immediate aftermath Containing a document section providing a wide range of sources from first hand accounts a Chronology and Glossary Women and the First World War is an ideal text for students studying the First World War or the role of women in the twentieth century **Britain and Empire, 1880-1945** Dane Kennedy,2014-07-22 Britain and Empire 1880 1945 traces the relationship between Britain and its empire during a period when the two spheres intersected with one another to an unprecedented degree The story starts with the imperial expansion of the late nineteenth century and ends with the Second World War at the end of which Britain was on the brink of decolonisation The author shows how empire came to figure into almost every important development that marked Britain s response to the upheavals of the late nineteenth century and first half of the twentieth century He examines its influence on foreign policy party politics social reforms cultural practices and national identity At the same time he shows how domestic developments affected imperial policies Written in an engaging and accessible manner this book integrates British and imperial history in a single narrative provides a useful synthesis of recent historical research in the area analyses topics ranging from ideology and culture to politics and foreign affairs contains a chronology glossary who s who and guide to further reading Britain and Empire 1880 1945 provides an up to date accessible survey ideal for students coming to the subject for the first time [The Collapse of the Soviet Union, 1985-1991](#) David R. Marples,2016-09-17 Why did the Soviet Union collapse in 1991 The collapse of the Soviet Union has widely been seen as the result of the arms race and Cold War and the failure of the Soviet side to keep pace with new technology This book argues that the disintegration was mainly a result of two interrelated factors the rise of the Soviet national republics and the manipulation of the new Russian presidency by Boris Yeltsin in what became a direct power struggle between Yeltsin and the Soviet leader Gorbachev Written in a clear and accessible manner the book provides an explanation of how the national question came to dominate Soviet politics by 1990 1 analysis of the economic crisis that occurred in the late 1980s a chapter devoted to the year 1991 from the referendum to reform the Soviet Union to the unforeseen dissolution of the country by December a discussion of the personalities of and political confrontation between the two key statesman Gorbachev and Yeltsin Also containing a Chronology Glossary and Who s Who of key figures The Collapse of the Soviet Union is essential reading for students of twentieth century European history **India under Colonial Rule: 1700-1885** Douglas M. Peers,2013-11-05 Between 1700 and 1885 the British became the paramount power on the Indian subcontinent their authority extending from Sri Lankain the south to the Himalayasin the north It was a massive empire inspiring both pride and anxiety amongst the British and forcing change upon and disrupting the lives of its Indian subjects Yet it is not simply a history of conquest and subjugation or dominance and defeat interaction and interdependency powerfully shaped the histories of all involved The end result was a hybrid empire India may have become by 1885 the jewel in the British crown but by that same year a series of changes had occurred within Indian society that would set the foundations for the modern states of India Pakistan and Bangladesh This book provides a concise introduction

to these dramatic changes **The Soviet Union under Brezhnev** William J. Tompson, 2014-07-30 The Soviet Union Under Brezhnev provides an accessible post Soviet perspective on the history of the USSR from the mid 1960 s to the mid 1980 s It challenges both the evil empire image of the USSR that was widespread in the early 1980 s and the stagnation label attached to the period by Soviet reformers under Gorbachev The book makes use of a range of memoirs interviews archival documents and other sources not available before 1990 to place Brezhnev and his epoch in a broader historical context The author examines high politics foreign policy and policy making explores broader social cultural and demographic trends presents a picture of Soviet society in the crucial decades prior to the upheavals and crises of the late 1980 s While stopping well short of a full scale rehabilitation of Brezhnev Tompson rejects the prevailing image of the Soviet leader as a colourless non entity drawing attention to Brezhnev s real political skills as well as his faults and to the systemic roots of many of the problems he faced **Cultures of Selling** John Benson, Laura Ugolini, 2006 This volume explores the cultural and social values attached to retail selling in various historical contexts and locations The articles shed light on different aspects of an activity that is both mundane and almost universal that of selling commodities for a profit This is a field of study that is of growing interest to scholars from a variety of disciplines but on which relatively little has yet been published **Britain and the French Revolution** Clive Emsley, 2014-10-13 The French Revolution catapulted Europe into a new period of political upheaval social change and into the modern era This book provides a concise introduction to the impact of the French Revolution on Britain and to the ways in which this impact has been assessed by historians The book is organised thematically It begins with a survey of the ideological debate sparked off by the Revolution discussing in particular the work of people such as Burke Paine Spence and Wollstonecraft From here it presents an exploration of the Revolution s impact on Parliamentary politics The growth of radicalism and loyalism The way in which French ideas influenced Irish aspirations to generate rebellion The third main section of the book focuses on the causes and course of Britain s war with Revolutionary France and on the effects of the war on the home front most notably the recurrent serious food shortages Elizabethan Parliaments 1559-1601 Michael A.R. Graves, Roger Lockyer, 2014-01-14 Michael Graves provides a clear summary of conflicting interpretations of Elizabethan parliaments and presents a new perspective striking a balance between business and politics *Japan faces the World, 1925-1952* Mary L. Hanneman, 2013-11-14 By 1925 the process of Japan s transition to a modern industrialised westernised state was pretty much complete Not only had the imperial tradition been restored with the Meiji Restoration in 1868 but some forms of democratic parliamentary institutions had been set up However during the years that followed the so called imperial democracy came under pressure as the Japanese sought to impose tight control over not only their own people but their neighbours as well This impressive survey looks at developments at home Japan s aggressive foreign policy particularly in China during the 1930s and 1940s and her role in the Second World War Finally the post war reconstruction orchestrated by the Americans is examined The cut off point is 1952 the date when Allied Occupation formally came to an

end and Japan once again became independent

Eastern Europe Since 1970 Bulent Gokay, 2015-12-22 From the hardening grip of Soviet domination under Brezhnev to the collapse of communism and its aftermath Bulent Gokay provides the essential introduction to Eastern Europe in the last quarter of the twentieth century The Soviet invasion of Czechoslovakia in 1968 spelt the end of reformist communism and the tightening of Soviet control throughout Eastern Europe In spite of this several countries within the Soviet Bloc managed to retain varying degrees of independence over the next two decades Focusing on the struggle towards economic and social modernisation in the region and the competing influences of East and West in a dangerous Cold War Bulent Gokay shows how individual circumstances and diverse national characteristics made a uniform application of the Soviet model impossible and charts the growing resistance to domination and the momentous events which finally toppled Soviet power in the region
