authors like Chaucer Milton and the Bront sisters reflected and critiqued the societal norms of their times It also investigates the role of literary awards translations and modern adaptations in cementing the global status of British literature S gu d m s work posits that literature acts as both a mirror and a tool for civilisation breathing life into historical frameworks and serving as its most eloquent expression while civilisation itself is a context rather than a medium for literary transmission This thought provoking book challenges readers to reconsider the dynamics of cultural exchange and the enduring power of the written word     *Language of Literature Lesson Plans British Literature* Mcdougal Littel,2005-07-22     The Language of Literature Andrea B.
