   Language of the Gods B. R. Taylor,2016-06-29 Language of the Gods sets out to challenge the way we see the world our adopted belief systems and coordinates within world history It exposes how the potential of a united humanity has been suppressed by various forms of control over thousands of years The book is a journey of discovery into our true connection to the universe and the relationship between the macrocosm and microcosm The reader will come away with a fresh empowering view of how planetary cycles and energies along with human consciousness are the drivers behind geopolitical events and the ever changing fortunes of time The book was the result of years of research into this subject It tries to show how the control system have used deceit fear debt and division to keep themselves firmly at the helm while offering the rest of us an array of sophisticated techniques not only to divide us consciously but also subconsciously perverted versions of spirituality disguised as monotheistic planet worshiping religions I also set out to discover a correlation between consciousness the energetic cycles of the planets and what the ancient Egyptians were trying to tell us From a deep

understanding of natural universal cycles I also wanted to know if it was possible to gain an insight into what cosmic forces will be prominent in our near future and how they will influence the geopolitical landscape **Beyond Babel: Religion and Linguistic Pluralism** Andrea Vestrucci,2023-10-31 This volume is the first attempt to investigate explicitly how the multiplicity of religions and forms of spirituality interconnect with the pluralism of languages including scientific codes formal languages and artistic expressions In a journey beyond Babel the volume explores how religious and linguistic pluralisms enter into polyphonic relations how they co evolve and grow together and why they clash This text provides the setting for a dialogue on a rich variety of religious languages and traditions including Hinduism Judaism Islam Jainism and Christianity The chapters explore how these traditions can venture into new interreligious paths how sacred meanings translate into vernacular speeches how religious identities and scientific notions interacts what role emotional expressions play in interfaith encounters and the impact of Artificial Intelligence on beliefs The book is authored by esteemed senior scholars established researchers and exceptional junior doctorate holders whose expertise spans across religious studies the history of science philosophy fine arts theology linguistics computer science and legal studies This volume contributes to interfaith studies and teaching to sociology and philosophy of religion and to the history and anthropology of religion and the sacred arts It is intended to reach students researchers instructors and professionals alike *God* , **The New Yearbook for Phenomenology and Phenomenological Philosophy** Burt C.
