Pell, Jacqueline Stedall**

The Kings Servants The Civil Service Of Charles I 1625 1642:

The King's Servants G. E. Aylmer, 1974 Charles I and the Road to Personal Rule L. J. Reeve, 2003-10-30 An analysis of the political crisis leading to Charles I's personal rule in England *John Pell (1611-1685) and His Correspondence with Sir Charles Cavendish* Noel Malcolm, Charles Cavendish, John Pell, Jacqueline Stedall, 2005 Publisher description **Milton in Government** Robert Thomas Fallon, 2010-11-01 *Shakespeare's Patron: William Herbert, Third Earl of Pembroke, 1580 - 1630* Brian O'Farrell, 2011-02-10 William Herbert Third Earl of Pembroke 1580 1630 was the uomo universale of the Early Stuart Age A prominent courtier in the reigns of Elizabeth I James I and Charles I he was the most important patron of the arts of the early seventeenth century and almost certainly the person to whom Shakespeare dedicated his Sonnets He was in fact the patron of almost every great literary and artistic figure of the period Ben Jonson Inigo Jones John Donne and George Herbert Pembroke was an astute and powerful politician the greatest electoral manager of the time the wealthiest nobleman in the country a powerful industrial entrepreneur Chancellor of Oxford University and an indefatigable promoter of colonial enterprises This major new work the product of many years of research is the first full length study of Pembroke It has been exhaustively researched with all the extant manuscript and printed materials studied Pembroke's poetry and patronage are fully discussed his political life analysed and his business activities both at home and abroad fully investigated **Serving God and Mammon** Thomas A. Mason, 1985 In this first modern biography of William Juxon Bishop of London Lord High Treasurer of England and Archbishop of Canterbury the author explores the career of one of the last English statesmen to hold high office in both Church and state and reveals the dilemma of a man who failed to recognize that those interests could conflict **Central Government and the Localities** Andrew M. Coleby, 2002-07-18 A study of centre local interaction during a very turbulent period in English history The Limits of Absolutism in ancien régime France Richard Bonney, 2024-10-28 This selection of articles is organized around three broad themes the nature of the governing system in France Absolutism the political crisis of the mid 17th century the Fronde and the development of royal finance The author first considers the growth of the French state in its ideological and institutional aspects then the opposition such developments provoked much centred on the figure of Cardinal Mazarin In the last section particular attention is given to fiscal history including a comparison of mid 18th century France with the other states of Europe Professor Bonney would argue that the fiscal imperative the increased requirements posed by the costs of war and the long term consequences of fiscal growth may be seen as one of the decisive factors in the development of the modern state **The Early Stuart Masque** Barbara Ravelhofer, 2006-04-13 The Early Stuart Masque Dance Costume and Music studies the complex impact of movements costumes words scenes music and special effects in English illusionistic theatre of the Renaissance Drawing on a massive amount of documentary evidence relating to English productions as well as spectacle in France Italy Germany and the Ottoman Empire the book elucidates professional ballet theatre management and dramatic performance at the early

