Reconstructing Chinatown Jan Lin, An exploration of this fascinating community as a window on globalization In the American popular imagination Chinatown is a mysterious and dangerous place clannish and dilapidated filled with sweatshops vice and organized crime In this well written and engaging volume Jan Lin presents a real world picture of New York City s Chinatown countering this orientalist view by looking at the human dimensions and the larger forces of globalization that make this vital neighborhood both unique and broadly instructive Using interviews with residents firsthand observation archival research and U S census data Lin delivers an informed reliable picture of Chinatown today Lin claims that to understand contemporary ethnic neighborhoods like this one we must dispense with notions of monolithic community When he looks at Chinatown Lin sees a neighborhood that is being rebuilt both literally and economically Rather than a clannish and unified peer group he sees substantial class inequality and internal social conflict There is also social change most visibly manifested in dramatic episodes of collective action by sweatshop workers and community activists and in the growing influence of Chinatown s denizens in electoral politics Popular portrayals of Chinatown also reflect a new global reality as American cities change with the international economy traditional assumptions about immigrant incorporation into U S society alter as well Lin describes the public disquiet and official response regarding immigration sweatshops and the influx of Asian capital He outlines the ways that local state and federal governments have directed and gained from globalization in Chinatown through

banking deregulation and urban redevelopment policy Finally Lin puts forth Chinatown as a central enclave in the world city of New York arguing that globalization brings similar structural processes of urban change to diverse locations In the end Lin moves beyond the myth of Chinatown clarifying the meaning of globalization and its myriad effects within the local context

Copyright Office,1979 **Chinatown** Min Zhou,2010 Ethnic enclaves as an alternative means of incorporation into the larger society **Chinatown Gangs** Ko-lin Chin,2000-02-10 In Chinatown Gangs Ko lin Chin penetrates a closed society and presents a rare portrait of the underworld of New York City s Chinatown Based on first hand accounts from gang members gang victims community leaders and law enforcement authorities this pioneering study reveals the pervasiveness the muscle the longevity and the institutionalization of Chinatown gangs Chin reveals the fear gangs instill in the Chinese community At the same time he shows how the economic viability of the community is sapped and how gangs encourage lawlessness making a mockery of law enforcement agencies Ko lin Chin makes clear that gang crime is inexorably linked to Chinatown s political economy and social history He shows how gangs are formed to become equalizers within a social environment where individual and group conflicts whether social political or economic are unlikely to be solved in American courts Moreover Chin argues that Chinatown s informal economy provides yet another opportunity for street gangs to become providers or protectors of illegal services These gangs therefore are the pathological manifestation of a closed community one whose problems are not easily seen and less easily understood by outsiders Chin s concrete data on gang characteristics activities methods of operation and violence make him uniquely qualified to propose ways to restrain gang violence and Chinatown Gangs closes with his specific policy suggestions It is the definitive study of gangs in an American Chinatown **Voluntary Associations** Donato J. Pugliese,1986 The Chinatown Trunk Mystery Mary Ting Yi Lui,2020-07-21 In the summer of 1909 the gruesome murder of nineteen year old Elsie Sigel sent shock waves through New York City and the nation at large The young woman s strangled corpse was discovered inside a trunk in the midtown Manhattan apartment of her reputed former Sunday school student and lover a Chinese man named Leon Ling Through the lens of this unsolved murder Mary Ting Yi Lui offers a fascinating snapshot of social and sexual relations between Chinese and non Chinese populations in turn of the century New York City Sigel s murder was more than a notorious crime Lui contends It was a clear signal that attempts to maintain geographical and social boundaries between the city s Chinese male and white female populations had failed When police discovered Sigel and Leon Ling s love letters giving rise to the theory that Leon Ling killed his lover in a fit of jealous rage this idea became even more embedded in the public consciousness New Yorkers condemned the work of Chinese missions and eagerly participated in the massive national and international manhunt to locate the vanished Leon Ling Lui explores how the narratives of racial and sexual danger that arose from the Sigel murder revealed widespread concerns about interracial social and sexual mixing during the era She also examines how they provoked far reaching skepticism about regulatory efforts to limit the social and

physical mobility of Chinese immigrants and white working class and middle class women Through her thorough re examination of this notorious murder Lui reveals in unprecedented detail how contemporary politics of race gender and sexuality shaped public responses to the presence of Chinese immigrants during the Chinese exclusion era **Holding Up More Than Half the Sky** Xiaolan Bao,2024-04-22 In 1982 20 000 Chinese American garment workers most of them women went on strike in New York City Every Chinese garment industry employer in the city soon signed a union contract The successful action reflected the ways women s changing positions within their families and within the workplace galvanized them to stand up for themselves Xiaolan Bao s now classic study penetrates to the heart of Chinese American society to explain how this militancy and organized protest seemingly so at odds with traditional Chinese female behavior came about Drawing on more than one hundred interviews Bao blends the poignant personal stories of Chinese immigrant workers with the interwoven history of the garment industry and the city s Chinese community Bao shows how the high rate of married women employed outside the home profoundly transformed family culture and with it the image and empowerment of Chinese American women At the same time she offers a complex and subtle discussion of the interplay of ethnic and class factors within New York s garment industry Passionately told and prodigiously documented *Holding Up More Than Half the Sky* examines the journey of a community s women through an era of change in the home on the shop floor and walking the picket line *The Chinese in Vancouver, 1945-80* Wing Chung Ng,2011-11-01 In *The Chinese in Vancouver* Wing Chung Ng captures the fascinating story of the city s Chinese in their search for identity He juxtaposes the cultural positions of different generations of Chinese immigrants and their Canadian born descendants and unveils the ongoing struggle over the definition of being Chinese It is an engrossing story about cultural identity in the context of migration and settlement where the influence of the native land and the appeal of the host city continued to impinge on the consciousness of the ethnic Chinese *The Chinese in Canada* is long overdue in view of the many previous studies that tend to describe Chinese people as victims of racial prejudice and discrimination and Chinese identity a matter of Western cultural hegemony Ng s account gives the Chinese people their own voice and shows that the Chinese in Vancouver had much to say and often disagreed about the meaning of being Chinese In his concluding chapter Ng looks beyond the Canadian context by engaging in a comparative discussion of the experiences of ethnic Chinese elsewhere in the diaspora References to the Chinese in various Southeast Asian countries and the U S force a rethinking of Chineseness He ends with reflections about Vancouver s Chinese community since 1980 *Chinese America: History and Perspectives 1992* , *Shaping and Reshaping Chinese American Identity* Jingyi Song,2010-04-12 *Shaping and Reshaping Chinese American Identity* New York s Chinese in the Years of the Depression and World War II explores the role played by Chinese Americans in New York in the 1930 s who laid the foundation for future generations to fight for civil rights as American citizens The stories of Chinese Americans during the Depression years and World War II are under represented in the existing literature that has been confined to the early days

of the settlement of Chinese Americans on the west coast of the United States They were usually depicted as passive victims of exclusion as a result of Chinese Exclusion Laws This book focuses on the active participation of the Chinese American in New York City in mainstream political economic and social life that helped them to forge new identity as Chinese Americans Their active participation in federal and local elections as a means of claiming their rights as American citizens demonstrated their growing political consciousness Chinese New Yorkers support of both China and United States during the war reflected their dual identity as both Chinese and Americans Their contributions to the war front and to the home front after Pearl Harbor eventually forced the reconsideration of the Chinese Exclusion Laws The book concludes by relating the active participation of the Chinese in New York during the war years to the national movement for racial equality that resulted in new federal civil rights legislation
