Coetzee and the Novel* Patrick Hayes,2010-08-12 Anti illusionism is I suspect only a marking of time a phase of recuperation in the history of the novel The question is what next J M Coetzee Patrick Hayes argues that the significance of Coetzees fiction lies in the acuity with which

it both explores and develops the tradition of the novel ranging from Cervantes Defoe and Richardson to Dostoevsky Kafka and Beckett as part of a sustained attempt to rethink the relationship between writing and politics For Coetzee questions about the future of the novel are closely related to what it means to write after Beckett and J M Coetzee and the Novel examines the ways in which his fiction discerningly assimilates the techniques of literary modernism to engage with some of the most troubling aspects of late twentieth century cultural and political life While Coetzee is rightly known as an intensely serious writer Hayes shows that the true seriousness of his writing is intimately bound up with comedy or to use the word Coetzee borrows from Joyce the jocoserious Opening up a range of new approaches to this major contemporary author J M Coetzee and the Novel argues that it is only by paying especially close attention to the experience of reading Coetzee's finely nuanced prose that his distinctive impact on longstanding questions about identity community and the nature of political modernity can be appreciated
