

Leave your worries by the shore line,
And run your bare feet through the sand,
Let the water be a soft bed,
When you cannot bear to stand,
Make friends with flying seagulls,
And hold the sun up on your palm,
Before you duck beneath the water,
Where the world is mute and calm,
Tell the fish all of your problems,
As they all come swimming past,
When your lungs are close to bursting,
Swim above the waves and gasp,
Let the water hold your sadness,
And wash it right out to the sea,
So like a message in a bottle,
All your worries are set free,
And the sea might make you feel alone,
But the world has troubles too,
For how else do you suppose,
That the ocean got so blue?

The Last Beach Poems:

The Last Beach Mani Rao, 1999-01-01 **The Beach in Anglophone Literatures and Cultures** Ursula Kluwick, Virginia Richter, 2016-03-09 From early colonial encounters to the ecological disasters of the twenty first century the performativity of contact has been a crucial element in the political significance of the beach Conceptualising the beach as a creative trope and as a socio cultural site as well as an aesthetically productive topography this collection examines its multiplicity of meanings and functions as a natural environment engendering both desire and fear in the human imagination from the Victorian period to the present The contributors examine literature film and art in addition to moments of encounter and environmental crisis to highlight the beach as a social space inspiring particular codes of behaviour and specific discourses as a geographical frontier between land and water as an historical site of contact and conflict and as a vacationscape promising regeneration and withdrawal from everyday life The diversity of the beach is reflected in the geographical range with essays on locales and texts from Britain Ireland the Caribbean South Africa the United States Polynesia and New Zealand Focusing on the changed function of the beach as a result of processes of industrialisation and the rise of a modern leisure and health culture this interdisciplinary volume theorises the beach as a demarcater of the precarious boundary between land and the sea as well as between nature and culture I Must Go Down to the Beach Again and Other Poems Karen Jo Shapiro, 2007 A collection of classic poems with a humorous twist , **Collected Poems of John Updike, 1953-1993** John Updike, 2012-04-25 The idea of verse of poetry has always during forty years spent working primarily in prose stood at my elbow as a standing invitation to the highest kind of verbal exercise the most satisfying the most archaic the most elusive of critical control In hotel rooms and airplanes on beaches and Sundays at junctures of personal happiness or its opposite poetry has comforted me with its hope of permanence its packaging of flux Thus John Updike writes in introducing his *Collected Poems* The earliest poems here date from 1953 when Updike was twenty one and the last were written after he turned sixty Almost all of those published in his five previous collections are included with some revisions Arranged in chronological order the poems constitute as he says the thread backside of my life s fading tapestry An ample set of notes at the back of the book discusses some of the hidden threads and expatiates upon a number of fine points Nature tenderly intricate ruthlessly impervious is a constant and ambiguous presence in these poems along with the social observation one would expect in a novelist No occasion is too modest or too daily to excite metaphysical wonder or to provoke a lyrical ingenuity of language Yet even the wittiest of the poems are rooted to the ground of experience and fact Seven Odes to Seven Natural Processes attempt to explicate the physical world with a directness seldom attempted in poetry Several longer poems Leaving Church Early Midpoint use autobiography to proclaim the basic strangeness of existence
