The Christian Science Monitor true story of the heroic rescue of priceless horses in the closing days of World War II Hard to put down One need not be an equestrian or horse lover in order to appreciate this story New York Journal of Books WINNER OF THE PEN AWARD FOR RESEARCH NONFICTION In the chaotic last days of the war a small troop of American soldiers captures a German spy and makes an astonishing find his briefcase is empty but for photos of beautiful white horses that have been stolen and kept on a secret farm behind enemy lines Hitler has stockpiled the world's finest purebreds in order to breed an equine master race But with the starving Russian army closing in the animals are in danger of being slaughtered for food With hours to spare one of the U S Army's last great cavalymen Colonel Hank Reed makes a bold decision with General George Patton's blessing to mount a covert rescue operation Racing against time Reed's determined force of soldiers aided by several turncoat Germans steals across enemy lines to save the horses An exhilarating tale of adventure courage and sacrifice The Perfect Horse brings to life one of the most inspiring chapters in the annals of human valor *Conservation genetics of endangered horse breeds* I. Bodo, L. Alderson, B. Langlois, 2023-08-28 This book is particularly interesting for both horse breeders and molecular geneticists Equids horses and asses have a particular place in the human culture and history There are strong arguments for conservation of rare endangered horse breeds and populations however the maintenance of native breeds does not result in profitable business Some populations and namely rare horse breeds need to be re-evaluated yet others need to be saved from extinction very urgently Enlisting the aid of modern science gives us many tools for reaching decisions to realize the preservation of different rare populations and not to use solely pedigrees conformation and historical data The molecular genetic approach and the phenotypic estimation of the values of different breeds is more and more useful Hence it was the right time for Horse Commission of EAAP together with Rare Breeds International RBI to perform a session devoted to the topic of progress in molecular genetics of horses This book summarizes the papers on molecular genetic description of horse breeds and some aspects of evolution of horse species **Florian the Lipizzaner** Felix Salten, 1963 **A Most Wanted Man** John le Carre, 2014-07 A half-starved young Russian man claiming to be a devout Muslim an idealistic young German civil rights lawyer and a sixty-year-old scion of a failing British bank based in Hamburg form an unlikely alliance as the rival spies of Germany England and America scent a sure kill in the War on Terror and converge upon the innocents **My Horses, My Teachers** Alois Podhajsky, 2021-08-01 This classic memoir by the former director of the renowned Spanish Riding School explores the age-old relationship between horse and rider Timeless inspiring and full of valuable advice A book every rider should read **Sparkle** Rev. Along the Enchanted Way William Blacker, 2010-10-28 Chosen for the Duchess of Cornwall's online book club The Reading Room by HRH The Prince of Wales When William Blacker first crossed the snow bound passes of northern Romania he stumbled upon an almost medieval world There for many years he lived side by side with the country people a life ruled by the slow cycle of the seasons far away from the frantic rush of the modern world In spring as the pear trees blossomed he ploughed with horses in summer he scythed the hay meadows and in the freezing winters gathered wood by sleigh from the forest From sheepfolds harried by wolves to courting expeditions in the snow he experienced the traditional way of life to the full and became accepted into a community who treated him as one of their own But Blacker was also intrigued by the Gypsies those dark foot loose strangers of spell binding allure who he saw passing through the village Locals warned him to stay clear but he fell in love and there followed a bitter struggle Change is now coming to rural Romania and William Blacker's adventures will soon be part of its history From his early carefree days tramping the hills of Transylvania to the book's poignant ending **Along the Enchanted Way** transports us back to a magical country world most of us thought had vanished long ago **Lonely Planet Vienna** Lonely Planet, 2020-05-01 Lonely Planet The world's number one travel guide publisher Lonely Planet's Vienna is your passport to the most relevant up to date advice on what to see and skip and what hidden

Remember me Martin Federico Mastrovita Viladrich,M. F. Masvil,2018-11-19 Armony Heart is a successful violinist She s young beautiful but lonely Her soul suffers although she tries to hide it And it is precisely her soul that has been sought for years even before she was born by a dark group of people very powerful and who will stop at nothing until they find her However they are not the only ones who want to find her Armony will also have an ally a protector someone who will not hesitate to risk his own life in order to save hers Armony will soon learn that in our existence there are forces that are far beyond what our senses perceive She will find out that she was not as lonely in the world as she thought She will prove that death is not the end she believed Is life really leaving us alone or who died are closer than we think Will we ever be together again or will we never meet again Is death the end or is it just the beginning of a new life We all have a

destiny and nobody can flee from it It does not matter how many lives we try Remember me An exciting adventure that will cross countries and continents A story in which past lives will merge with the present and in which the border that separates life from death will disappear and that will make you rethink the same functioning of your own existence Get ready Because Remember me will be a story you will never forget