Stuart court Individual studies take a fresh look at works by Ben Jonson Samuel Daniel Thomas Carew John Milton William Davenant and others showing how court poets collaborated with tailors designers technicians choreographers and aristocratic as well as professional performers to create a dazzling event Based on extensive archival research on the households of Queen Anne and Queen Henrietta Maria special chapters highlight the artistic and financial control of Stuart queens over their masques and pastorals Many plates and figures from German Austrian French and English archives illustrate accessibly written introductions to costume conventions early dance styles male and female performers the dramatic symbolism of colours and stage design in performance With splendid costumes and choreographies masques once appealed to the five senses A tribute to their colourful brilliance this book seeks to recover a lost dimension of performance culture in early modern England Routledge Library Editions: Puritanism Various Authors,2021-08-31 Originally published between 1930 and 1988 many of the volumes in this set are based upon years of painstaking archival research in private and published papers They provide many insights into the Puritan world of the early 17th Century and Analyse the economic depression in the mid 1600s and the resultant unemployment and poverty which caused social upheaval Discuss the importance of the divisions among the Puritans for political processes within both the church and wider society Examine the motivation of the Puritans who emigrated Discuss the impact the Puritan family had on the spiritual development of the Anglo American world **Against the Profit Motive** Nicholas R. Parrillo,2013-10-22 DIVIn America today a public official s lawful income consists of a salary But until a century ago the law frequently authorized officials to make money on a profit seeking basis Prosecutors won a fee for each defendant convicted Tax collectors received a cut of each evasion uncovered Naval officers took a reward for each ship sunk The list goes on This book is the first to document American government s for profit past to discover how profit seeking defined officials relationship to the citizenry and to explain how lawmakers by banishing the profit motive in favor of the salary transformed that relationship forever div *Ships, Money and Politics* Kenneth R. Andrews,1991-04-26 In neglecting maritime and naval matters students of the reign of Charles I have missed or misunderstood important elements in the sickness of the early Stuart polity The crisis of the monarchy at that time was bound up with the failure of the nation s sea forces in the wars of the 1620s and with Charles s efforts to reform and strengthen the navy by means of ship money The studies of the shipping industry shipowning mutiny and one particular seaman s experience in the transatlantic servant s trade explore the economic and social aspects of seafaring especially the relations between owners masters and men at a time of rapid growth and change in the merchant marine But the relations between the merchant marine and the Royal Navy were so close that the two should be studied together The essays on Sir Kenelm Digby s privateering venture in the Mediterranean on ship money the longest and most central on the expedition against the Salle rovers and on the Parliamentary Navy demonstrate in different ways how naval policy naval finance and naval enterprise were linked with the problems and the interests of the private sector which actually took over the Navy in

1642 with not altogether savory results This novel juxtaposition of topics will it is hoped stimulate new thinking about Caroline society and politics Book jacket

Economic Expansion and Social Change: Industry, trade, and government C. G. A. Clay, 1984 Historical understanding of the dynamics of economic and social change in the sixteenth and seventeenth centuries has been transformed in the last twenty or thirty years by an enormous volume of original research A fascinating picture has emerged of an economy and society in turmoil under the influence of population growth inflation the commercialisation of agriculture the growth of a huge capital city the emergence of distinct forms of manufacturing and changes in the international economic context Traditional forms of production traditional social structures and traditional values all came under increasingly insistent attack from the forces of change leading to radical economic and social readjustments In this book Christopher Clay draws on this flourishing research to provide a lucidly written analysis of the economy and society of England in the sixteenth and seventeenth centuries logically organised on a thematic rather than a chronological basis

Kings Or People Reinhard Bendix, 1978 It is difficult to decide which is the more impressive the authority and control with which Mr Bendix writes of the traditions the institutions and the technological and social developments of cultures as diverse as the British French German Russian and Japanese or the skill with which he weaves his separate stories into a persuasive scenario of the modern revolution A remarkable achievement Gordon A Craig Stanford University Kings or People is equal to the grandeur of its subject the political origins of the modern world With Barrington Moore s *Social Origins of Dictatorship and Democracy* and Immanuel Wallerstein s *The Modern World System* which it matches in boldness while differing radically in perspective it is one of the truly powerful ventures in comparative historical sociology to have appeared in recent years Clifford Geertz A brilliant achievement that will be equally fascinating for the general reader the student and the specialized scholar Henry W Ehrmann

Who Was William Shakespeare? Dymphna Callaghan, 2013-01-14 A new study of Shakespeare s life and times which illuminates our understanding and appreciation of his works Combines an accessible fully historicised treatment of both the life and the plays suited to both undergraduate and popular audiences Looks at 24 of the most significant plays and the sonnets through the lens of various aspects of Shakespeare s life and historical environment Addresses four of the most significant issues that shaped Shakespeare s career education religion social status and theatre Examines theatre as an institution and the literary environment of early modern London Explains and dispatches conspiracy theories about authorship

