Snow Image And Uncollected Tales:

The Snow-image and Uncollected Tales Nathaniel Hawthorne,1974 The Snow-image and Uncollected Tales Nathaniel Hawthorne,1974 **The Snow-image**,1974 **London and the Making of Provincial Literature** Joseph Rezek,2015-07-10 In the early nineteenth century London publishers dominated the transatlantic book trade No one felt this more keenly than authors from Ireland Scotland and the United States who struggled to establish their own national literary traditions while publishing in the English metropolis Authors such as Maria Edgeworth Sydney Owenson Walter Scott Washington Irving and James Fenimore Cooper devised a range of strategies to transcend the national rivalries of the literary field By writing prefaces and footnotes addressed to a foreign audience revising texts specifically for London markets and celebrating national particularity provincial authors appealed to English readers with idealistic stories of cross cultural communion From within the messy and uneven marketplace for books Joseph Rezek argues provincial authors sought to exalt and purify literary exchange In so doing they helped shape the Romantic era belief that literature inhabits an autonomous sphere in society London and the Making of Provincial Literature tells an ambitious story about the mutual entanglement of the history of books and the history of aesthetics in the first three decades of the nineteenth century Situated between local literary scenes and a distant cultural capital enterprising provincial authors and publishers worked to maximize success in London and to burnish their reputations and build their industry at home Examining the production of books and the circulation of material texts between London and the provincial centers of Dublin Edinburgh and Philadelphia Rezek claims that the publishing vortex of London inspired a dynamic array of economic and aesthetic practices that shaped an era in literary history **A Companion to the American Novel** Alfred Bendixen,2014-11-17 Featuring 37 essays by distinguished literary scholars A Companion to the American Novel provides a comprehensive single volume treatment of the development of the novel in the United States from the late 18th century to the present day Represents the most comprehensive single volume introduction to this popular literary form currently available Features 37 contributions from a wide range of distinguished literary scholars Includes essays on topics and genres historical overviews and key individual works including The Scarlet Letter Moby Dick The Great Gatsby Beloved and many more Thoughts Painfully Intense James Mancall,2013-12-16 First Published in 2002 This work reads Hawthorne s fiction in the context of nineteenth century medical and pseudomedical discourse that linked men of letters to debilitated invalids a stereotype against which Hawthorne struggled throughout his career **Peak Experiences** Ian Marshall,2003 In Peak Experiences Marshall sets out on a far more personal and far reaching journey to discover how our modern estrangement from the natural world has affected our mental well being **American Romanticism** David Morse,1987-06-18 **New England's Crises and Cultural Memory** John McWilliams,2004-07-22 In this magisterial study John McWilliams traces the development of New England s influential cultural identity Through written responses to

historical crises from early New England through the pre Civil War period McWilliams argues that the meaning of New England despite claims for its consistency was continuously reformulated The significance of past crises was forever being reinterpreted for the purpose of meeting succeeding crises The crises he examines include starvation the Indian wars the Salem witch trials the revolution of 1775 76 and slavery Integrating history literature politics and religion this is one of the most comprehensive studies of the meaning of New England to appear in print McWilliams considers a range of writing including George Bancroft s History of the United States the political essays of Samuel Adams the fiction of Nathaniel Hawthorne and the poetry of Robert Lowell This compelling book is essential reading for historians and literary critics of New England The Encyclopedia of Fantasy John Clute, John Grant, 1999-03-15 Like its companion volume The Encyclopedia of Science Fiction this massive reference of 4 000 entries covers all aspects of fantasy from literature to art

texts by James Fenimore Cooper Nathaniel Hawthorne Herman Melville Mark Twain Allen Tate Edith Wharton Willa Cather and William Faulkner as well as to the Briton whose name was synonymous with the genre for most of the nineteenth century Sir Walter Scott The American Historical Romance is the richest most fully meditated and most rewarding yet written by this author It is the most important book on the relations of British and American fiction to come out for many years No devotee of the American novel will ignore it The Times Literary Supplement
