The Land beyond the Border Johannes Becke, 2021-05-01 Based on three case studies from the **Timehri** .1886 Middle East The Land beyond the Border advances an innovative theoretical framework for the study of state expansions and state contractions Johannes Becke argues that state expansion can be theorized according to four basic ideal types a form of patronage patronization the imposition of a satellite regime satellization the establishment of territorial exclaves exclavization or a full fledged takeover incorporation Becke discusses how both irredentist ideologies and political realities have shaped the dynamics of state expansion and state contraction in the recent history of each state By studying Israel comparatively with other Middle Eastern regimes this book forms part of an emerging research agenda seeking to bring the research fields of Israel Studies and Middle East Studies closer together Instead of treating Israel s rule over the occupied territories as an isolated case Becke offers students the chance to understand Israel's settlement project within the broader framework of postcolonial state formation **The Land beyond the Mists** David Newbury, 2009-09-15 The horrific tragedies of Central Africa in the 1990s riveted the attention of the world But these crises did not occur in a historical vacuum By peering through the mists of the past the case studies presented in The Land Beyond the Mists illustrate the significant advances to have taken place since decolonization in our understanding of the pre colonial histories of Rwanda Burundi and eastern Congo Based on both oral and written sources these essays are important both for their methods viewing history from the perspective of local actors and for their conclusions which seriously challenge colonial myths about the area The Land Beyond Gudmundur Alfredsson, P. Macalister-Smith, 2021-10-18 This book collects Professor Atle

Grahl Madsen's essays on refugee law and policy in a single volume including commentary on the principles of refugee law and on important refugee crisis situations Arranged in chronological order the compilation of work contains all the author s scholarly English language articles dedicated to the needs and rights of refugees and asylum seekers.
