Social And Cultural Dynamics:

Social and Cultural Dynamics Pitirim Aleksandrovič Sorokin, *Social and Cultural Dynamics* Pitirim Aleksandrovich Sorokin, 1957 This classic work is a revised and abridged version in a single volume of the work which more than any other catapulted Pitirim Sorokin into being one of the most famed figures of twentieth century sociology Its original publication occurred before World War II This revised version written some twenty years later reflects a postwar environment Earlier than most Sorokin took the consequences of the breakdown of colonialism into account in discussing the renaissance of the great cultures of African and Asian civilization Other than perhaps F S C Northrop no individual better incorporated the new role of the Indian Chinese Japanese and Arabic peoples in this postwar world Sorokin came to view social and cultural dynamics in terms of three major processes a major shift of mankind s creative center from Europe to the Pacific a progressive disintegration of the sensate culture and finally the first blush of the emergence and growth of a new idealistic sociocultural order This volume is perhaps most famous for revealing Sorokin s remarkable efforts to understand the relationship of war and peace to the process of social and political change Contrary to received wisdom he shows that the magnitude and depth of war grows in periods of social cultural and territorial expansion by the nation In short war is just as often a function of development as it is of social decay This long unavailable volume remains one of the major touchstones by which we can judge efforts to create an international social science There are few areas of social or cultural life that are not covered from painting art and music to the ethos of universalism and particularism These are terms which Sorokin introduced into the literature long before the rise of functional doctrines For all those interested in cultural and historical processes this volume provides the essence of Sorokin s remarkably prescient effort to achieve sociological transcendence by taking seriously the place of spiritual beliefs in the structure of societies *Social and Cultural Dynamics* Pitirim Aleksandrovič Sorokin, 1937 *Social and Cultural Dynamics* Pitirim Aleksandrovich Sorokin, 1941 *Social and Cultural Dynamics* Emiliana Mangone, 2017-11-03 Marking the 50th anniversary of Pitirim A Sorokin s death this Brief offers a critical analysis of the renowned sociologist s theories while highlighting some of his more overlooked ones Topics explored include cultural dynamics the relationship between culture society and personality social mobility and the socio cultural causality of time and space In addition this book updates these theories by discussing their relevance in current cultural contexts The Brief aims to extend the work started by Sorokin on the promotion and application of integralism an approach that conceives the change of any sociocultural phenomena as the result of the combination of external and internal forces It uses this method to analyse socio cultural phenomena propose new policy and enhance the development of humanity from the point of view of culture This book also discusses sociology s relationship with other sciences In particular it touches upon the interplay between sociology and psychology and pushes for a new scientific awareness that is transdisciplinary The end point is a new vision of humanity and its development from a cultural context
