*The King's Yard* Marilyn Gurney Smith,1985-01-01      *The Halifax Explosion and the Royal Canadian Navy* John Griffith Armstrong,2002 Tapping into dusty national archives a retired career officer who taught history at the Royal Military College of Canada analyzes a landmark yet little studied event in Canadian history Armstrong chronicles a classic case of government bungling and cover up following the 1917 collision of two Allied warships in Halifax Harbor which killed some 1 600 persons and razed much of the city Includes maps and photographs Annotation copyrighted by Book News Inc Portland OR

**Canada and the Great War** Western Front Association,2003 This volume explores the military and socio cultural history of World War I adding new dimensions not only to the history of Canada s role in the war but to the war s role in shaping Canada The topics covered are wide ranging and eclectic and include among others studies of the Battle of Amiens the Halifax explosion Charlie Chaplin and wartime propaganda in the Canadian Expeditionary Force Newfoundland s contribution to the war effort the leadership capabilities of Brigadier General Griesbach and the wartime poetry of John McRae      *A History of Canadian Architecture* Harold Kalman,1994      *Halifax: The First 250 Years* Judith Fingard,Janet Guildford,David Sutherland,1999-01-01 Three distinguished authors tell the story of Halifax from its beginnings as a British settlement to counter the French establishment at Louisbourg to its present day status as one of Canada s most appealing cities      **The Illustrated London News** ,1843      Illustrated London News ,1843      Live Stock Journal ,1902      U-Boat Attack Logs

Daniel Morgan,Bruce Taylor,2011-11-09 During the Second World War over 250 Allied warships from a dozen navies were sent to the bottom by German U boats This ground breaking study provides a detailed analysis of every sinking for which source material survives from both the Allied and the German sides resulting in detailed treatment of the fate of 110 vessels with the remainder summarised in an extensive appendix Uniquely each entry is built around a specialist translation of the relevant segment of the war diary log of the U boat in question taken directly from the surviving originals remarkably this represents the first large scale publication of the U boat war diaries in any language The book offers a wealth of new information not only with respect to the circumstances of the sinkings from both the Allied and German perspectives but also to the technical environment in which they lived as well as the fate of the crews The entries include background details on the vessels concerned and the men involved with a selection of rare and carefully chosen photos from archives and collections around the world Each entry is itself a compelling narrative but is backed with a list of sources consulted including documents published works and websites A decade in the making this is probably the most important book on the U boat war to be published for many a year      **The Builder** ,1856      **The Engineer** ,1917      **The Mechanics' Magazine and Journal of Science, Arts, and Manufactures** ,1871      **Illustrated Halifax** Norbert Metzler,1891      **Illustrated Halifax** Norbert Metzler,2015-09-18 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the
