

THE LAST OF THE QUEEN'S MEN

A Lesotho Experience

A photograph of a Lesotho landscape. In the foreground, there are terraced fields with various shades of green and brown, indicating different crops or stages of cultivation. A small cluster of white buildings, likely a village, is nestled in the middle ground. The background consists of steep, dark blue mountains under a pale sky. The overall scene is a typical representation of the high-altitude agricultural landscape of Lesotho.

The Last Of The Queens Men A Lesotho Experience:

The Last of the Queen's Men Peter Sanders, 2000 Peter Sanders one of the last administrative officers to be posted to Britain's African Empire went to Lesotho then Basutoland in 1961 and left when the country attained its independence in 1966 In 1968 he returned to carry out research for his biography of Moshoeshoe and his edited translation with Mosebi Damane of the praise poems of the Basotho chiefs In The Last of the Queen's Men he relives those years vividly recreating his experiences as a young and impressionable Englishman working first as an administrator and later as a scholar in the last years of British rule and the early days of Lesotho's independence He does so with the sharp eye of an observer and the authority of an historian placing his experience in the context of the extraordinary history of contacts and relations between black and white in southern Africa in general and in Lesotho in particular The Last of the Queen's Men is a little gem offering both a perspective on a vanishing order and a celebration of Lesotho of its mountainous grandeur and exhilarating climate of its people their history and their poetry

Mistress of everything Sarah Carter, Maria Nugent, 2016-07-01 *Mistress of everything* examines how indigenous people across Britain's settler colonies engaged with Queen Victoria in their lives and predicaments incorporated her into their political repertoires and implicated her as they sought redress for the effects of imperial expansion during her long reign It draws together empirically rich studies from Canada Australia New Zealand and Southern Africa to provide scope for comparative and transnational analysis The book includes chapters on a Maori visit to Queen Victoria in 1863 meetings between African leaders and the Queen's son Prince Alfred in 1860 gift giving in the Queen's name on colonial frontiers in Canada and Australia and Maori women's references to Queen Victoria in support of their own chiefly status and rights The collection offers an innovative approach to interpreting and including indigenous perspectives within broader histories of British imperialism and settler colonialism

Historical Dictionary of Lesotho Scott Rosenberg, Richard F. Weisfelder, 2013-06-13 Lesotho is rather different from most other African countries For starters it is a kingdom which preserves a traditional hierarchy and customs and its population consists of one fairly homogenous ethnic group although admittedly there are differences and occasional rifts within it Then it is a landlocked country completely surrounded by South Africa on which it depends heavily Economically it has not been doing particularly well this partly because the country is so poorly endowed by nature and its people often eke out a living abroad Politically there have been ups and downs the downs fortunately lying in the past with Lesotho doing somewhat better since the latest elections Socially and culturally as hinted it is quite unique and this can be gathered from reading the book This second edition of *Historical Dictionary of Lesotho* covers the full scope of Lesotho's ancient colonial and independence eras It gives greater emphasis to the more recent period and brings the book fully up to date This is done through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 400 cross referenced entries on civil society key events leaders governmental international religious and other private organizations policies political movements and parties

economic elements and many other areas that have shaped the country's trajectory This book is an excellent access point for students researchers and anyone wanting to know more about Lesotho

Historical Dictionary of Lesotho John Aerni-Flessner, Charles Fogelman, Nthabiseng Mokoena-Mokhali, 2023-11-30 Lesotho's history has long been defined by its enclave status within South Africa but it is a hard fought and hard won status that helps unite Basotho through the shared history of struggle against colonial rule in the region Since the end of apartheid in 1994 Lesotho's status as a separate entity has been called into question though the fierce national pride built through centuries of resistance to outside rule has mitigated against any serious discussions of incorporating Lesotho into South Africa Still the political instability and lack of a flourishing domestic economy have made life difficult for the majority of Basotho and could call into question the viability and legitimacy of the state in the eyes of its citizens if it cannot enact significant reforms in the coming decades Historical Dictionary of Lesotho Third Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Lesotho
