Psychoanalysis, Science and Power Kurt

Jacobsen, R. D. Hinshelwood, 2022-11-30 *Psychoanalysis Science and Power* reexamines the current state of psychoanalysis and science and technology studies as they have been influenced by Robert Maxwell Young's work. Robert Maxwell Young, a Texas migrant to Britain, was a scholar, publisher, TV documentarian, psychoanalytic psychotherapist, journal editor, conference organizer, and political activist. Young urged that psychoanalysis, particularly in its Kleinian incarnation, illuminated new aspects of science and technology studies and vice versa. This volume not only provides an overview of Young's life and interests by a stellar cast of scholars and practitioners but also commemorates the many and intersecting streams of his contributions, reasoning for their continuing relevance in the contemporary studies of psychoanalysis, biological sciences, technology, and Darwinian thought. Presenting perspectives that are rigorously analytical and yet often poignant, *Psychoanalysis Science and Power* will be an important read for students, analysts, and analytic therapists of all orientations who are interested in broadening their understanding of their practice.

Rule Britannia Danny Dorling, 2019-01-15 Things fall apart when empires crumble. This time we think things will be different. They are not. This time we are told we will become great again. We will not. In this new edition of the hugely successful *Rule Britannia*, Danny Dorling and Sally Tomlinson argue that the vote to leave the EU was the last gasp of the old empire working its way out of the British psyche. Fuelled by a misplaced nostalgia, the result was driven by a lack of knowledge of Britain's imperial history, by a profound anxiety about Britain's status today, and by a deeply unrealistic vision of our future.

Oral History, 1994 **John Catt's Which School? 2012** Tom Wheare, Wendy Bosberry-Scott, 2011-09 First published in 1924, *Which School* brings together in one volume a wide range of information and advice, updated annually, on independent education for children up to the age of 18 years.
