Soccer Training 1 Hans Studener, 1990      *Training Sessions for Soccer Coaches Book 1* Chris King, 2020-01-20 This book is for soccer coaches who want to improve their training sessions. The drills in this book are explained step by step and include diagrams. They will have you running a quality training session in no time. The drills are aimed at senior players but they can be adjusted for juniors aged approximately 13 years and up. These training sessions have been chosen because they work in real life, not just in a book. I have played and coached for over 30 years and I ran these sessions last season 2019. These drills will bring improvement and better results to you and your team. These drills are 100% on the ball so they improve endurance, technique and tactics all at the same time, plus you'll see your players enjoying the sessions more. If you're a new coach or you're simply a coach that hasn't had the time to work on your sessions, this book will improve you immensely. Game day results start on the training track, and if the coach doesn't have a good training session planned, the players won't improve and will lose motivation. Most drills can be adjusted to suit the number of players you have at your session. I understand that on any night, player numbers vary, so most of these drills are adjustable for more or less players. I've completed coaching courses and coached senior men's teams, ladies, youth and junior teams. The advice and drills in this book will get you up and running straight away. Don't jump on YouTube an hour before training looking for a fancy drill; simply choose a session from this book, follow the step by step guides, and you will see your sessions and coaching ability improve straight away, plus you'll enjoy coaching more. *Training Sessions for Soccer Coaches Book 1* lays out full training sessions that will improve different parts of your team's game. It walks you through what to do when, from the warm up to the warm down, and all the drills in between. The drills focus on one main aspect per session, and you are given three different drills per session that build on each other. In this my first soccer coaching book, you will learn how to run drills for these four key components of the game: Playing Out From The Back, Pressing, Midfield Play, Supporting The Attack. You'll also find general advice on things that help your session run smoother, which will give you confidence as a coach.

**The Ultimate Guide to 1 v 1's** Elite Training, 2014-12-17 Practices to help develop soccer skills      **Training Sessions For Soccer Coaches - Volume 1** Chris King, 2023-04-25 REVIEW Perfect for all levels of coaches. Highly recommended. Bernard USA Verified Purchase. ABOUT THE BOOK If you're a grassroots soccer coach, parent or volunteer coach that needs help planning and running your training sessions, then this book is for you. *Training Sessions for Soccer Coaches Volume 1* lays out full 90 minute training sessions that will improve different parts of your team's game. This book walks you through what to do from the warm up to the warm down, and all the drills in between. The drills in this book focus on a certain aspect of the game, ie Playing Out From The Back, Transitioning to Attack, 1v1, Defending etc, and are explained step by step and include diagrams. They will have you running a quality training session in no time. These drills have been chosen because they work on the field, not just in a book. I am currently running these sessions this season with my team. Also in this book, you'll also find general
