bestselling author Jerry Oppenheimer comes a sensational biography of the son of the legendary Senator and troubled standard bearer of America's most fabled political dynasty Robert F. Kennedy Jr. inherited his assassinated father's piercing blue eyes and Brahmin style earning a reputation as the nation's foremost environmental activist and lawyer the toxic avenger battling corporate polluters But in this the most revelatory portrait ever of a Kennedy Oppenheimer places Bobby Jr. leader of the third generation of America's royal family under a journalistic microscope Based on scores of exclusive candid on the record interviews public and private records and correspondence Jerry Oppenheimer paints a balanced objective portrait of this virtually unaccounted for scion of the Kennedy dynasty Like his slain father the iconic senator and presidential hopeful RFK Jr. was destined for political greatness Why it never happened is revealed in this first ever biography of him

The Forgotten Terrorist Mel Ayton, 2019-05 Robert F. Kennedy's assassination in 1968 seems like it should be an open and shut case Many people crowded in the small room at Los Angeles's famed Ambassador Hotel that fateful night saw Sirhan Sirhan pull the trigger Sirhan was also convicted of the crime and still languishes in jail with a life sentence However conspiracy theorists have jumped on inconsistencies in the eyewitness testimony and alleged anomalies in the forensic evidence to suggest that Sirhan was only one shooter in a larger conspiracy a patsy for the real killers or even a hypnotized assassin who did not know what he was doing a popular plot in Cold War era fiction such as *The Manchurian Candidate* Mel Ayton profiles Sirhan and presents a wealth of evidence about his fanatical Palestinian nationalism and his hatred for RFK that motivated the killing Ayton unearths neglected eyewitness accounts and overlooked forensic evidence and examines Sirhan's extensive personal

notebooks He revisits the trial proceedings and convincingly shows Sirhan was in fact the lone assassin whose politically motivated act was a forerunner of present day terrorism The Forgotten Terrorist is the definitive book on the assassination that rocked the nation during the turbulent summer of 1968 This second edition features a new afterword containing interviews and new evidence as well as a new examination of the RFK assassination acoustics evidence by technical analyst Michael O Dell *Who Killed Bobby?* Shane O'Sullivan,2008 An investigation of the assassination of Robert Kennedy details the events of June 5 1968 and discusses evidence suggesting that convicted assassin Sirhan Sirhan did not act alone and may have been part of a conspiracy **President's Kill List** Luca Trenta,2024-05-31 From Fidel Castro to Qassem Soleimani the US government has been involved in an array of assassinations and assassination attempts against foreign leaders and officials The President's Kill List reveals how the US government has relied on a variety of methods from the use of poison to the delivery of sniper rifles and from employing hitmen to simply laying the groundwork for local actors to do the deed themselves It shows not only how policymakers decided on assassination but also the level of Presidential control over these decisions Tracing the history of the US government's approach to assassination the book analyses the evolution of assassination policies and for the first time reveals how successive administrations through private justifications and public legitimations ensured assassination remained an available tool **Mammoth Books presents Missing Persons and Mysterious Deaths** Jon E. Lewis,2012-07-26 This mammoth book brings together some of the modern world's most head scratching deaths and disappearances from the murder of rap royalty Tupac Shakur to Princess Diana's car crash in Paris via the poisoning of former Russian spy Alexander Litvinenko and JFK's assassination Is it possible that prisoners of war remain left behind in Vietnam Could the most famous musician in the world stage his own death and recede into an ordinary life Investigating these questions and more this book is an A Z of unsolved mysteries cover ups conspiracies and bizarre crimes bringing together famous names as disparate as Tupac Elvis Dr David Kelly Malcolm X and Wolfgang Amadeus Mozart