Coldest Harbour in the Land Luca Codignola, 1988-01-01 In 1624 Simon Stock a missionary priest of the Discalced Carmelite order in England began correspondence with the recently founded Congregation of the Propaganda Fide in Rome in an attempt to interest it in the establishment of a novitiate for English priests of his order Luca Codignola draws on the letters of Simon Stock and material in the archives of the Propaganda Fide and the Carmelite order to present a fascinating picture of seventeenth century Catholic colonization

Power Elites and State Building Wolfgang Reinhard, 1996 The Origins of the Modern State in

Europe series arises from an important international research programme sponsored by the European Science Foundation. The aim of the series which comprises seven volumes is to bring together specialists from different countries who reinterpret from a comparative European perspective different aspects of the formation of the state over the long period from the beginning of the thirteenth to the end of the eighteenth century. One of the main achievements of the research programme has been to overcome the long established historiographical tendency to regard states mainly from the viewpoint of their twentieth century borders. The modern European state defined by a continuous territory with a distinct borderline and complete external sovereignty by the monopoly of every kind of legitimate use of force and by a homogeneous mass of subjects each of whom has the same rights and duties is the outcome of a thousand years of shifting political power and developing notions of the state. This major study sets out to examine the processes of state formation and the creation of power elites. A team of leading European historians explores the dominant institutions and ideologies of the past and their role in the creation of the contemporary nation state.

The Orders of Knighthood and the Formation of the British Honours System, 1660-1760 Antti Matikkala, 2008. Sheds considerable new light on the nature, development and functions of the orders in a key phase of their history and goes a long way to explaining how such archaic institutions could flourish in a culture that is commonly thought anti traditional and especially hostile to the middle ages. Professor JONATHAN BOULTON, University of Notre Dame. This is the first comprehensive study to set the British orders of knighthood properly into the context of the honours system by analysing their political, social and cultural functions from the Restoration of the monarchy to the end of George II's reign. It examines the revival of the Order of the Garter and the proposals to establish the Orders of the Royal Oak and the Esquires of the Martyred King at the Restoration, the foundation 1687 and the revival 1703 of the Order of the Thistle as well as the foundation of the Order of the Bath 1725. It establishes just how central a part the orders played in the British high political life and its comprehensive and multidimensional approach carefully contrasts the idealistic discourse of virtue and honour to the real workings of the honours system; it also makes the case for the Chivalric Enlightenment. The orders over the water: the Garter and the Thistle conferred by the Jacobite claimants are discussed for the first time in the context of the established British honours system. Overall, the comparison between the socially very restricted British and the increasingly meritocratic Continental orders highlights the isolation of the British honours system from the European tendencies.

The Making of the British Isles Steven G. Ellis, Christopher Maginn, 2014-07-15. The history of the British Isles is the story of four peoples linked together by a process of state building that was as much about far sighted planning and vision as coincidence, accident and failure. It is a history of revolts and reversal, familial bonds and enmity, the study of which does much to explain the underlying tension between the nations of modern day Britain. *The Making of the British Isles* recounts the development of the nations of England, Scotland, Wales and Ireland from the time of the Anglo-French dual monarchy under Henry VI through the Wars of the Roses, the Reformation crisis, the reigns of Henry VIII and

Elizabeth I the Anglo Scottish dynastic union the British multiple monarchy and the Cromwellian Republic ending with the acts of British Union and the Restoration of the Monarchy *Seapower and Naval Warfare, 1650-1830* Dr Richard Harding, Richard Harding, 2002-01-04 From the author of *Amphibious Warfare in the Eighteenth Century* and *The Evolution of the Sailing Navy 1509-1815* this book serves as a single volume survey of war at sea and the expansion of naval power in the 18th century The book is intended for undergraduate courses on 18th century European history and for amateur and professional military historians and for navy colleges and navy and ex navy professionals
